

Davis New York Venture Fund
An authorized series of
Davis New York Venture Fund, Inc.
Supplement dated August 18, 2023
To the Prospectus dated November 29, 2022

The following is added to Appendix A:

J.P. MORGAN SECURITIES LLC

Effective September 29, 2023, if you purchase or hold fund shares through an applicable J.P. Morgan Securities LLC brokerage account, you will be eligible for the following sales charge waivers (front-end sales charge waivers and contingent deferred sales charge (“CDSC”), or back-end sales charge, waivers), share class conversion policy and discounts, which may differ from those disclosed elsewhere in this fund’s prospectus or Statement of Additional Information.

Front-end sales charge waivers on Class A shares available at J.P. Morgan Securities LLC

- Shares exchanged from Class C (i.e. level-load) shares that are no longer subject to a CDSC and are exchanged into Class A shares of the same fund pursuant to J.P. Morgan Securities LLC’s share class exchange policy.
- Qualified employer-sponsored defined contribution and defined benefit retirement plans, nonqualified deferred compensation plans, other employee benefit plans and trusts used to fund those plans. For purposes of this provision, such plans do not include SEP IRAs, SIMPLE IRAs, SAR-SEPs or 501(c)(3) accounts.
- Shares of funds purchased through J.P. Morgan Securities LLC Self-Directed Investing accounts.
- Shares purchased through rights of reinstatement.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Shares purchased by employees and registered representatives of J.P. Morgan Securities LLC or its affiliates and their spouse or financial dependent as defined by J.P. Morgan Securities LLC.

Class C to Class A share conversion

- A shareholder in the fund’s Class C shares will have their shares converted to Class A shares (or the appropriate share class) of the same fund if the shares are no longer subject to a CDSC and the conversion is consistent with J.P. Morgan Securities LLC’s policies and procedures.

CDSC waivers on Class A and C shares available at J.P. Morgan Securities LLC

- Shares sold upon the death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund’s prospectus.
- Shares purchased in connection with a return of excess contributions from an IRA account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts pursuant to the Internal Revenue Code.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at J.P. Morgan Securities LLC: breakpoints, rights of accumulation & letters of intent

- Breakpoints as described in the prospectus.
- Rights of Accumulation (“ROA”) which entitle shareholders to breakpoint discounts as described in the fund’s prospectus will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at J.P. Morgan Securities LLC. Eligible fund family assets not held at J.P. Morgan

Securities LLC (including 529 program holdings, where applicable) may be included in the ROA calculation only if the shareholder notifies their financial advisor about such assets.

- Letters of Intent (“LOI”) which allow for breakpoint discounts based on anticipated purchases within a fund family, through J.P. Morgan Securities LLC, over a 13-month period of time (if applicable).

This prospectus contains important information. Please read it carefully before investing and keep it for future reference.

No financial adviser, dealer, salesperson or any other person has been authorized to give any information or to make any representations, other than those contained in this prospectus, in connection with the offer contained in this prospectus and, if given or made, such other information or representations must not be relied on as having been authorized by the Fund, the Fund's investment adviser or the Fund's distributor.

This prospectus does not constitute an offer by the Fund or by the Fund's distributor to sell or a solicitation of an offer to buy any of the securities offered hereby in any jurisdiction to any person to whom it is unlawful for the Fund to make such an offer.

DAVIS NEW YORK VENTURE FUND SUMMARY

Investment Objective

The Fund seeks long-term growth of capital.

Fees and Expenses of the Fund

These tables describe the fees and expenses that you may pay if you buy, hold, and sell shares of the Fund. You may pay other fees, such as brokerage commissions and other fees to financial intermediaries, which are not reflected in the tables and examples below. You may qualify for sales charge discounts with respect to Class A shares if you and your family invest, or agree to invest in the future, at least \$100,000 in Davis Funds. More information about these and other discounts is available from your financial professional and in the “How to Choose a Share Class” section of the Fund’s prospectus on page 18 and in the “Selecting the Appropriate Class of Shares” section of the Fund’s statement of additional information on page 34. In addition, descriptions of the sales load waivers and/or discounts for Class A shares with respect to certain financial intermediaries are reproduced in “Appendix A: Intermediary-Specific Sales Charge Waivers and Discounts” to the prospectus based on information provided by the financial intermediary.

Shareholder Fees <i>(fees paid directly from your investment)</i>	Class A shares	Class B shares	Class C shares	Class R shares	Class Y shares
Maximum Sales Charge (Load) Imposed on Purchases <i>(as a percentage of offering price)</i>	4.75%	None	None	None	None
Maximum Deferred Sales Charge (Load) <i>(as a percentage of the lesser of the net asset value of the shares redeemed or the total cost of such shares)</i>	0.50%*	4.00%	1.00%	None	None
Redemption Fee <i>(as a percentage of total redemption proceeds)</i>	None	None	None	None	None

* Only applies if you buy shares valued at \$1 million or more without a sales charge and sell the shares within one year of purchase.

