This Semi-Annual Report is authorized for use by existing shareholders. Prospective shareholders must receive a current Davis Global Fund and Davis International Fund (the "Funds") prospectus, which contains more information about investment strategies, risks, charges, and expenses. Please read the prospectus carefully before investing or sending money.

Shares of the Funds are not deposits or obligations of any bank, are not guaranteed by any bank, are not insured by the FDIC or any other agency, and involve investment risks, including possible loss of the principal amount invested.

Portfolio Proxy Voting Policies and Procedures

The Board of Directors has directed Davis Selected Advisers, L.P. ("Adviser") to vote the Funds' portfolio securities in conformance with the Adviser's Proxy Voting Policies and Procedures. A description of these policies and procedures is available (i) without charge, upon request, by calling the Funds toll-free at 1-800-279-0279, (ii) on the Funds' website at www.davisfunds.com, and (iii) on the SEC's website at www.sec.gov.

In addition, the Funds are required to file Form N-PX, with their complete proxy voting record for the 12 months ended June 30th, no later than August 31st of each year. The Funds' Form N-PX filing is available (i) without charge, upon request, by calling the Funds toll-free at 1-800-279-0279, (ii) on the Funds' website at www.davisfunds.com, and (iii) on the SEC's website at www.sec.gov.

Quarterly Schedule of Investments and Monthly Holdings

The Funds file their complete schedule of investments with the SEC on Form N-CSR (as of the end of the second and fourth quarters) and on Form N-PORT Part F (as of the end of the first and third quarters). The Funds' Forms N-CSR (Annual and Semi-Annual Reports) and N-PORT Part F are available without charge, upon request, by calling 1-800-279-0279, on the Funds' website at www.davisfunds.com, and on the SEC's website at www.sec.gov. Lists of the Funds' month-end and quarterend holdings are also available at www.davisfunds.com. They become available on or about the 10th day following each respective time period and remain available on the website until the list is updated for the subsequent period.

Shareholder Letter

DAVIS GLOBAL FUND DAVIS INTERNATIONAL FUND

Dear Fellow Shareholder,

As stewards of our customers' savings, the management team and Directors of Davis Global Fund and Davis International Fund recognize the importance of candid, thorough, and regular communication with our shareholders. In our Annual and Semi-Annual Reports we include all of the required quantitative information such as financial statements, detailed footnotes, performance reports, fund holdings, and performance attribution.

In addition, we produce a Manager Commentary for each Fund. In this commentary, we give a more qualitative perspective on fund performance, discuss our thoughts on individual holdings, and share our investment outlook. You may obtain a copy of the current Manager Commentary either on the Funds' website at www.davisfunds.com or by calling 1-800-279-0279.

We thank you for your continued trust and interest in Davis Global Fund and Davis International Fund.

Sincerely,

Christopher C. Davis

Davis Global Fund's investment objective is long-term growth of capital. There can be no assurance that the Fund will achieve its objective. Davis Global Fund's principal risks are: stock market risk, common stock risk, foreign country risk, China risk-generally, headline risk, depositary receipts risk, foreign currency risk, exposure to industry or sector risk, emerging market risk, large-capitalization companies risk, fees and expenses risk, and mid- and small-capitalization companies risk. See the prospectus for a full description of each risk.

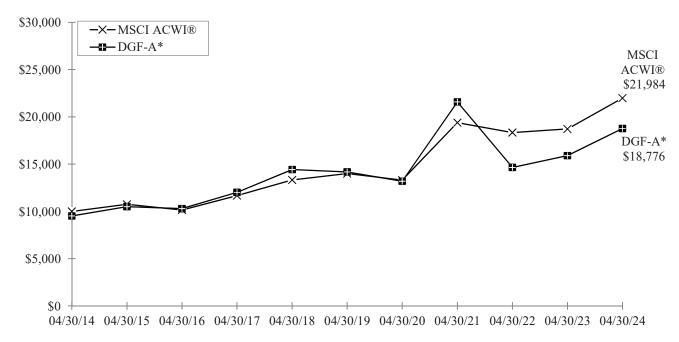

Past performance does not guarantee future results, Fund prices fluctuate, and the value of an investment may be worth more or less than the purchase price. Data provided in this performance overview is for the six-month period ended April 30, 2024, unless otherwise noted. Return figures for underlying Fund positions reflect the return of the security from the beginning of the period or the date of first purchase if subsequent thereto through the end of the period or the date the position is completely liquidated. The actual contribution to the Fund will vary based on a number of factors (e.g., trading activity, weighting). Portfolio holding information is as of the end of the six-month period, April 30, 2024, unless otherwise noted.

¹ The companies included in the Morgan Stanley Capital International All Country World Index are divided into eleven sectors. One or more industry groups make up a sector. For purposes of measuring concentration, the Fund generally classifies companies at the industry group or industry level. See the SAI for additional information regarding the Fund's concentration policy.

² A company's or sector's contribution to or detraction from the Fund's performance is a product both of its appreciation or depreciation and its weighting within the Fund. For example, a 5% holding that rises 20% has twice as much impact as a 1% holding that rises 50%.

