This Semi-Annual Report is authorized for use by existing shareholders. Prospective shareholders must receive a current Davis Financial Portfolio prospectus, which contains more information about investment strategies, risks, charges, and expenses. Please read the prospectus carefully before investing or sending money.

Shares of Davis Financial Portfolio are not deposits or obligations of any bank, are not guaranteed by any bank, are not insured by the FDIC or any other agency, and involve investment risks, including possible loss of the principal amount invested.

#### **Portfolio Proxy Voting Policies and Procedures**

The Fund has adopted Portfolio Proxy Voting Policies and Procedures under which the Fund votes proxies relating to securities held by the Fund. A description of the Fund’s Portfolio Proxy Voting Policies and Procedures is available (i) without charge, upon request, by calling the Fund toll-free at 1-800-279-0279, (ii) on the Fund’s website at [www.davisfunds.com](http://www.davisfunds.com), and (iii) on the SEC’s website at [www.sec.gov](http://www.sec.gov).

In addition, the Fund is required to file Form N-PX, with its complete proxy voting record for the 12 months ended June 30<sup>th</sup>, no later than August 31<sup>st</sup> of each year. The Fund’s Form N-PX filing is available (i) without charge, upon request, by calling the Fund toll-free at 1-800-279-0279, (ii) on the Fund’s website at [www.davisfunds.com](http://www.davisfunds.com), and (iii) on the SEC’s website at [www.sec.gov](http://www.sec.gov).

#### **Form N-Q**

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund’s Form N-Q is available without charge, upon request, by calling 1-800-279-0279, on the Fund’s website at [www.davisfunds.com](http://www.davisfunds.com), and on the SEC’s website at [www.sec.gov](http://www.sec.gov). The Fund’s Form N-Q may be reviewed and copied at the SEC’s Public Reference Room in Washington, D.C., and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

## Performance Overview

Davis Financial Portfolio underperformed the Standard & Poor's 500<sup>®</sup> Index ("S&P 500<sup>®</sup>") for the six-month period ended June 30, 2016 (the "period"). The Fund delivered a total return of negative 3.83%, versus a 3.84% return for the S&P 500<sup>®</sup>. The Fund's Financials sector slightly underperformed the S&P 500<sup>®</sup> Financials sector<sup>1</sup> (down 3.46%, versus down 3.13%). The Financials sector was the weakest performing sector of the S&P 500<sup>®</sup> during the period.

## Detractors from Performance

Diversified Financial companies represented the largest industry group in the Fund and were the most significant detractor from performance<sup>2</sup>. The Fund's Diversified Financial holdings were down about 6%, compared to down 4% for the S&P 500<sup>®</sup> Diversified Financials industry group. *Charles Schwab*<sup>3</sup> (down 23%), *American Express* (down 11%), *Goldman Sachs* (down 17%), *Julius Baer Group* (down 16%), *Capital One Financial* (down 11%), and *Bank of New York Mellon* (down 5%) were all leading detractors.

Banking companies also hindered performance. The Fund's Bank holdings were down about 10%, compared to down 11% for the S&P 500<sup>®</sup> Banking industry group. *Wells Fargo* (down 12%) and *Citizens Financial Group* (down 23%) were the Fund's overall top detractors, respectively. *Wells Fargo* began the period as the Fund's largest holding and slipped to the second-largest position at the end of the period.

Additional detractors included *American International Group* (down 14%) from the Insurance industry group and *Alphabet* (down 9%) from the Software & Services industry group.

The Fund had approximately 10% of its net assets invested in foreign securities. As a whole, the Fund's foreign holdings outperformed its domestic holdings (down 1%, versus down 4%).

## Contributors to Performance

Insurance companies made the most significant contribution to performance and produced the Fund's overall top contributors, *Marsh & McLennan* (up 25%) and *Chubb Ltd.* (up 13%), respectively. During the period, *ACE Ltd.*, which was previously a Fund holding, completed its acquisition of *Chubb Corp.* This new entity, *Chubb Ltd.*, began trading under the new name in January 2016. The Fund's Insurance holdings were up about 8%, compared to up 2% for the S&P 500<sup>®</sup> Insurance industry group. The Fund's largest holding, *Markel* (up 8%), was another strong performer, along with *Loews* (up 7%) and *Everest Re Group* (up 1%).