Annual Fund Operating Expenses <i>(expenses that you pay each year as a percentage of the value of your investment)</i>	Class A shares	Class B shares	Class C shares	Class R shares	Class Y shares
Management Fees	0.53%	0.53%	0.53%	0.53%	0.53%
Distribution and/or Service (12b-1) Fees	0.23%	1.00%	1.00%	0.50%	0.00%
Other Expenses	0.15%	0.53%	0.20%	0.16%	0.13%
Total Annual Operating Expenses	0.91%	2.06%	1.73%	1.19%	0.66%
Less Fee Waiver or Expense Reimbursement*	0.00%	-0.31%	0.00%	0.00%	0.00%
Net Expenses	0.91%	1.75%	1.73%	1.19%	0.66%

* The Adviser is contractually committed to waive fees and/or reimburse the Fund’s expenses to the extent necessary to cap total annual fund operating expenses (Class A shares, 1.00%; Class B shares, 1.75%; Class C shares, 1.75%; Class R shares, 1.25%; and Class Y shares, 0.75%). The Adviser is obligated to continue the expense cap through December 1, 2023. The expense cap cannot be modified prior to this date without the consent of the Board of Directors. After that date, there is no assurance that the Adviser will continue to cap expenses. The Adviser may not recoup any of the operating expenses it has reimbursed to the Fund.

Example. This Example is intended to help you compare the cost of investing in the Fund with the cost of investing in other mutual funds. The Example assumes that you invest \$10,000 in the Fund for the time periods indicated and then redeem all of your shares at the end of those periods. The Example also assumes that your investment has a 5% return each year and the Fund’s operating expenses remain the same. Although your actual costs may be higher or lower, based on these assumptions, your costs would be:

	If you redeem your shares in:				If you did not redeem your shares in:			
	1 Year	3 Years	5 Years	10 Years	1 Year	3 Years	5 Years	10 Years
Class A shares	\$563	\$751	\$955	\$1,541	\$563	\$751	\$955	\$1,541
Class B shares	578	916	1,280	1,928	178	616	1,080	1,928
Class C shares	276	545	939	1,824	176	545	939	1,824
Class R shares	121	378	654	1,443	121	378	654	1,443
Class Y shares	67	211	368	822	67	211	368	822

Portfolio Turnover

The Fund pays transaction costs, such as commissions, when it buys and sells securities (or “turns over” its portfolio). A higher portfolio turnover rate may indicate higher transaction costs and may result in higher taxes when Fund shares are held in a taxable account. These costs, which are not reflected in annual fund operating expenses or in the example, affect the Fund’s performance. During the most recent fiscal year, the Fund’s portfolio turnover rate was 17% of the average value of its portfolio.

Principal Investment Strategies

Davis Selected Advisers, L.P. (“Davis Advisors” or the “Adviser”), the Fund’s investment adviser, uses the Davis Investment Discipline to invest Davis New York Venture Fund’s portfolio principally in common stocks (including indirect holdings of common stock through depositary receipts) issued by large companies with market capitalizations of at least \$10 billion. Historically, the Fund has invested a significant portion of its assets in financial services companies and in foreign companies, and may also invest in mid- and small-capitalization companies.

Davis Investment Discipline. Davis Advisors manages equity funds using the Davis Investment Discipline. Davis Advisors conducts extensive research to try to identify businesses that possess characteristics that Davis Advisors believes foster the creation of long-term value, such as proven management, a durable franchise and business model, and sustainable competitive advantages. Davis Advisors aims to invest in such businesses when they are trading at discounts to their intrinsic worth. Davis Advisors emphasizes individual stock selection and believes that the ability to evaluate management is critical. Davis Advisors routinely visits managers at their places of business in order to gain insight into the relative value of different businesses. Such research, however rigorous, involves predictions and forecasts that are inherently uncertain. After determining which companies Davis Advisors believes the Fund should own, Davis Advisors then turns its analysis to determining the intrinsic value of those companies’ equity securities. Davis Advisors seeks companies whose equity securities can be purchased at a discount from Davis Advisors’ estimate of the company’s intrinsic value based upon fundamental analysis of cash flows, assets and liabilities, and other criteria that Davis Advisors deems to be material on a company-by-company basis. Davis Advisors’ goal is to invest in companies for the long term (ideally, five years or longer, although this goal may not be met). Davis Advisors considers selling a company’s equity securities if the securities’ market price exceeds Davis Advisors’ estimates of intrinsic value, if the ratio of the risks and rewards of continuing to own the company’s equity securities is no longer attractive, to raise cash to purchase a more attractive investment opportunity, to satisfy net redemptions, or for other purposes.

Principal Risks of Investing in Davis New York Venture Fund

You may lose money by investing in the Fund. Investors in the Fund should have a long-term perspective and be able to tolerate potentially sharp declines in value.

The principal risks of investing in the Fund are:

Stock Market Risk. Stock markets tend to move in cycles, with periods of rising prices and periods of falling prices, including the possibility of sharp declines.

Common Stock Risk. Common stock represents an ownership position in a company. An adverse event may have a negative impact on a company and could result in a decline in the price of its common stock. Common stock is generally subordinate to an issuer’s other securities, including preferred, convertible, and debt securities.

Financial Services Risk. Risks of investing in the financial services sector include: (i) systemic risk: factors outside the control of a particular financial institution may adversely affect the ability of the financial institution to operate normally or may impair its financial condition; (ii) regulatory actions: financial services companies may suffer setbacks if regulators change the rules under which they operate; (iii) changes in interest rates: unstable and/or rising interest rates may have a disproportionate effect on companies in the financial services sector; (iv) non-diversified loan portfolios: financial services companies may have concentrated portfolios that makes them vulnerable to economic conditions that affect an industry; (v) credit: financial services companies may have exposure to investments or agreements that may lead to losses; and (vi) competition: the financial services sector has become increasingly competitive.