³ Management's Discussion of Fund Performance discusses a number of individual companies. The information provided in this report does not provide information reasonably sufficient upon which to base an investment decision and should not be considered a recommendation to purchase, sell, or hold any particular security. The Schedule of Investments lists the Fund's holdings of each company discussed.

As a shareholder of each Fund, you incur two types of costs: (1) transaction costs, which may include sales charges (loads) on purchases, contingent deferred sales charges on redemptions, and short-term trading fees, if any; and (2) ongoing costs, including advisory and administrative fees, distribution and/or service (12b-1) fees, and other Fund expenses. The Expense Example is intended to help you understand your ongoing costs (in dollars) of investing in each Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Expense Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period indicated which for each class is for the six-month period ended April 30, 2024.

Actual Expenses

The information represented in the row entitled "Actual" provides information about actual account values and actual expenses. You may use the information in this row, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number under the heading "Expenses Paid During Period" to estimate the expenses you paid on your account during this period. An annual maintenance fee of \$15, charged on retirement plan accounts per Social Security Number, is not included in the Expense Example. This fee will be waived for accounts sharing the same Social Security Number if the accounts total at least \$50,000 at Davis Funds. If this fee was included, the estimate of expenses you paid during the period would be higher, and your ending account value would be lower, by this amount.

Hypothetical Example for Comparison Purposes

The information represented in the row entitled "Hypothetical" provides information about hypothetical account values and hypothetical expenses based on each Fund's actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund's actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds. An annual maintenance fee of \$15, charged on retirement plan accounts per Social Security Number, is not included in the Expense Example. This fee will be waived for accounts sharing the same Social Security Number if the accounts total at least \$50,000 at Davis Funds. If this fee was included, the estimate of expenses you paid during the period would be higher, and your ending account value would be lower, by this amount.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only and do not reflect any transactional costs, such as front-end or contingent deferred sales charges (loads) or redemption fees. Therefore, the information in the row entitled "Hypothetical" is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds. In addition, if these transactional costs were included, your costs would be higher.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

Davis New York Venture Fund, Inc. (a Maryland corporation) ("Company"), is registered under the Investment Company Act of 1940, as amended, as a diversified, open-end management investment company. The Company operates as a series issuing shares including the following two funds (collectively "Funds"):

Davis Global Fund seeks to achieve long-term growth of capital. It invests principally in common stocks issued by both United States and foreign companies, including countries with developed or emerging markets. The Fund commenced operations on December 22, 2004, and until January 1, 2007, shares of the Fund were not available for public sale.

Davis International Fund seeks to achieve long-term growth of capital. It invests principally in common stocks issued by foreign companies, including countries with developed or emerging markets. The Fund commenced operations on December 29, 2006, and until January 1, 2010, shares of the Fund were not available for public sale.

Because of the risk inherent in any investment program, the Company cannot ensure that the investment objective of its Funds will be achieved.

Prior to being available for public sale, only the directors, officers, and employees of the Funds or their investment adviser and sub-adviser (and the investment adviser itself and affiliated companies) were eligible to purchase the Funds' shares.

The Funds follow the reporting guidance of the Financial Accounting Standards Board ("FASB") Accounting Standards Codification Topic 946, Financial Services – Investment Companies.

The Company accounts separately for the assets, liabilities, and operations of each Fund. Each Fund offers Class A, Class C, and Class Y shares. Class A shares are sold with a front-end sales charge. Class C shares are sold at net asset value and may be subject to a contingent deferred sales charge upon redemption. Class C shares automatically convert to Class A shares after 8 years. Class Y shares are sold at net asset value and are not subject to any contingent deferred sales charge upon redemption. Class Y shares are only available to certain qualified investors. Income, expenses (other than those attributable to a specific class), and gains and losses are allocated daily to each class of shares based upon the relative proportion of net assets represented by each class. Operating expenses are recorded on the accrual basis and those directly attributable to a specific class, such as distribution and transfer agent fees, are charged against the operations of that class. All classes have identical rights with respect to voting (exclusive of each class' distribution arrangement), liquidation, and distributions. Each Fund assessed a 2% short-term trading fee on the proceeds of Fund shares that were redeemed (either by selling or exchanging to another Davis Fund) within 30 days of their purchase. The fee, which was retained by each Fund, was accounted for as an addition to paid-in capital. Effective February 29, 2024, the short-term trading fee for each Fund was eliminated. The following is a summary of significant accounting policies followed by the Funds in the preparation of their financial statements.