Additional contributors included *Berkshire Hathaway* (up 10%), *Cielo* (up 51%), *S&P Global* (up 10%), and *Brookfield Asset Management* (up 8%), all from the Diversified Financials industry group; and *DBS Group Holdings* (up 2%) from the Banking industry group.

---

Davis Financial Portfolio's investment objective is long-term growth of capital. There can be no assurance that the Fund will achieve its objective. Davis Financial Portfolio's principal risks are: stock market risk, manager risk, common stock risk, large-capitalization companies risk, mid- and small-capitalization companies risk, headline risk, financial services risk, foreign country risk, emerging market risk, foreign currency risk, depository receipts risk, focused portfolio risk, interest rate sensitivity risk, credit risk, and fees and expenses risk. See the prospectus for a full description of each risk.

Davis Financial Portfolio concentrates its investments in the financial sector, and it may be subject to greater risks than a fund that does not concentrate its investments in a particular sector. The Fund's investment performance, both good and bad, is expected to reflect the economic performance of the financial sector more than a fund that does not concentrate its portfolio.

Past performance does not guarantee future results, Fund prices fluctuate, and the value of an investment may be worth more or less than the purchase price. Data provided in this performance overview is for the six-month period ended June 30, 2016, unless otherwise noted. Return figures for underlying Fund positions reflect the return of the security from the beginning of the period or the date of first purchase if subsequent thereto through the end of the period or the date the position is completely liquidated. The actual contribution to the Fund will vary based on a number of factors (e.g. trading activity, weighting). Portfolio holding information is as of the end of the six-month period, June 30, 2016, unless otherwise noted.

<sup>1</sup> The companies included in the Standard & Poor's 500<sup>®</sup> Index are divided into ten sectors. One or more industry groups make up a sector.

<sup>2</sup> A company's or sector's contribution to or detractor from the Fund's performance is a product both of its appreciation or depreciation and its weighting within the Fund. For example, a 5% holding that rises 20% has twice as much impact as a 1% holding that rises 50%.

<sup>3</sup> This Management Discussion of Fund Performance discusses a number of individual companies. The information provided in this report does not provide information reasonably sufficient upon which to base an investment decision and should not be considered a recommendation to purchase, sell, or hold any particular security. The Schedule of Investments lists the Fund's holdings of each company discussed.

**COMPARISON OF A \$10,000 INVESTMENT IN DAVIS FINANCIAL PORTFOLIO VERSUS THE STANDARD & POOR'S 500® INDEX  
OVER 10 YEARS FOR AN INVESTMENT MADE ON JUNE 30, 2006**

**AVERAGE ANNUAL TOTAL RETURN FOR PERIODS ENDED JUNE 30, 2016**

FUND & BENCHMARK INDEX	1-YEAR	5-YEAR	10-YEAR	SINCE FUND'S INCEPTION (07/01/99)	GROSS EXPENSE RATIO	NET EXPENSE RATIO
Davis Financial Portfolio	(4.83)%	9.37%	3.85%	4.55%	0.70%	0.62%
Standard & Poor's 500® Index	3.99%	12.10%	7.42%	4.47%		

The Standard & Poor's 500® Index is an unmanaged index of 500 selected common stocks, most of which are listed on the New York Stock Exchange. The Index is adjusted for dividends, weighted towards stocks with large market capitalizations, and represents approximately two-thirds of the total market value of all domestic common stocks. Investments cannot be made directly in the Index.

The performance data for Davis Financial Portfolio contained in this report represents past performance, assumes that all distributions were reinvested, and should not be considered as an indication of future performance from an investment in the Fund today. The investment return and principal value will fluctuate so that shares may be worth more or less than their original cost when redeemed. Fund performance changes over time and current performance may be higher or lower than stated. The operating expense ratio may vary in future years. For more current information please call Davis Funds Investor Services at 1-800-279-0279.

Fund performance numbers are net of all Fund operating expenses, but do not include any insurance charges imposed by your insurance company's separate account. If performance included the effect of these additional charges, the return would be lower.