Foreign Country Risk. Securities of foreign companies (including ADRs) may be subject to greater risk as foreign economies may not be as strong or diversified, foreign political systems may not be as stable, and foreign financial reporting standards may not be as rigorous as they are in the United States. There may also be less information publicly available regarding the non-U.S. issuers and their securities. These securities may be less liquid (and, in some cases, may be illiquid) and could be harder to value than more liquid securities.

China Risk – Generally. Investment in Chinese securities may subject the Fund to risks that are specific to China. China may be subject to significant amounts of instability, including, but not limited to, economic, political, and social instability. China’s economy may differ from the U.S. economy in certain respects, including, but not limited to, general development, level of government involvement, wealth distribution, and structure.

The Fund may invest in securities issued by variable interest entities (“VIEs”), which are subject to the investment risks associated with the underlying Chinese operating company. A VIE enters into service contracts and other contracts with the Chinese operating company, which provide the VIE with exposure to the company. Although the VIE has no equity ownership of the Chinese operating company, the contractual arrangements permit the VIE to consolidate the Chinese operating company into its financial statements. Intervention by the Chinese government with respect to VIEs could significantly affect the Chinese operating company’s performance and the enforceability of the VIE’s contractual arrangements with the Chinese company.

Headline Risk. The Fund may invest in a company when the company becomes the center of controversy after receiving adverse media attention concerning its operations, long-term prospects, management, or for other reasons. While Davis Advisors researches companies subject to such contingencies, it cannot be correct every time, and the company’s stock may never recover or may become worthless.

Large-Capitalization Companies Risk. Companies with \$10 billion or more in market capitalization are considered by the Adviser to be large-capitalization companies. Large-capitalization companies generally experience slower rates of growth in earnings per share than do mid- and small-capitalization companies.

Manager Risk. Poor security selection or focus on securities in a particular sector, category, or group of companies may cause the Fund to underperform relevant benchmarks or other funds with a similar investment objective. Even if the Adviser implements the intended investment strategies, the implementation of the strategies may be unsuccessful in achieving the Fund’s investment objective.

Depository Receipts Risk. Depository receipts, consisting of American Depositary Receipts, European Depositary Receipts, and Global Depositary Receipts, are certificates evidencing ownership of shares of a foreign issuer. Depository receipts are subject to many of the risks associated with investing directly in foreign securities. Depository receipts may trade at a discount, or a premium, to the underlying security and may be less liquid than the underlying securities listed on an exchange.

Emerging Market Risk. Securities of issuers in emerging and developing markets may offer special investment opportunities, but present risks relating to political, economic or regulatory conditions not found in more mature markets, such as government controls on foreign investments, government restrictions on the transfer of securities and less developed trading markets, exchanges, reporting standards and legal and accounting systems.

Fees and Expenses Risk. The Fund may not earn enough through income and capital appreciation to offset the operating expenses of the Fund. All mutual funds incur operating fees and expenses. Fees and expenses reduce the return that a shareholder may earn by investing in a fund, even when a fund has favorable performance. A low-return environment, or a bear market, increases the risk that a shareholder may lose money.

Foreign Currency Risk. The change in value of a foreign currency against the U.S. dollar will result in a change in the U.S. dollar value of securities denominated in that foreign currency. For example, when the Fund holds a security that is denominated in a foreign currency, a decline of that foreign currency against the U.S. dollar would generally cause the value of the Fund’s shares to decline.

Mid- and Small-Capitalization Companies Risk. Companies with less than \$10 billion in market capitalization are considered by the Adviser to be mid- or small-capitalization companies. Mid- and small-capitalization companies typically have more limited product lines, markets and financial resources than larger companies and their securities may trade less frequently and in more limited volume than those of larger, more mature companies.

Your investment in the Fund is not a bank deposit and is not insured or guaranteed by the Federal Deposit Insurance Corporation or any other government agency, entity or person.

Performance Results

The bar chart below provides some indication of the risks of investing in the Davis New York Venture Fund by showing how the Fund’s investment results have varied from year to year. The following table shows how the Fund’s average annual total returns, for the periods indicated, compare with those of the S&P 500 Index, a broad-based securities market index. The Fund’s past performance (before and after taxes) is not necessarily an indication of how the Fund will perform in the future. Updated information on the Fund’s results can be obtained by visiting www.davisfunds.com or by calling 1-800-279-0279.

After-tax returns are shown only for Class A shares; after-tax returns for other share classes will vary. After-tax returns are calculated using the historical highest individual federal marginal income tax rates and do not reflect the impact of state and local taxes. Actual after-tax returns depend on an investor’s tax situation and may differ from those shown, and after-tax returns shown are not relevant to investors who hold their Fund shares through a tax-deferred arrangement, such as a 401(k) plan or an individual retirement account.

Calendar Year Total Returns for Class A Shares

(Sales loads are not reflected in the bar chart and, if these amounts were reflected, returns would be less than those shown.)

Highest/Lowest quarterly results during the time period were:

Highest 18.99% (quarter ended December 31, 2020)

Lowest -26.50% (quarter ended March 31, 2020)

Total return for the nine months ended September 30, 2022 (non-annualized) was -26.17%.