Security Valuation - The Funds' Board of Directors has designated Davis Selected Advisers, L.P. ("Davis Advisors" or "Adviser"), the Funds' investment adviser, as the valuation designee for the Funds. The Adviser has established a Pricing Committee to carry out the day-to-day valuation activities for the Funds. The Funds calculate the net asset value of their shares as of the close of the New York Stock Exchange ("Exchange"), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. Securities listed on the Exchange (and other national exchanges including NASDAQ) are valued at the last reported sales price on the day of valuation. Listed securities for which no sale was reported on that date are valued at the last quoted bid price. Securities traded on foreign exchanges are valued based upon the last sales price on the principal exchange on which the security is traded prior to the time when the Funds' assets are valued. Securities (including restricted securities) for which market quotations are not readily available or securities whose values have been materially affected by what the Adviser identifies as a significant event occurring before the Funds' assets are valued, but after the close of their respective exchanges, will be fair valued using a fair valuation methodology applicable to the security type or the significant event as previously approved by the Pricing Committee. The Pricing Committee considers all facts it deems relevant that are reasonably available, through either public information or information available to the Adviser's portfolio management team, when determining the fair value of a security. To assess the appropriateness of security valuations, the Pricing Committee may consider (i) comparing prior day prices and/or prices of comparable securities; (ii) comparing sale prices to the prior or current day prices and challenge those prices exceeding certain tolerance levels with the third-party pricing service or broker source; (iii) new rounds of financing; (iv) the performance of the market or the issuer's industry; (v) the liquidity of the security; (vi) the size of the holding in a fund; and/or (vii) any other appropriate information. The determination of a security's fair value price often involves the consideration of a number of subjective factors and is therefore subject to the unavoidable risk that the value assigned to a security may be higher or lower than the security's value would be if a reliable market quotation for the security was readily available.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Security Valuation - (Continued)

Short-term investments purchased within 60 days to maturity are valued at amortized cost, which approximates market value.

On a quarterly basis, the Board of Directors receives reports of valuation actions taken by the Pricing Committee. On at least an annual basis, the Board of Directors receives an assessment of the adequacy and effectiveness of the Adviser's process for determining the fair value of the Funds' investments.

Fair Value Measurements - Fair value is defined as the price that the Funds would receive upon selling an investment in an orderly transaction to an independent buyer in the principal market for the investment. Various inputs are used to determine the fair value of the Funds' investments. These inputs are summarized in the three broad levels listed below.

- Level 1 quoted prices in active markets for identical securities
- Level 2 other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 significant unobservable inputs (including the Fund's own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing securities are not necessarily an indication of the risks associated with investing in those securities nor can it be assured that the Funds can obtain the fair value assigned to a security if they were to sell the security.

The following is a summary of the inputs used as of April 30, 2024 in valuing each Fund's investments carried at value:

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Fair Value Measurements - (Continued)

The following table reconciles the valuation of assets in which significant unobservable inputs (Level 3) were used in determining fair value during the six months ended April 30, 2024. The net change in unrealized appreciation (depreciation) during the period on Level 3 securities still held at April 30, 2024 was \$1,640 for Davis Global Fund. The cost of purchases or proceeds from sales may include securities received or delivered through corporate actions or exchanges. Realized and unrealized gains (losses) are included in the related amounts on investments in the Statements of Operations.

	В	Beginning Balance at ovember 1, 2023	_F	Cost of Purchases	1	Proceeds from Sales	Net Change in Unrealized Appreciation (Depreciation)	Net Realized Gain (Loss)	Transfers into Level 3	Transfers out of Level 3	_	В	Ending alance at April 30, 2024
Davis Global Fund Investments in Securities:													
Common Stock	\$	37,208	\$	_	\$	_	\$ 1,640	\$ - -	\$ _	\$	_	\$	38,848
Total Level 3	\$	37,208	\$		\$		\$ 1,640	\$ <u> </u>	\$ 	\$	=	\$	38,848

The following table is a summary of those assets in which significant unobservable inputs (Level 3) were used by the Adviser in determining fair value. Note that these amounts exclude any valuations provided by a pricing service or broker.

	Fair Value at April 30, 2024	Valuation Technique	Unobservable Input	Amount	Impact to Valuation from an Increase in Input
Davis Global Fund Investments in Securities:					
Common Stock	\$ 38,848	Discounted Cash Flow	Annualized Yield	6.408%	Decrease
Total Level 3	\$ 38,848				

The significant unobservable input listed in the above table is used in the fair value measurement of common stock, and if changed, would affect the fair value of the Fund's investments. The "Impact to Valuation from an Increase in Input" represents the change in fair value measurement resulting from an increase in the corresponding input. A decrease in the input would have the opposite effect.

Repurchase Agreements - Repurchase agreements are transactions under which a Fund purchases a security from a dealer counterparty and agrees to resell the security to that counterparty on a specified future date at the same price, plus a specified interest rate. The Fund's repurchase agreements are secured by U.S. government or agency securities. It is the Fund's policy that its regular custodian or third party custodian take possession of the underlying collateral securities, the fair value of which exceeds the principal amount of the repurchase transaction, including accrued interest, at all times. In the event of default by the counterparty, the Fund has the contractual right to liquidate the collateral securities and to apply the proceeds in satisfaction of the obligation.

Currency Translation - The market values of all assets and liabilities denominated in foreign currencies are recorded in the financial statements after translation to United States Dollar ("USD") on the date of valuation using exchange rates determined as of the close of trading on the Exchange. The cost basis of such assets and liabilities is determined based upon historical exchange rates. Income and expenses are translated at average exchange rates in effect as accrued or incurred.