American Express Co.	Consumer Finance	5.11%
JPMorgan Chase & Co.	Banks	5.08%
U.S. Bancorp	Banks	4.61%
Goldman Sachs Group, Inc.	Capital Markets	4.00%

As a shareholder of the Fund, you incur ongoing costs only, including advisory and administrative fees and other Fund expenses. The Expense Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Expense Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period indicated, which for the Fund is for the six-month period ended June 30, 2016. Please note that the Expense Example is general and does not reflect charges imposed by your insurance company's separate account or account specific costs, which may increase your total costs of investing in the Fund. If these charges or account specific costs were included in the Expense Example, the expenses would be higher.

### Actual Expenses

The information represented in the row entitled "Actual" provides information about actual account values and actual expenses. You may use the information in this row, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number under the heading "Expenses Paid During Period" to estimate the expenses you paid on your account during this period.

### Hypothetical Example for Comparison Purposes

The information represented in the row entitled "Hypothetical" provides information about hypothetical account values and hypothetical expenses based on the Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only. Therefore, the information in the row entitled "Hypothetical" is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds.

	<b>Beginning Account Value (01/01/16)</b>	<b>Ending Account Value (06/30/16)</b>	<b>Expenses Paid During Period* (01/01/16-06/30/16)</b>
Actual	\$1,000.00	\$961.68	\$3.02
Hypothetical	\$1,000.00	\$1,021.78	\$3.12

Hypothetical assumes 5% annual return before expenses.

\* Expenses are equal to the Fund's annualized operating expense ratio (0.62%)\*\*, multiplied by the average account value over the period, multiplied by 182/366 (to reflect the one-half year period).

\*\* The expense ratio reflects the impact, if any, of certain reimbursements.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES**

The Fund is a separate series of Davis Variable Account Fund, Inc. (a Maryland corporation), which is registered under the Investment Company Act of 1940, as amended, as a diversified, open-end management investment company. Only insurance companies, for the purpose of funding variable annuity or variable life insurance contracts, may purchase shares of the Fund. The Fund concentrates its investments in the financial sector, and it may be subject to greater risks than a fund that does not concentrate its investments in a particular sector. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

**Security Valuation** - The Fund calculates the net asset value of its shares as of the close of the New York Stock Exchange ("Exchange"), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. Securities listed on the Exchange (and other national exchanges including NASDAQ) are valued at the last reported sales price on the day of valuation. Listed securities for which no sale was reported on that date are valued at the average of closing bid and asked prices. Securities traded on foreign exchanges are valued based upon the last sales price on the principal exchange on which the security is traded prior to the time when the Fund's assets are valued. Securities (including restricted securities) for which market quotations are not readily available or securities whose values have been materially affected by what Davis Selected Advisers, L.P. ("Davis Advisors" or "Adviser"), the Fund's investment adviser, identifies as a significant event occurring before the Fund's assets are valued, but after the close of their respective exchanges will be fair valued using a fair valuation methodology applicable to the security type or the significant event as previously approved by the Fund's Pricing Committee and Board of Directors. The Pricing Committee considers all facts it deems relevant that are reasonably available, through either public information or information available to the Adviser's portfolio management team, when determining the fair value of a security. To assess the appropriateness of security valuations, the Adviser may consider (i) comparing prior day prices and/or prices of comparable securities; (ii) comparing sale prices to the prior or current day prices and challenge those prices exceeding certain tolerance levels with the third-party pricing service or broker source; (iii) new rounds of financing; (iv) the performance of the market or the issuer's industry; (v) the liquidity of the security; (vi) the size of the holding in a fund; and/or (vii) any other appropriate information. The determination of a security's fair value price often involves the consideration of a number of subjective factors and is therefore subject to the unavoidable risk that the value assigned to a security may be higher or lower than the security's value would be if a reliable market quotation of the security was readily available. Fair value determinations are subject to review, approval, and ratification by the Fund's Board of Directors at its next regularly scheduled meeting covering the period in which the fair valuation was determined.

Short-term securities purchased within 60 days to maturity are valued at amortized cost, which approximates market value.

The Fund's valuation procedures are reviewed and subject to approval by the Board of Directors. There have been no significant changes to the fair valuation procedures during the period.