Average Annual Total Returns (For the periods ended December 31, 2021, with maximum sales charge)	Past 1 Year	Past 5 Years	Past 10 Years
Class A shares return before taxes	7.16%	10.68%	11.99%
Class A shares return after taxes on distributions	2.51%	7.60%	8.72%
Class A shares return after taxes on distributions and sale of Fund shares	7.72%	8.06%	9.08%
Class B shares return before taxes	8.04%	10.51%	11.78%
Class C shares return before taxes	10.70%	10.86%	11.83%
Class R shares return before taxes	12.21%	11.43%	12.19%
Class Y shares return before taxes	12.78%	12.03%	12.81%
S&P 500 Index reflects no deduction for fees, expenses, or taxes	28.71%	18.46%	16.54%

Management

Investment Adviser. Davis Selected Advisers, L.P. serves as the Fund's investment adviser.

Sub-Adviser. Davis Selected Advisers – NY, Inc., a wholly owned subsidiary of the Adviser, serves as the Fund's sub-adviser.

Portfolio Managers. As of the date of this prospectus, the Portfolio Managers listed below are jointly and primarily responsible for the day-to-day management of the Fund's portfolio.

Portfolio Managers	Experience with this Fund	Primary Title with Investment Adviser or Sub-Adviser
Christopher Davis	Since October 1995	Chairman, Davis Selected Advisers, L.P.
Danton Goei	Since January 2014	Vice President, Davis Selected Advisers – NY, Inc.

Purchase and Sale of Fund Shares

Any additional investments received for existing Class B share accounts of the Davis New York Venture Fund will be made in Class A shares of Davis Government Money Market Fund. Account applications requesting a new Class B share account will be returned.

	Class A and C shares	Class Y shares	Class R shares
Minimum Initial Investment	\$1,000	\$5,000,000	\$500,000
Minimum Additional Investment	25	25	25

You may sell (redeem) shares each day the New York Stock Exchange is open. Your transaction may be placed through your dealer or financial adviser, by writing to **Davis Funds, P.O. Box 219197, Kansas City, MO 64121-9197**, telephoning **1-800-279-0279**, or accessing Davis Funds' website (www.davisfunds.com). Certain financial intermediaries may impose different restrictions than those shown above.

Tax Information

If the Fund earns income or realizes capital gains, it intends to make distributions that may be taxed as ordinary income, qualified dividend income or capital gains by federal, state, and local authorities.

Payments to Broker-Dealers and Other Financial Intermediaries

If you purchase Davis New York Venture Fund through a broker-dealer or other financial intermediary (such as a bank), the Fund and its related companies may pay the intermediary for the sale of Fund shares and related services. These payments may create a conflict of interest by influencing the broker-dealer or other intermediary and your individual financial adviser to recommend the Fund over another investment. Ask your individual financial adviser or visit your financial intermediary's website for more information.

ADDITIONAL INFORMATION ABOUT INVESTMENT OBJECTIVES, PRINCIPAL STRATEGIES, AND PRINCIPAL RISKS

This prospectus contains important information about investing in the Fund. Please read this prospectus carefully before you make any investment decisions. Additional information regarding the Fund is available at www.davisfunds.com.

Investment Objective

The investment objective of Davis New York Venture Fund is long-term growth of capital. The Fund's investment objective is not a fundamental policy and may be changed by the Board of Directors without a vote of shareholders. The Fund's prospectus would be amended prior to any change in investment objective and shareholders would be provided at least 30 days' notice before the change in investment objective was implemented.

Principal Investment Strategies

The principal investment strategies and risks for the Fund are described in more detail below. The prospectus and statement of additional information ("SAI") contain a number of investment strategies and risks that may be important to consider even though they are not principal investment strategies or principal risks for the Fund. The prospectus also contains disclosure that describes Davis Advisors' process for determining when the Fund may pursue a non-principal investment strategy.

Davis Advisors uses the Davis Investment Discipline to invest Davis New York Venture Fund's portfolio principally in common stocks (including indirect holdings of common stock through depository receipts) issued by large companies with market capitalizations of at least \$10 billion. Historically, the Fund has invested a significant portion of its assets in financial services companies and in foreign companies, and may also invest in mid- and small-capitalization companies.

Principal Risks of Investing in the Fund

If you buy shares of the Fund, you may lose some or all of the money that you invest. The investment return and principal value of an investment in the Fund will fluctuate so that an investor's shares, when redeemed, may be worth more or less than their original cost. The likelihood of loss may be greater if you invest for a shorter period of time. This section describes the principal risks (but not the only risks) that could cause the value of your investment in the Fund to decline, and which could prevent the Fund from achieving its stated investment objective.

Stock Market Risk. Stock markets tend to move in cycles, with periods of rising prices and periods of falling prices, including the possibility of sharp declines. As an example, U.S. and international markets have experienced volatility in recent months and years due to a number of economic, political and global macro factors including the impact of the coronavirus (COVID-19) as a global pandemic, uncertainties regarding interest rates, rising inflation, trade tensions and the threat of tariffs imposed by the U.S. and other countries. The recovery from COVID-19 is proceeding at slower than expected rates and may last for a prolonged period of time. In addition, as a result of continuing political tensions and armed conflicts, including the war between Ukraine and Russia, the U.S. and the European Union imposed sanctions on certain Russian individuals and companies, including certain financial institutions, and have limited certain exports and imports to and from Russia. The war has contributed to recent market volatility and may continue to do so. These developments as well as other events could result in further market volatility and negatively affect financial asset prices, the liquidity of certain securities and the normal operations of securities exchanges and other markets. Continuing market volatility as a result of recent market conditions or other events may have an adverse effect on the performance of the Fund.