Foreign Currency - The Funds may enter into forward purchases or sales of foreign currencies to hedge certain foreign currency denominated assets and liabilities against declines in market value relative to USD. Forward currency contracts are marked-to-market daily and the change in market value is recorded by the Funds as an unrealized gain or loss. When the forward currency contract is closed, the Funds record a realized gain or loss equal to the difference between the value of the forward currency contract at the time it was opened and value at the time it was closed. Investments in forward currency contracts may expose the Funds to risks resulting from unanticipated movements in foreign currency exchange rates or failure of the counter-party to the agreement to perform in accordance with the terms of the contract. During the six months ended April 30, 2024, there were no forward currency contracts entered into by the Funds.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Foreign Currency - (Continued)

Reported net realized foreign exchange gains or losses arise from the sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on security transactions, the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Funds' books, and the USD equivalent of the amounts actually received or paid. The Funds include foreign currency gains and losses realized on the sales of investments together with market gains and losses on such investments in the Statements of Operations. Net unrealized foreign exchange gains or losses arise from changes in the value of assets and liabilities resulting from changes in the exchange rate and are included within net unrealized appreciation or depreciation in the Statements of Operations.

Federal Income Taxes - It is each Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies, and to distribute substantially all of its taxable income, including any net realized gains on investments not offset by loss carryovers, to shareholders. Therefore, no provision for federal income or excise tax is required. The Adviser analyzed the Funds' tax positions taken on federal and state income tax returns for all open tax years and concluded that as of April 30, 2024, no provision for income tax is required in the Funds' financial statements related to these tax positions. The Funds' federal and state (Arizona) income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state Department of Revenue. The earliest tax year that remains subject to examination by these jurisdictions is 2020.

Capital losses will be carried forward to future years if not offset by gains. At October 31, 2023, the Funds had available for federal income tax purposes unused capital loss carryforwards with no expiration as follows:

		Capital Loss Carryforwards					
	Davis Global Fund		Davis International Fund				
Character							
Short-term	\$	31,251,275	\$	40,022,284			
Long-term		617,582		30,846,404			
Total	\$	31,868,857	\$	70,868,688			

Additionally, based on the Funds' understanding of the tax rules and rates related to income, gains, and transactions for the foreign jurisdictions in which they invest, the Funds will provide for foreign taxes, and where appropriate, deferred foreign taxes.

At April 30, 2024, the aggregate cost of investments and unrealized appreciation (depreciation) for federal income tax purposes were as follows:

		Davis Global	Da	vis International
	_	Fund		Fund
Cost	\$	630,544,491	\$	135,999,386
Unrealized appreciation		228,090,715		31,347,919
Unrealized depreciation		(66,473,217)		(18,523,058)
Net unrealized appreciation	\$	161,617,498	\$	12,824,861

Securities Transactions and Related Investment Income - Securities transactions are accounted for on the trade date (date the order to buy or sell is executed) with realized gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date. Interest income, which includes accretion of discount and amortization of premium, is accrued as earned.

Dividends and Distributions to Shareholders - Dividends and distributions to shareholders are recorded on the ex-dividend date. Net investment income (loss), net realized gains (losses), and net unrealized appreciation (depreciation) on investments [collectively "Distributable earnings (losses)"] may differ for financial statement and tax purposes primarily due to permanent and temporary differences which may include wash sales, foreign currency transactions, net operating losses, corporate actions, partnership income, and passive foreign investment company shares. The character of dividends and distributions made during the fiscal year from net investment income and net realized securities gains may differ from their ultimate characterization for federal income tax purposes. Also, due to the timing of dividends and distributions, the fiscal year in which amounts are

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES - (CONTINUED)

Dividends and Distributions to Shareholders - (Continued)

distributed may differ from the fiscal year in which income or realized gain was recorded by the Funds. The Funds adjust certain components of capital to reflect permanent differences between financial statement amounts and net income and realized gains/losses determined in accordance with income tax rules.

Indemnification - Under the Funds' organizational documents, their officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Funds. In addition, some of the Funds' contracts with their service providers contain general indemnification clauses. The Funds' maximum exposure under these arrangements is unknown since the amount of any future claims that may be made against the Funds cannot be determined and the Funds have no historical basis for predicting the likelihood of any such claims.

Use of Estimates in Financial Statements - In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expenses during the reporting period. Actual results may differ from these estimates.

Directors Fees and Expenses - The Funds set up a Rabbi Trust to provide for the deferred compensation plan for Independent Directors that enables them to elect to defer receipt of all or a portion of annual fees they are entitled to receive. The value of an eligible Director's account is based upon years of service and fees paid to each Director during the years of service. The amount paid to the Director by the Trust under the plan will be determined based upon the performance of the Davis Funds in which the amounts are invested.