**Fair Value Measurements** - Fair value is defined as the price that the Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal market for the investment. Various inputs are used to determine the fair value of the Fund's investments. These inputs are summarized in the three broad levels listed below.

- Level 1 – quoted prices in active markets for identical securities
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing securities are not necessarily an indication of the risks associated with investing in those securities nor can it be assured that the Fund can obtain the fair value assigned to a security if it were to sell the security.

## NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

## Fair Value Measurements - (Continued)

The following is a summary of the inputs used as of June 30, 2016 in valuing the Fund's investments carried at value:

	Investments in Securities at Value			
	Valuation Inputs			
	Level 1: Quoted Prices	Level 2: Other Significant Observable Inputs*	Level 3: Significant Unobservable Inputs	Total
Equity securities:				
Financials	\$ 53,920,199	\$ 3,822,830	\$ –	\$ 57,743,029
Industrials	16,952	–	–	16,952
Information Technology	1,720,085	–	–	1,720,085
Short-term securities	–	723,000	–	723,000
Total Investments	\$ 55,657,236	\$ 4,545,830	\$ –	\$ 60,203,066

## Level 1 to Level 2 Transfers\*\*:

Financials	\$ 3,822,830
------------	--------------

\*Includes certain securities trading primarily outside the U.S. whose value the Fund adjusted as a result of significant market movements following the close of local trading.

\*\*Application of fair value procedures for securities traded on foreign exchanges triggered the transfers of investments between Level 1 and Level 2 of the fair value hierarchy during the six months ended June 30, 2016.

**Master Repurchase Agreements** - The Fund, along with other affiliated funds, may transfer uninvested cash balances into one or more master repurchase agreement accounts. These balances are invested in one or more repurchase agreements, secured by U.S. Government securities. A custodian bank holds securities pledged as collateral for repurchase agreements until the agreements mature. Each agreement requires that the market value of the collateral be sufficient to cover payments of interest and principal; however, in the event of default by the other party to the agreement, retention of the collateral may be subject to legal proceedings.

**Currency Translation** - The market values of all assets and liabilities denominated in foreign currencies are recorded in the financial statements after translation to the U.S. Dollar based upon the mean between the bid and offered quotations of the currencies against U.S. Dollars on the date of valuation. The cost basis of such assets and liabilities is determined based upon historical exchange rates. Income and expenses are translated at average exchange rates in effect as accrued or incurred.

**Foreign Currency** - The Fund may enter into forward purchases or sales of foreign currencies to hedge certain foreign currency denominated assets and liabilities against declines in market value relative to the U.S. Dollar. Forward currency contracts are marked-to-market daily and the change in market value is recorded by the Fund as an unrealized gain or loss. When the forward currency contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the forward currency contract at the time it was opened and value at the time it was closed. Investments in forward currency contracts may expose the Fund to risks resulting from unanticipated movements in foreign currency exchange rates or failure of the counter-party to the agreement to perform in accordance with the terms of the contract.

Reported net realized foreign exchange gains or losses arise from the sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on security transactions, the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books, and the U.S. Dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains or losses arise from changes in the value of assets and liabilities other than investments in securities at fiscal year end, resulting from changes in the exchange rate. The Fund includes foreign currency gains and losses realized on the sales of investments together with market gains and losses on such investments in the Statement of Operations.

**NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)**

**Federal Income Taxes** - It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies, and to distribute substantially all of its taxable income, including any net realized gains on investments not offset by loss carryovers, to shareholders. Therefore, no provision for federal income or excise tax is required. The Adviser has analyzed the Fund's tax positions taken on federal and state income tax returns for all open tax years and has concluded that as of June 30, 2016, no provision for income tax is required in the Fund's financial statements related to these tax positions. The Fund's federal and state (Arizona) income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state department of revenue. The earliest tax year that remains subject to examination by these jurisdictions is 2012.

**Securities Transactions and Related Investment Income** - Securities transactions are accounted for on the trade date (date the order to buy or sell is executed) with realized gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date. Interest income, which includes accretion of discount and amortization of premium, is accrued as earned.