Common Stock Risk. Common stock represents ownership positions in companies. The prices of common stock fluctuate based on changes in the financial condition of their issuers and on market and economic conditions. Events that have a negative impact on a business probably will be reflected in a decline in the price of its common stock. Furthermore, when the total value of the stock market declines, most common stocks, even those issued by strong companies, likely will decline in value. Common stock is generally subordinate to an issuer's other securities, including preferred, convertible and debt securities.

Financial Services Risk. A company is "principally engaged" in financial services if it owns financial services related assets constituting at least 50% of the total value of its assets, or if at least 50% of its revenues are derived from its provision of financial services. The financial services sector consists of several different industries that behave differently in different

economic and market environments, including, e.g., banking, insurance, and securities brokerage houses. Companies in the financial services sector include: commercial banks, industrial banks, savings institutions, finance companies, diversified financial services companies, investment banking firms, securities brokerage houses, investment advisory companies, leasing companies, insurance companies, and companies providing similar services. Due to the wide variety of companies in the financial services sector, they may react in different ways to changes in economic and market conditions.

- Risks of investing in the financial services sector include: (i) systemic risk: factors outside the control of a particular financial institution—like the failure of another, significant financial institution or material disruptions to the credit markets—may adversely affect the ability of the financial institution to operate normally or may impair its financial condition; (ii) regulatory actions: financial services companies may suffer setbacks if regulators change the rules under which they operate; (iii) changes in interest rates: unstable and/or rising interest rates may have a disproportionate effect on companies in the financial services sector; (iv) non-diversified loan portfolios: financial services companies, whose securities the Fund purchases, may themselves have concentrated portfolios, such as a high level of loans to real estate developers, which makes them vulnerable to economic conditions that affect that industry; (v) credit: financial services companies may have exposure to investments or agreements, which, under certain circumstances, may lead to losses, e.g., sub-prime loans; and (vi) competition: the financial services sector has become increasingly competitive.
- *Banking.* Commercial banks (including “money center” regional and community banks), savings and loan associations, and holding companies of the foregoing are especially subject to adverse effects of volatile interest rates, concentrations of loans in particular industries or classifications (such as real estate, energy, or sub-prime mortgages), and significant competition. The profitability of these businesses is to a significant degree dependent on the availability and cost of capital funds. Economic conditions in the real estate market may have a particularly strong effect on certain banks and savings associations. Commercial banks and savings associations are subject to extensive federal and, in many instances, state regulation. Neither such extensive regulation nor the federal insurance of deposits ensures the solvency or profitability of companies in this industry, and there is no assurance against losses in securities issued by such companies.
- *Insurance.* Insurance companies are particularly subject to government regulation and rate setting, potential anti-trust and tax law changes, and industry-wide pricing and competition cycles. Property and casualty insurance companies also may be affected by weather, terrorism, long-term climate changes, and other catastrophes. Life and health insurance companies may be affected by mortality and morbidity rates, including the effects of epidemics. Individual insurance companies may be exposed to reserve inadequacies, problems in investment portfolios (e.g., real estate or “junk” bond holdings) and failures of reinsurance carriers.
- *Other Financial Services Companies.* Many of the investment considerations discussed in connection with banks and insurance companies also apply to other financial services companies. These companies are subject to extensive regulation, rapid business changes, and volatile performance dependent on the availability and cost of capital and prevailing interest rates and significant competition. General economic conditions significantly affect these companies. Credit and other losses resulting from the financial difficulty of borrowers or other third parties have a potentially adverse effect on companies in this industry. Investment banking, securities brokerage and investment advisory companies are particularly subject to government regulation and the risks inherent in securities trading and underwriting activities.
- *Other Regulatory Limitations.* Regulations of the Securities and Exchange Commission (“SEC”) impose limits on: (i) investments in the securities of companies that derive more than 15% of their gross revenues from the securities or investment management business (although there are exceptions, the Fund is prohibited from investing more than 5% of its total assets in a single company that derives more than 15% of its gross revenues from the securities or investment management business); and (ii) investments in insurance companies. The Fund generally is prohibited from owning more than 10% of the outstanding voting securities of an insurance company.

Foreign Country Risk. Foreign companies may issue both equity and fixed income securities. A company may be classified as either “domestic” or “foreign” depending upon which factors the Adviser considers most important for a given company. Factors, that the Adviser considers in classifying a company as domestic or foreign include: (i) whether the company is organized under the laws of the United States or a foreign country; (ii) whether the company’s securities principally trade in securities markets outside of the United States; (iii) the source of the majority of the company’s revenues or profits; and (iv) the location of the majority of the company’s assets. The Adviser generally follows the country classification indicated by a third-party service provider, but may use a different country classification if the Adviser’s analysis of the four factors provided above or other factors that the Adviser deems relevant indicate that a different country classification is more appropriate. Foreign country risk can be more focused on factors concerning specific countries or geographic areas when the Fund’s holdings are more focused in these countries or geographic areas. The additional risk from certain countries or geographies is described in more detail in the statement of additional information. See the schedule of investments in the most current shareholder report for the country classification of each holding.

The Fund invests a significant portion of its assets in securities issued by companies operating, incorporated, or principally traded in foreign countries. Investing in foreign countries involves risks that may cause the Fund's performance to be more volatile than it would be if the Fund invested solely in the United States. Foreign economies may not be as strong or as diversified, foreign political systems may not be as stable, and foreign financial reporting standards may not be as rigorous as they are in the United States. In addition, foreign capital markets may not be as well developed, so securities may be less liquid, transaction costs may be higher, and investments may be subject to more government regulation. When the Fund invests in foreign securities, the Fund's operating expenses are likely to be higher than those of an investment company investing exclusively in U.S. securities, since the custodial and certain other expenses associated with foreign investments are expected to be higher.