NOTE 2 - PURCHASES AND SALES OF SECURITIES

The cost of purchases and proceeds from sales of investment securities (excluding short-term investments) during the six months ended April 30, 2024 were as follows:

	Davis Global Fund	Davis International Fund			
Cost of purchases	\$ 126,160,294	\$	13,139,562		
Proceeds from sales	172,098,012		33,718,500		

NOTE 3 - FEES AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS (INCLUDING AFFILIATES)

Davis Selected Advisers-NY, Inc. ("DSA-NY"), a wholly-owned subsidiary of the Adviser, acts as sub-adviser to the Funds. DSA-NY performs research and portfolio management services for the Funds under a Sub-Advisory Agreement with the Adviser. The Funds pay no fees directly to DSA-NY.

All officers of the Funds (including Interested Directors) hold positions as executive officers with the Adviser or its affiliates.

As of April 30, 2024, related shareholders held greater than 20% of outstanding shares of the following Funds:

Davis International								
Fund								
62%								

Investment activities of this shareholder could have a material impact on the Fund.

Investment Advisory Fees - Advisory fees are paid monthly to the Adviser. The annual rate for each Fund is 0.55% of the average net assets.

NOTE 3 - FEES AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS (INCLUDING AFFILIATES) – (CONTINUED)

Transfer Agent and Accounting Fees - SS&C Global Investor & Distribution Solutions, Inc. is the Funds' primary transfer agent. State Street Bank and Trust Company ("State Street Bank") is the Funds' primary accounting provider. Fees for accounting services are included in the custodian fees as State Street Bank also serves as the Funds' custodian. The Adviser is also paid for certain transfer agent and accounting services.

Reimbursement and Waivers of Expenses - The Adviser is contractually committed to waive fees and/or reimburse the Funds' expenses to the extent necessary to cap total annual fund operating expenses (Class A shares, 1.05%; Class C shares, 1.80%; and Class Y shares, 0.80%). The Adviser is obligated to continue the expense cap through March 1, 2025. The expense cap cannot be modified prior to this date without the consent of the Board of Directors. After that date, there is no assurance that the Adviser will continue to cap expenses. Effective February 1, 2024, the Adviser is voluntarily waiving 0.025% of the average net assets (2.5 basis points) of Davis Global Fund Advisory fees and 0.05% of the average net assets (5 basis points) of Davis International Fund Advisory fees for a 12-month period and will temporarily waive fees and/or reimburse Davis International Fund's expenses to the extent necessary to cap total annual fund operating expenses (Class A shares, 1.00%; Class C shares 1.75%; and Class Y shares, 0.75%) until January 31, 2025. For purposes of these expense caps, operating expenses do not include foreign tax reclaim filing expenses. The Adviser may not recoup any of the operating expenses it has reimbursed to the Funds. Reimbursement and waivers of expenses during the six months ended April 30, 2024 were as follows:

	 Davis Global Fund	Da	Davis International Fund			
Class A	\$ 10,854	\$	8,153			
Class C	2,487		3,435			
Class Y	34,302		15,144			

Distribution and Service Plan Fees - The Funds have adopted separate Distribution Plans ("12b-1 Plans") for Class A and Class C shares. Under the 12b-1 Plans, the Funds reimburse Davis Distributors, LLC ("Distributor"), the Funds' Underwriter, for amounts paid to dealers as a service fee or commissions with respect to Class A shares sold by dealers, which remain outstanding during the period. The service fee is paid at an annual rate up to 0.25% of the average net assets maintained by the responsible dealers. Each of the Funds pays the Distributor a 12b-1 fee on Class C shares at an annual rate equal to the lesser of 1.25% of the average daily net asset value of Class C shares or the maximum amount provided by applicable rule or regulation of the Financial Industry Regulatory Authority, Inc., which currently is 1.00%. The Funds pay the 12b-1 fee on Class C shares in order: (i) to pay the Distributor distribution fees or commissions on Class C shares which have been sold and (ii) to enable the Distributor to pay service fees on Class C shares which have been sold.

Sales Charges - Front-end sales charges and contingent deferred sales charges ("CDSC") do not represent expenses of the Funds. They are deducted from the proceeds from sales of Fund shares prior to investment or from redemption proceeds prior to remittance, as applicable.

NOTE 3 - FEES AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS (INCLUDING AFFILIATES) – (CONTINUED)

Sales Charges - (Continued)

Class A shares of the Funds are sold at net asset value plus a sales charge and are redeemed at net asset value. On purchases of \$1 million or more, the sales charge will not be applied; however a CDSC of 0.50% may be imposed upon redemption if those shares are redeemed within the first year of purchase.

Class C shares of the Funds are sold and redeemed at net asset value. A CDSC of 1.00% is imposed upon redemption of certain Class C shares within the first year of the original purchase.

The Distributor received commissions earned on sales of Class A shares of the Funds of which a portion was retained by the Distributor and the remaining was re-allowed to investment dealers. Commission advances by the Distributor on the sales of Class C shares of the Funds are re-allowed to qualified selling dealers.

NOTE 5 - SECURITIES LOANED

The Funds have entered into a securities lending arrangement with State Street Bank. Under the terms of the agreement, the Funds receive fee income from lending transactions; in exchange for such fees, State Street Bank is authorized to loan securities on behalf of the Funds, against receipt of collateral at least equal to the value of the securities loaned. As of April 30, 2024, the Funds did not have any securities on loan. The Funds bear the risk of any deficiency in the amount of the collateral available for return to a borrower due to a loss in an approved investment.