**Dividends and Distributions to Shareholders** - Dividends and distributions to shareholders are recorded on the ex-dividend date. Net investment income (loss), net realized gains (losses), and net unrealized appreciation (depreciation) on investments may differ for financial statement and tax purposes primarily due to differing treatments of wash sales, foreign currency transactions, Directors' deferred compensation payments, and partnership income. The character of dividends and distributions made during the fiscal year from net investment income and net realized securities gains may differ from their ultimate characterization for federal income tax purposes. Also, due to the timing of dividends and distributions, the fiscal year in which amounts are distributed may differ from the fiscal year in which income or realized gain was recorded by the Fund. The Fund adjusts certain components of capital to reflect permanent differences between financial statement amounts and net income and realized gains/losses determined in accordance with income tax rules.

**Indemnification** - Under the Fund's organizational documents, its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, some of the Fund's contracts with its service providers contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown since the amount of any future claims that may be made against the Fund cannot be determined and the Fund has no historical basis for predicting the likelihood of any such claims.

**Use of Estimates in Financial Statements** - In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expenses during the reporting period. Actual results may differ from these estimates.

**Directors Fees and Expenses** - The Fund set up a Rabbi Trust to provide for the deferred compensation plan for Independent Directors that enables them to elect to defer receipt of all or a portion of annual fees they are entitled to receive. The value of an eligible Director's account is based upon years of service and fees paid to each Director during the years of service. The amount paid to the Director by the Trust under the plan will be determined based upon the performance of the Davis Funds in which the amounts are invested.

**NOTE 2 - PURCHASES AND SALES OF SECURITIES**

The cost of purchases and proceeds from sales of investment securities (excluding short-term securities) during the six months ended June 30, 2016 were \$6,049,904 and \$9,813,464, respectively.

**NOTE 3 - FEES AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS (INCLUDING AFFILIATES)**

Davis Selected Advisers-NY, Inc. (“DSA-NY”), a wholly-owned subsidiary of the Adviser, acts as sub-adviser to the Fund. DSA-NY performs research and portfolio management services for the Fund under a Sub-Advisory Agreement with the Adviser. The Fund pays no fees directly to DSA-NY.

Certain directors and officers of the Fund are also directors and officers of the general partner of the Adviser.

**Investment Advisory Fees** - Advisory fees are paid monthly to the Adviser at an annual rate of 0.55% of the Fund’s average net assets. The Adviser is contractually committed to waive fees and/or reimburse the Fund’s expenses to the extent necessary to cap total annual Fund operating expenses at 1.00%.

**Accounting Fees** - State Street Bank and Trust Company (“State Street Bank”) is the Fund’s primary accounting provider. Fees for accounting services are included in the custodian fees as State Street Bank also serves as the Fund’s custodian. The Adviser is also paid for certain accounting services. The fee paid to the Adviser for these services during the six months ended June 30, 2016 amounted to \$1,002.

**Custodian Fees** - State Street Bank will be reimbursing the Fund in August 2016 for certain out of pocket expenses that were erroneously billed from 1998-2015. This reimbursement, including interest, amounts to \$28,080.

**NOTE 4 - CAPITAL STOCK**

At June 30, 2016, there were 500 million shares of capital stock (\$0.001 par value per share) authorized. Transactions in capital stock were as follows:

	Six months ended June 30, 2016 (Unaudited)			
	Sold	Reinvestment of Distributions	Redeemed	Net Decrease
Shares:	121,566	–	(492,280)	(370,714)
Value:	\$ 1,514,363	\$ –	\$ (6,178,456)	\$ (4,664,093)

	Year ended December 31, 2015			
	Sold	Reinvestment of Distributions	Redeemed	Net Decrease
Shares:	377,808	654,582	(1,155,693)	(123,303)
Value:	\$ 5,851,073	\$ 8,843,401	\$ (17,436,564)	\$ (2,742,090)

**NOTE 5 - BANK BORROWINGS**

The Fund may borrow up to 5% of its assets from a bank to purchase portfolio securities, or for temporary and emergency purposes. The purchase of securities with borrowed funds creates leverage in the Fund. The Fund has entered into an agreement, which enables it to participate with certain other funds managed by the Adviser in an unsecured line of credit with a bank, which permits borrowings up to \$50 million, collectively. Interest is charged based on its borrowings, at a rate equal to the higher of the Federal Funds Rate or the one month LIBOR Rate, plus 1.25%. The Fund had no borrowings during the six months ended June 30, 2016.