China Risk – Generally. Investment in Chinese securities may subject the Fund to risks that are specific to China. China may be subject to significant amounts of instability, including, but not limited to, economic, political, and social instability. China's economy may differ from the U.S. economy in certain respects, including, but not limited to, general development, level of government involvement, wealth distribution, and structure. The government of China has historically demonstrated its control over almost every sector of the Chinese economy through state ownership and/or administrative regulation. As an example, the Chinese government has taken certain actions that influence prices of goods and encouraged companies to invest in and has induced mergers in certain industries, and may take such actions or similar actions now or in the future. In addition, the Chinese government has taken actions which could materially impact the business operations of certain industries, which could impact underlying holdings. U.S. and Chinese regulators have, and may in the future, impact the ability of Chinese companies to gain access to U.S. capital markets.

As of October 31, 2022, the Fund had significant exposure to shell companies with contractual arrangements with variable interest entities, as defined below. For purposes of raising capital offshore on exchanges outside of China, including on U.S. exchanges, many Chinese-based operating companies are structured as Variable Interest Entities ("VIEs"). In this structure, the Chinese-based operating company is the VIE and establishes a shell company in a foreign jurisdiction, such as the Cayman Islands. The shell company lists on a foreign exchange and enters into contractual arrangements with the VIE. This structure allows Chinese companies in which the government restricts foreign ownership to raise capital from foreign investors. While the shell company has no equity ownership of the VIE, these contractual arrangements permit the shell company to consolidate the VIE's financial statements with its own for accounting purposes and provide for economic exposure to the performance of the underlying Chinese operating company. Therefore, an investor in the listed shell company, such as the Fund, will have exposure to the Chinese-based operating company only through contractual arrangements and has no ownership in the Chinese-based operating company. Furthermore, because the shell company only has specific rights provided for in these service agreements with the VIE, its abilities to control the activities at the Chinese-based operating company are limited and the operating company may engage in activities that negatively impact investment value.

While the VIE structure has been widely adopted, it is not formally recognized under Chinese law and therefore there is a risk that the Chinese government could prohibit the existence of such structures or negatively impact the VIE's contractual arrangements with the listed shell company by making them invalid. If these contracts were found to be unenforceable under Chinese law, investors in the listed shell company, such as the Fund, may suffer significant losses with little or no recourse available. If the Chinese government determines that the agreements establishing the VIE structures do not comply with Chinese law and regulations, including those related to restrictions on foreign ownership, it could subject a Chinese-based issuer to penalties, revocation of business and operating licenses, or forfeiture of ownership interest. In addition, the listed shell company's control over a VIE may also be jeopardized if a natural person who holds the equity interest in the VIE breaches the terms of the agreement, is subject to legal proceedings or if any physical instruments for authenticating documentation, such as chops and seals, are used without the Chinese-based issuer's authorization to enter into contractual arrangements in China. Chops and seals, which are carved stamps used to sign documents, represent a legally binding commitment by the company. Moreover, any future regulatory action may prohibit the ability of the shell company to receive the economic benefits of the Chinese-based operating company, which may cause the value of the Fund's investment in the listed shell company to suffer a significant loss. For example, in 2021, the Chinese government prohibited use of the VIE structure for investment in after-school tutoring companies. There is no guarantee that the government will not place similar restrictions on other industries.

Chinese law prohibits investments by foreign investors in certain companies in certain industries. Certain industries that impact minors may be at a higher risk of regulatory action. The Chinese government placed new regulations on the companies related to after-school tutoring and private educational services, one of which is mandating that it must now be registered as a non-profit organization.

Headline Risk. Davis Advisors seeks to acquire companies with durable business models that can be purchased at attractive valuations relative to what Davis Advisors believes to be the companies' intrinsic values. Davis Advisors may make such investments when a company becomes the center of controversy after receiving adverse media attention. The company may be involved in litigation, the company's financial reports or corporate governance may be challenged, the company's public filings may disclose a weakness in internal controls, greater government regulation may be contemplated, or other adverse events may

threaten the company's future. While Davis Advisors researches companies subject to such contingencies, Davis Advisors cannot be correct every time, and the company's stock may never recover or may become worthless.

Large-Capitalization Companies Risk. Companies with \$10 billion or more in market capitalization are considered by the Adviser to be large-capitalization companies. Large-capitalization companies generally experience slower rates of growth in earnings per share than do mid- and small-capitalization companies.

Manager Risk. Poor security selection or focus on securities in a particular sector, category, or group of companies may cause the Fund to underperform relevant benchmarks or other funds with a similar investment objective.

Depository Receipts Risk. Securities of a foreign company may involve investing in Depository Receipts, which include American Depository Receipts, European Depository Receipts and Global Depository Receipts, which are certificates evidencing ownership of shares of a foreign issuer. These certificates, which may be sponsored or unsponsored, are issued by depository banks and, generally, trade on an established market in the United States or elsewhere. The underlying shares are held in trust by a custodian bank or similar financial institution in the issuer's home country. The depository bank may not have physical custody of the underlying securities at all times and may charge fees for various services, including forwarding dividends, interest and corporate actions. Depository receipts are alternatives to directly purchasing the underlying foreign securities in their national markets and currencies. However, depository receipts continue to be subject to many of the risks associated with investing directly in foreign securities. These risks include foreign exchange risk, as well as the political and economic risks of the underlying issuer's country. Depository receipts may trade at a discount, or a premium, to the underlying security and may be less liquid than the underlying securities listed on an exchange.