NOTE 6 - RESTRICTED SECURITIES

Restricted securities are not registered under the Securities Act of 1933 and may have contractual restrictions on resale. They are fair valued under methods approved by the Pricing Committee. The aggregate value of restricted securities in Davis Global Fund amounted to \$38,848 or 0.01% of the Fund's net assets as of April 30, 2024. a Per share calculations were based on average shares outstanding for the period.

b Assumes hypothetical initial investment on the business day before the first day of the fiscal period, with all dividends and distributions reinvested in additional shares on the reinvestment date, and redemption at the net asset value calculated on the last business day of the fiscal period. Sales charges are not reflected in the total returns. Total returns are not annualized for periods of less than one year.

c The ratios in this column reflect the impact, if any, of certain reimbursements and/or waivers from the Adviser.

d The lesser of purchases or sales of portfolio securities for a period, divided by the monthly average of the market value of portfolio securities owned during the period. Securities with a maturity or expiration date at the time of acquisition of one year or less are excluded from the calculation.

Process of Annual Review

The Board of Directors of the Davis Funds oversees the management of each Davis Fund and, as required by law, determines annually whether to approve the continuance of each Davis Fund's advisory agreement with Davis Selected Advisers, L.P. and sub-advisory agreement with Davis Selected Advisers-NY, Inc. (jointly "Davis Advisors" and "Advisory Agreements").

With the assistance of counsel to the Independent Directors, the Independent Directors undertook a comprehensive review process in anticipation of their annual contract review meeting, held in March 2024. As part of this process, Davis Advisors provided the Independent Directors with material (including recent investment performance data) that was responsive to questions submitted to Davis Advisors by the Independent Directors. At this meeting, the Independent Directors reviewed and evaluated all information which they deemed reasonably necessary under the circumstances and were provided guidance by their independent counsel. In reaching their decision, the Independent Directors also took into account information furnished to them throughout the year and otherwise provided to them during their quarterly meetings or through other prior communications. The Independent Directors concluded that they had been supplied with sufficient information and data to analyze the Advisory Agreements and that their questions had been sufficiently answered by Davis Advisors. Upon completion of this review, the Independent Directors found that the terms of the Advisory Agreements were fair and reasonable and that continuation of the Advisory Agreements is in the best interests of Davis Global Fund and Davis International Fund (each individually a "Fund" or collectively the "Funds") and their shareholders.

Reasons the Independent Directors Approved Continuation of the Advisory Agreements

The Independent Directors' determinations were based upon a comprehensive consideration of all information provided to them, and they did not identify any single item or piece of information as the controlling factor. Each Independent Director did not necessarily attribute the same weight to each factor. The following considerations and conclusions were important, but not exclusive, to the Independent Directors' recommendation to renew the Advisory Agreements.

The Independent Directors considered the investment performance of each Fund on an absolute basis as well as relative to its benchmark and other comparable funds. The Independent Directors not only considered the investment performance of each Fund, but also the full range and quality of services provided by Davis Advisors to each Fund and its shareholders, including whether:

- 1. A Fund achieves satisfactory investment results over the long-term, after all costs;
- 2. Davis Advisors efficiently and effectively handles shareholder transactions, inquiries, requests, and records;
- 3. Davis Advisors provides quality accounting, legal, and compliance services, and oversees third-party service providers; and
- 4. Davis Advisors fosters healthy investor behavior.

Davis Advisors is reimbursed a portion of its costs in providing some, but not all, of these services.

A shareholder's ultimate return is the product of a fund's results, as well as the shareholder's behavior, specifically in selecting when to invest or redeem. The Independent Directors concluded that, through its actions and communications, Davis Advisors has attempted to have a meaningful, positive impact on investor behavior.

Davis Advisors takes its role as stewards of capital seriously and maintains a strong alignment of interests with its clients. In aggregate, Davis Advisors and its employees as well as the Davis family (collectively referred to herein as "Davis") have made significant investments in Davis Funds and similarly managed accounts and strategies. The Independent Directors considered that these investments tend to align Davis with its clients, as Davis takes the same risks and reaps the same rewards as its clients and is motivated to achieve satisfactory long-term returns.

The Independent Directors noted the importance of reviewing quantitative measures, but recognized that qualitative factors are also important in assessing whether Davis Funds' shareholders are likely to be well served by the renewal of the Advisory Agreements. They noted both the value and shortcomings of purely quantitative measures, including the data provided by independent service providers, and concluded that, while such measures and data may be informative, the judgment of the Independent Directors must take many factors into consideration in representing the shareholders of the Davis Funds, including those listed below. In connection with reviewing comparative performance information, the Independent Directors generally give greater weight to longer-term measurements.

Director Approval of Advisory Agreements (Unaudited) - (Continued)

DAVIS GLOBAL FUND DAVIS INTERNATIONAL FUND

Reasons the Independent Directors Approved Continuation of the Advisory Agreements - (Continued)

The Independent Directors noted that Davis Advisors employs a disciplined, company-specific, research-driven, businesslike, long-term investment philosophy. The Independent Directors considered the quality of Davis Advisors' investment process as well as the experience, capability, and integrity of its senior management and other personnel.