# DAVIS FINANCIAL PORTFOLIO

## Financial Highlights

The following financial information represents selected data for each share of capital stock outstanding throughout each period:

	Six months ended June 30, 2016 (Unaudited)	Year ended December 31,				
		2015	2014	2013	2012	2011
Net Asset Value, Beginning of Period	\$ 13.31	\$ 14.98	\$ 15.08	\$ 11.55	\$ 9.98	\$ 11.00
<b>Income (Loss) from Investment Operations:</b>						
Net Investment Income	0.08	0.13	0.17	0.13	0.12	0.14
Net Realized and Unrealized Gains (Losses)	(0.59)	0.20	1.79	3.48	1.75	(1.01)
<b>Total from Investment Operations</b>	<b>(0.51)</b>	<b>0.33</b>	<b>1.96</b>	<b>3.61</b>	<b>1.87</b>	<b>(0.87)</b>
<b>Dividends and Distributions:</b>						
Dividends from Net Investment Income	—	(0.14)	(0.20)	(0.08)	(0.23)	(0.15)
Distributions from Realized Gains	—	(1.86)	(1.86)	—	— <sup>a</sup>	—
Return of Capital	—	—	—	—	(0.07)	—
<b>Total Dividends and Distributions</b>	<b>—</b>	<b>(2.00)</b>	<b>(2.06)</b>	<b>(0.08)</b>	<b>(0.30)</b>	<b>(0.15)</b>
<b>Net Asset Value, End of Period</b>	<b>\$ 12.80</b>	<b>\$ 13.31</b>	<b>\$ 14.98</b>	<b>\$ 15.08</b>	<b>\$ 11.55</b>	<b>\$ 9.98</b>
Total Return <sup>b</sup>	(3.83)%	2.01%	12.85%	31.26%	18.83%	(7.96)%
<b>Ratios/Supplemental Data:</b>						
Net Assets, End of Period (in thousands)	\$ 60,245	\$ 67,541	\$ 77,859	\$ 80,881	\$ 67,255	\$ 60,834
Ratio of Expenses to Average Net Assets:						
Gross	0.70% <sup>c</sup>	0.68%	0.68%	0.68%	0.69%	0.69%
Net <sup>d</sup>	0.62% <sup>c</sup>	0.68%	0.68%	0.68%	0.69%	0.69%
Ratio of Net Investment Income to Average Net Assets	1.27% <sup>c</sup>	0.82%	0.96%	0.90%	0.98%	0.99%
Portfolio Turnover Rate <sup>e</sup>	10%	12%	32%	2%	16%	11%

a Less than \$0.005 per share.

b Assumes hypothetical initial investment on the business day before the first day of the fiscal period, with all dividends and distributions reinvested in additional shares on the reinvestment date, and redemption at the net asset value calculated on the last business day of the fiscal period. Total returns are not annualized for periods of less than one year and do not reflect charges attributable to your insurance company's separate account. Inclusion of these charges would reduce the total returns shown.

c Annualized.

d The Net Ratio of Expenses to Average Net Assets reflects the impact, if any, of the reduction of expenses paid indirectly and of certain reimbursements.

e The lesser of purchases or sales of portfolio securities for a period, divided by the monthly average of the market value of portfolio securities owned during the period. Securities with a maturity or expiration date at the time of acquisition of one year or less are excluded from the calculation.

*See Notes to Financial Statements*

**Process of Annual Review**

The Board of Directors of the Davis Funds oversees the management of each Davis Fund and, as required by law, determines annually whether to approve the continuance of each Davis Fund's advisory agreement with Davis Selected Advisers, L.P. and sub-advisory agreement with Davis Selected Advisers-NY, Inc. (jointly "Davis Advisors" and "Advisory Agreements").