Emerging Market Risk. Securities of issuers in emerging and developing markets may offer special investment opportunities, but present risks not found in more mature markets. Those securities may be more difficult to sell at an acceptable price and their prices may be more volatile than securities of issuers in more developed markets. For example, Chinese securities may be subject to increased volatility and pricing anomalies resulting from governmental influence, a lack of publicly available information and/or political and social instability. Settlements of trades may be subject to greater delays so that the Fund might not receive the proceeds of a sale of a security on a timely basis. In unusual situations, it may not be possible to repatriate sales proceeds in a timely fashion. These investments may be very speculative.

Emerging markets might have less developed trading markets and exchanges. These countries may have less developed legal and accounting systems and investments may be subject to greater risks of government restrictions on withdrawing the sale proceeds of securities from the country. Companies operating in emerging markets may not be subject to U.S. prohibitions against doing business with countries that are state sponsors of terrorism. Economies of developing countries may be more dependent on relatively few industries that may be highly vulnerable to local and global changes. Governments may be more unstable and present greater risks of nationalization, expropriation, or restrictions on foreign ownership of stocks of local companies.

Fees and Expenses Risk. The Fund may not earn enough through income and capital appreciation to offset the operating expenses of the Fund. All mutual funds incur operating fees and expenses. Fees and expenses reduce the return that a shareholder may earn by investing in a fund even when a fund has favorable performance. A low-return environment, or a bear market, increases the risk that a shareholder may lose money.

Foreign Currency Risk. Securities issued by foreign companies in foreign markets are frequently denominated in foreign currencies. The change in value of a foreign currency against the U.S. dollar will result in a change in the U.S. dollar value of securities denominated in that foreign currency. For example, when the Fund holds a security that is denominated in a foreign currency, a decline of that foreign currency against the U.S. dollar would generally cause the value of the Fund's shares to decline. The Fund may, but generally does not, hedge its currency risk.

Mid- and Small-Capitalization Companies Risk. Companies with less than \$10 billion in market capitalization are considered by the Adviser to be mid- or small-capitalization companies. Investing in mid- and small-capitalization companies may be more risky than investing in large-capitalization companies. Smaller companies typically have more limited product lines, markets, and financial resources than larger companies, and their securities may trade less frequently and in more limited volume than those of larger, more mature companies. Securities of these companies may be subject to volatility in their prices. They may have a limited trading market, which may adversely affect the Fund's ability to dispose of them and can reduce the price the Fund might be able to obtain for them. Other investors that own a security issued by a mid- or small-capitalization company for whom there is limited liquidity might trade the security when the Fund is attempting to dispose of its holdings in that security. In that case, the Fund might receive a lower price for its holdings than otherwise might be obtained. Mid- and small-capitalization companies also may be unseasoned. These include companies that have been in operation for less than three years, including the operations of any predecessors.

The Fund's shares are not deposits or obligations of any bank, are not guaranteed by any bank, are not insured by the FDIC or any other agency, and involve investment risks, including possible loss of the principal amount invested.

ADDITIONAL INFORMATION ABOUT EXPENSES, FEES AND PERFORMANCE

All Fund results in this prospectus reflect the reinvestment of dividends and capital gain distributions, if any. Unless otherwise noted, Fund results reflect any fee waivers and/or expense reimbursements in effect during the periods presented. The fees and expense information is provided using the fee cap and expense waiver agreement in place through July 31, 2022.

Information Concerning the Example within the Fees and Expenses of the Fund

Class B shares' expenses for the 10-year and Life of Class periods include seven years of Class B shares' expenses and Class A shares thereafter since Class B shares automatically convert to Class A shares after seven years. Class C shares' expenses for the 10-year and Life of Class periods include eight years of Class C shares' expenses and Class A shares thereafter since Class C shares automatically convert to Class A shares after eight years.

Information Concerning the Annual Total Returns for the Life of Class

Annual Total Returns for the Life of Class <i>(For the periods ended December 31, 2021, with maximum sales charge)</i>	
Class A shares return before taxes	11.57%
Class B shares return before taxes	10.12%
Class C shares return before taxes	10.02%
Class R shares return before taxes	8.57%
Class Y shares return before taxes	9.28%

Average annual total returns for life are for the periods from the commencement of each class's investment operations: Class A shares, 02/17/69; Class B shares, 12/01/94; Class C shares, 12/20/94; Class R shares, 08/20/03; and Class Y shares, 10/02/96. Class B shares automatically convert to Class A shares after seven years. Class B shares' performance for the periods exceeding seven years include the first seven years of Class B share performance and Class A share performance thereafter. Class C shares automatically convert to Class A shares after eight years. Class C shares' performance for the periods exceeding eight years include the first eight years of Class C share performance and Class A share performance thereafter.

Information Concerning After-Tax Returns for Class A Shares

As of the date of this prospectus, the tax rates are 37% for ordinary income, 20% for qualified income, and 20% for long-term capital gains. An additional 3.8% tax imposed by the Affordable Care Act is included on all investment income as part of the highest marginal rate used in all after-tax performance calculations.