The Independent Directors recognized Davis Advisors' (a) efforts to minimize transaction costs by generally having a long-term time horizon and low portfolio turnover; (b) focus on tax efficiency; (c) record of generally producing satisfactory results over longer-term periods; (d) efforts towards fostering healthy investor behavior by, among other things, providing informative and substantial educational material; and (e) efforts to promote shareholder interests by actively speaking out on corporate governance issues.

The Independent Directors assessed (a) comparative fee and expense information for other funds, as selected and analyzed by a nationally recognized independent service provider; (b) information regarding fees charged by Davis Advisors to other advisory clients, which includes other funds it advises, other funds which it sub-advises, private accounts, and managed money/wrap clients, as well as the differences in the services provided to such other clients; and (c) the fee schedule and breakpoints (if applicable) of each of the Funds, including an assessment of competitive fee schedules (and breakpoints, if applicable).

The Independent Directors reviewed the management fee schedule for each Fund, the profitability of each Fund to Davis Advisors, the extent to which economies of scale might be realized if the Funds' net assets increase, and whether the fee schedule should reflect those potential economies of scale at this time. The Independent Directors considered the nature, quality, and extent of the services being provided to each Fund and the costs incurred by Davis Advisors in providing such services. The Independent Directors considered various potential benefits that Davis Advisors may receive in connection with the services it provides under the Advisory Agreements with the Funds, including a review of portfolio brokerage practices. The Independent Directors noted that Davis Advisors does not use client commissions to pay for publications that are available to the general public or for research reports that are created by parties other than the broker-dealers providing trade execution, clearing and/or settlement services to the Funds.

The Independent Directors compared the fees paid to Davis Advisors by the Davis Funds with those paid by Davis Advisors' advised and sub-advised clients, private account clients, and managed money/wrap clients. To the extent sub-advised, private account, or managed money/wrap fees were lower than fees paid by the Funds, the Independent Directors noted that the range of services provided to the Funds is more extensive, with greater risks associated with operating SEC registered, publicly traded mutual funds. Serving as the primary adviser for mutual funds is more work because of the complex overlay of regulatory, tax, and accounting issues, which are unique to mutual funds. In addition, the operational work required to service shareholders is more extensive because of the significantly greater number of shareholders, and managing trading is more complex because of more frequent fund flows. With respect to risk, not only has regulation become more complex and burdensome, but the scrutiny of regulators and shareholders has become more intense. The Independent Directors concluded that reasonable justifications existed for any differences between the fee rates for the Funds and Davis Advisors' other lines of business.

Davis Global Fund

The Independent Directors noted that Davis Global Fund Class A shares underperformed its benchmark, the Morgan Stanley Capital International All Country World Index (the "MSCI ACWI"), over the one-, three-, five-, ten-year, and since-inception (December 22, 2004) time periods, all periods ended February 29, 2024.

Broadridge, an independent service provider, presented a report to the Independent Directors that compared the Fund to all retail and institutional global multi-cap value funds (the "Performance Universe Average"), as well as the relevant Lipper Index. The report indicated that the Fund's Class Y shares outperformed both the Performance Universe Average and Lipper Index over the one- and ten-year time periods, underperformed both over the two-, three-, and four-year time periods, and outperformed the Lipper Index but underperformed the Performance Universe Average over the five-year time period, all periods ended December 31, 2023.

The Independent Directors also reviewed the Fund's performance versus both the MSCI ACWI and the Lipper Global Multi-Cap Value category when measured over rolling five- and ten-year time frames. The Fund outperformed both the MSCI ACWI and the Lipper Global Multi-Cap Value category in 10 out of 16 rolling five-year time frames, ended December 31 for each year from 2008 through 2023. The Fund outperformed the MSCI ACWI in 8 out of 11 rolling ten-year time frames and outperformed the Lipper Global Multi-Cap Value category in 11 out of 11 rolling ten-year time frames, ended December 31 for each year from 2013 through 2023.

Director Approval of Advisory Agreements (*Unaudited*) - (Continued)

Davis Global Fund – (Continued)

The Independent Directors considered Davis Global Fund's Class Y shares management fee and total expense ratio. They observed that both were reasonable and well below the median of its expense universe, as determined by Broadridge. The Independent Directors also noted that the Adviser has capped expenses for Class A, Class C, and Class Y shares through March 1, 2025.

Davis International Fund

The Independent Directors noted that Davis International Fund Class A shares underperformed its benchmark, the Morgan Stanley Capital International All Country World Index ex US (the "MSCI ACWI ex US"), over the one-, three-, five-, ten-year, and since-inception (December 29, 2006) time periods, all periods ended February 29, 2024.

Broadridge, an independent service provider, presented a report to the Independent Directors that compared the Fund to all retail and institutional international multi-cap core funds (the "Performance Universe Average"), as well as the relevant Lipper Index. The report indicated that the Fund's Class Y shares underperformed both the Performance Universe Average and Lipper Index over the one-, two-, three-, four-, five-, and ten-year time periods, all periods ended December 31, 2023.