With the assistance of counsel to the Independent Directors, the Independent Directors undertook a comprehensive review process in anticipation of their annual contract review meeting, held in March 2016. As part of this process, Davis Advisors provided the Independent Directors with material, including recent investment performance data, that was responsive to questions submitted to Davis Advisors by the Independent Directors. At this meeting, the Independent Directors reviewed and evaluated all information that they deemed reasonably necessary under the circumstances and were provided guidance by their independent counsel. In reaching their decision, the Independent Directors also took into account information furnished to them throughout the year and otherwise provided to them during their quarterly meetings or through other prior communications. The Independent Directors concluded that they had been supplied with sufficient information and data to analyze the Advisory Agreements and that their questions had been sufficiently answered by Davis Advisors. Upon completion of this review, the Independent Directors found that the terms of the Advisory Agreements were fair and reasonable and that continuation of the Advisory Agreements was in the best interest of Davis Financial Portfolio and its shareholders.

**Reasons the Independent Directors Approved Continuation of the Advisory Agreements**

The Independent Directors' determinations were based upon a comprehensive consideration of all information provided to them, and they did not identify any single item or piece of information as the controlling factor. Each Independent Director did not necessarily attribute the same weight to each factor. The following facts and conclusions were important, but not exclusive, to the Independent Directors' recommendation to renew the Advisory Agreements.

The Independent Directors considered the investment performance of the Fund on an absolute basis, as well as relative to its benchmark and other comparable funds. The Independent Directors not only considered the investment performance of the Fund, but also the full range and quality of services provided by Davis Advisors to the Fund and its shareholders, including whether the Fund:

1. Achieves satisfactory investment results over the long term, after all costs;
2. Efficiently and effectively handles shareholder transactions, inquiries, requests, and records, provides quality accounting, legal, and compliance services, and oversees third-party service providers; and
3. Fosters healthy investor behavior.

Davis Advisors is reimbursed a portion of its costs in providing some, but not all, of these services.

A shareholder's ultimate return is the product of a fund's results as well as the shareholder's behavior, specifically, in selecting when to invest or redeem. The Independent Directors concluded that, through its actions and communications, Davis Advisors has attempted to have a meaningful, positive impact on investor behavior.

Davis Advisors, its affiliates, and members of the Davis family are some of the largest shareholders in the Davis Funds. The Independent Directors considered that this investment tends to align Davis Advisors' and the Davis family's interests with other shareholders, as they face the same risks, pay the same fees, and are motivated to achieve satisfactory long-term returns.

The Independent Directors noted the importance of reviewing quantitative measures, but recognized that qualitative factors are also important in assessing whether Davis Funds' shareholders are likely to be well served by the renewal of the Advisory Agreements. They noted both the value and shortcomings of purely quantitative measures, including the data provided by independent service providers, and concluded that, while such measures and data may be informative, the judgment of the Independent Directors must take many factors into consideration in representing the shareholders of the Davis Funds, including those listed below. In connection with reviewing comparative performance information, the Independent Directors generally give greater weight to longer-term measurements.

The Independent Directors noted that Davis Advisors employs a disciplined, company-specific, research-driven, businesslike, long-term investment philosophy. The Independent Directors considered the quality of Davis Advisors' investment process, as well as the experience, capability, and integrity of its senior management and other personnel.

**Reasons the Independent Directors Approved Continuation of the Advisory Agreements – (Continued)**

The Independent Directors recognized Davis Advisors' (i) efforts to minimize transaction costs by generally having a long-term time horizon and low portfolio turnover; (ii) record of generally producing satisfactory results over longer-term periods; (iii) efforts towards fostering healthy investor behavior by, among other things, providing informative and substantial educational material; and (iv) efforts to promote shareholder interests by actively speaking out on corporate governance issues.

The Independent Directors assessed (i) comparative fee and expense information for other funds, as selected and analyzed by a nationally recognized independent service provider; (ii) information regarding fees charged by Davis Advisors to other advisory clients, including funds that it sub-advises, and private accounts, as well as the differences in the services provided to such other clients; and (iii) the fee schedule of the Fund, including an assessment of competitive fee schedules.