The Independent Directors also reviewed the Fund's performance versus both the MSCI ACWI ex US and the Lipper International Multi-Cap Core category when measured over rolling five- and ten-year time frames. The Fund outperformed the MSCI ACWI ex US in 8 out of 14 rolling five-year time frames and outperformed the Lipper International Multi-Cap Core category in 5 out of 14 rolling five-year time frames, ended December 31 for each year from 2010 through 2023. The Fund outperformed the MSCI ACWI ex US in 4 out of 9 rolling ten-year time frames and underperformed the Lipper International Multi-Cap Core category in all but one rolling ten-year time frame, ended December 31 for each year from 2015 through 2023.

The Independent Directors considered Davis International Fund's Class Y shares management fee and total expense ratio. They observed that both were reasonable and well below the median of its expense universe, as determined by Broadridge. The Independent Directors also noted that the Adviser has capped expenses for Class A, Class C, and Class Y shares through March 1, 2025.

Approval of Advisory Agreements

The Independent Directors concluded that Davis Advisors had provided Davis Global Fund and Davis International Fund and their shareholders a reasonable level of both investment and non-investment services. The Independent Directors further concluded that shareholders have received a significant benefit from Davis Advisors' shareholder-oriented approach, as well as the execution of its investment discipline.

The Independent Directors determined that the advisory fees for Davis Global Fund and Davis International Fund were reasonable in light of the nature, quality, and extent of the services being provided to the Funds, the costs incurred by Davis Advisors in providing such services, and in comparison to the range of the average advisory fees of their peer groups, as determined by an independent service provider. The Independent Directors found that the terms of the Advisory Agreements are fair and reasonable and that continuation of the Advisory Agreements is in the best interests of each Fund and its shareholders. The Independent Directors and the full Board of Directors therefore voted to continue the Advisory Agreements.

Privacy Notice

While you generally will be dealing with a broker-dealer or other financial adviser, we may collect information about you from your account application and other forms that you may deliver to us. We use this information to process your requests and transactions; for example, to provide you with additional information about our Funds, to open an account for you, or to process a transaction. In order to service your account and execute your transactions, we may provide your personal information to firms that assist us in servicing your account, such as our transfer agent. We may also provide your name and address to one of our agents for the purpose of mailing to you your account statement and other information about our products and services. We may also gather information through the use of "cookies" when you visit our website. These files help us to recognize repeat visitors and allow easy access to and use of the website. We require these outside firms and agents to protect the confidentiality of your information and to use the information only for the purpose for which the disclosure is made. We do not provide customer names and addresses to outside firms, organizations, or individuals except in furtherance of our business relationship with you or as otherwise allowed by law.

We restrict access to nonpublic personal information about you to those employees who need to know that information to provide products or services to you. We maintain physical, electronic, and procedural safeguards that comply with federal standards to guard your personal information.

Householding

The Funds may, on occasion, mail notices, reports, prospectuses, or proxy material to shareholders. To avoid sending duplicate copies of materials to households, the Funds will mail only one copy of these items to shareholders having the same last name and address on the Funds' records. The consolidation of these mailings, called householding, benefits the Funds through reduced mailing expense. If you have a direct account with the Funds and you do not want the mailing of these documents to be combined with those to other members of your household, please contact Davis Funds by phone at 1-800-279-0279. Your instructions will become effective within 30 days of your notice to the Funds.

Tailored Shareholder Report

DAVIS GLOBAL FUND DAVIS INTERNATIONAL FUND

Beginning in July 2024, as required by regulations adopted by the SEC, the Funds will be producing a Tailored Shareholder Report, which, together with Form N-CSR, will replace the current Annual and Semi-Annual reports that investors receive today. The Tailored Shareholder Report is intended to make the content more concise and easier for investors to understand. These new reports will include class-specific information, such as simplified expense presentation, fund performance details including returns, graphical representation of holdings, and material changes from the prior year to help investors monitor their fund by share class.

There is no action needed on your part:

- If you currently elect to receive shareholder reports electronically, you will receive the new Tailored Shareholder Report in this way.
- If you currently receive printed reports or postcard notices via mail, the new Tailored Shareholder Report will be mailed to you.

Detailed information (such as complete financial statements) will not be included in the Tailored Shareholder Report but will be available online, and if requested, delivered via email or in paper free of charge. This detailed information will be filed on a semi-annual basis on Form N-CSR. Please contact your financial intermediary to inform them if you wish to receive paper or email copies of the more detailed information and whether this will apply to all funds held with your financial intermediary.

For the purpose of their service as Directors and Officers to the Davis Funds, the business address for each of the Directors and Officers is: 2949 E. Elvira Road, Suite 101, Tucson, AZ 85756. Subject to exceptions and exemptions which may be granted by the Independent Directors, Directors must retire from the Board of Directors and cease being a Director at the close of business on the last day of the calendar year in which the Director attains age seventy-eight (78).