The Independent Directors reviewed (i) the management fee schedule for the Fund; (ii) profitability of the Fund to Davis Advisors; (iii) the extent to which economies of scale might be realized if the Fund's net assets increase; and (iv) whether the fixed fee reflected those potential economies of scale, at this time. The Independent Directors considered the nature, quality, and extent of the services being provided to the Fund and the costs incurred by Davis Advisors in providing such services. The Independent Directors considered various potential benefits that Davis Advisors may receive in connection with the services it provides under the Advisory Agreements with the Fund, including a review of portfolio brokerage practices. The Independent Directors noted that Davis Advisors does not use client commissions to pay for publications that are available to the general public or for third-party research services.

The Independent Directors compared the fees paid to Davis Advisors by the Davis Funds with those paid by Davis Advisors' sub-advised clients, private account clients, and managed money/wrap clients. To the extent sub-advised or private account fees were lower than fees paid by the Funds, the Independent Directors noted that the range of services provided to the Funds were more extensive, with greater risks associated with operating SEC registered, publicly traded mutual funds. Serving as the primary adviser for mutual funds is more work because of the complex overlay of regulatory, tax, and accounting issues, which are unique to mutual funds. In addition, the operational work required to service shareholders is more extensive because of the significantly greater number of shareholders, and managing trading is more complex because of the more frequent fund flows. With respect to risk, not only has regulation become more complex and burdensome, but the scrutiny of regulators and shareholders has become more intense. The Independent Directors concluded that reasonable justifications existed for the differences between the fee rates for the Davis Funds and Davis Advisors' other lines of business.

The Independent Directors noted that Davis Financial Portfolio underperformed its benchmark, the Standard & Poor's 500<sup>®</sup> Index ("S&P 500<sup>®</sup>"), over the one-, three-, five-, and ten-year time periods, but outperformed the S&P 500<sup>®</sup> since its inception on July 1, 1999, all periods ended February 29, 2016.

Broadridge, an independent service provider, presented a report to the Independent Directors that compared the Fund to all Lipper financial services funds' underlying variable insurance products (the "Performance Universe"). The report indicated that the Fund outperformed the Performance Universe average over the one-, two-, three-, four-, five-, and ten-year time periods, all periods ended December 31, 2015.

The Independent Directors also reviewed the Fund's performance when measured over rolling five- and ten-year time frames. The Fund outperformed the S&P 500<sup>®</sup> in 3 out of 12 rolling five-year time periods and 1 out of 7 rolling ten-year time periods. The Independent Directors noted that the Fund outperformed the Lipper Variable Annuities-Financial Services category over all rolling five- and ten-year time periods, which means 12 out of 12 rolling five-year time periods and 7 out of 7 rolling ten-year time periods. The rolling five-year time period ended on December 31 for each year from 2004 through 2015, while the rolling ten-year time period ended on December 31 for each year from 2009 through 2015.

The Independent Directors considered Davis Financial Portfolio's management fee and total expense ratio. They observed that both were reasonable and below the average and median of its peer group, as determined by Broadridge. The Independent Directors also noted that the Adviser has capped expenses through March 1, 2017.

**Approval of Advisory Agreements**

The Independent Directors concluded that Davis Advisors had provided Davis Financial Portfolio and its shareholders a reasonable level of both investment and non-investment services. The Independent Directors further concluded that shareholders have received a significant benefit from Davis Advisors' shareholder-oriented approach, as well as the execution of its investment discipline.

The Independent Directors determined that the advisory fee for Davis Financial Portfolio was reasonable in light of the nature, quality, and extent of the services being provided to the Fund, the costs incurred by Davis Advisors in providing such service, and in comparison to the range of the average advisory fees of its peer group, as determined by an independent service provider. The Independent Directors concluded that they had been supplied with sufficient information and data to analyze the Advisory Agreements. The Independent Directors found that the terms of the Advisory Agreements were fair and reasonable and that continuation of the Advisory Agreements was in the best interest of the Fund and its shareholders. The Independent Directors and the full Board of Directors therefore voted to continue the Advisory Agreements.

## DAVIS FINANCIAL PORTFOLIO

## Directors and Officers

For the purposes of their service as directors to the Davis Funds, the business address for each of the directors is 2949 E. Elvira Road, Suite 101, Tucson, AZ 85756. Each Director serves until their retirement, resignation, death, or removal. Subject to exceptions and exemptions, which may be granted by the Independent Directors, Directors must retire at the close of business on the last day of the calendar year in which the Director attains age seventy-eight (78).