NON-PRINCIPAL INVESTMENT STRATEGIES AND RISKS

Davis Funds may implement investment strategies that are not principal investment strategies if, in the Adviser's professional judgment, the strategies are appropriate. A strategy includes any policy, practice, or technique used by the Fund to achieve its investment objectives. Whether a particular strategy, including a strategy to invest in a particular type of security, is a principal investment strategy depends on the strategy's anticipated importance in achieving the Fund's investment objectives, and how the strategy affects the Fund's potential risks and returns. In determining what is a principal investment strategy, the Adviser considers among other things the amount of the Fund's assets expected to be committed to the strategy, the amount of the Fund's assets expected to be placed at risk by the strategy, and the likelihood of the Fund losing some or all of those assets from implementing the strategy. Non-principal investment strategies are generally those investments that constitute less than 5% to 10% of the Fund's assets, depending upon their potential impact on the investment performance of the Fund. There are exceptions to the 5% to 10% of assets test including, but not limited to, the percentage of the Fund's assets invested in a single industry or in a single country.

While the Adviser expects to pursue the Fund's investment objective by implementing the principal investment strategies described in the Fund's prospectus, the Fund may employ non-principal investment strategies or securities if, in Davis Advisors' professional judgment, the securities, trading, or investment strategies are appropriate. Factors that Davis Advisors considers in pursuing these other strategies include whether the strategy: (i) is likely to be consistent with shareholders' reasonable expectations; (ii) is likely to assist the Adviser in pursuing the Fund's investment objective; (iii) is consistent with the Fund's investment objective; (iv) will not cause the Fund to violate any of its fundamental or non-fundamental investment restrictions; and (v) will not materially change the Fund's risk profile from the risk profile that results from following the principal investment strategies as described in the Fund's prospectus and further explained in the SAI, as amended from time to time.

Short-Term Investments. The Fund uses short-term investments, such as treasury bills and repurchase agreements, to maintain flexibility while evaluating long-term opportunities.

Temporary Defensive Investments. The Fund may, but is not required to, use short-term investments for temporary defensive purposes. In the event that Davis Advisors' Portfolio Managers anticipate a decline in the market values of the companies in which the Fund invests (due to economic, political, or other factors), the Fund may reduce its risk by investing in short-term securities until market conditions improve. While the Fund is invested in short-term investments, it will not be pursuing its long-term growth of capital investment objective. Unlike equity securities, these investments will not appreciate in value when the market advances and will not contribute to long-term growth of capital.

Repurchase Agreements. The Fund may enter into repurchase agreements. A repurchase agreement is an agreement to purchase a security and to sell that security back to the original owner at an agreed-on price. The resale price reflects the purchase price plus an agreed-on incremental amount which is unrelated to the coupon rate or maturity of the purchased security. The repurchase obligation of the seller is, in effect, secured by the underlying securities. In the event of a bankruptcy or other default of a seller of a repurchase agreement, the Fund could experience both delays in liquidating the underlying securities and losses, including: (i) possible decline in the value of the collateral during the period, while the Fund seeks to enforce its rights thereto; (ii) possible loss of all or a part of the income during this period; and (iii) expenses of enforcing its rights.

The Fund will enter into repurchase agreements only when the seller agrees that the value of the underlying securities, including accrued interest (if any), will at all times be equal to or exceed the value of the repurchase agreement. The Fund may enter into tri-party repurchase agreements in which a third-party custodian bank ensures the timely and accurate exchange of cash and collateral. The majority of these transactions run from day-to-day, and delivery pursuant to the resale typically occurs within one to seven days of the purchase. The Fund normally will not enter into repurchase agreements maturing in more than seven days.

Restricted and Illiquid Securities. The Fund may invest in restricted securities that are subject to contractual restrictions on resale. The Fund is prohibited from purchasing or holding illiquid securities (which may include restricted securities) if more than 15% of the Fund's net assets would then be illiquid. If illiquid securities were to exceed 15% of the value of the Fund's net assets, the Adviser would attempt to reduce the Fund's investment in illiquid securities in an orderly fashion. Companies whose securities are not publicly traded may not be subject to the disclosure and other investor protection requirements that would be applicable if their securities were publicly traded.

The restricted securities that the Fund may purchase include securities that have not been registered under the Securities Act of 1933, as amended (the "1933 Act") but are eligible for purchase and sale pursuant to Rule 144A ("Rule 144A Securities"). This Rule permits certain qualified institutional buyers, such as the Fund, to trade in privately placed securities even though such securities are not registered under the 1933 Act. The Adviser, under criteria established by the Fund's Board of Directors, will consider whether Rule 144A Securities being purchased or held by the Fund are illiquid and thus subject to the Fund's policy limiting investments in illiquid securities. In making this determination, the Adviser will consider the frequency of trades and quotes, the number of dealers and potential purchasers, dealer undertakings to make a market and the nature of the security and the marketplace trades (for example, the time needed to dispose of the security, the method of soliciting offers and the mechanics of transfer). The liquidity of Rule 144A Securities also will be monitored by the Adviser and if, as a result of changed conditions, it is determined that a Rule 144A Security is no longer liquid, the Fund's holding of illiquid securities will be reviewed to determine what, if any, action is required in light of the policy limiting investments in such securities. Investing in Rule 144A Securities could have the effect of increasing the amount of investments in illiquid securities if qualified institutional buyers are unwilling to purchase such securities. The Fund may also invest in securities of U.S. and non-U.S. issuers that are issued through private offerings pursuant to Regulation S of the 1933 Act, as amended. Regulation S securities are subject to legal or contractual restrictions on resale, these securities may be considered illiquid, as described above. Although Regulation S securities may be resold in privately negotiated transactions, the price realized from these sales could be less than the price paid by the Fund. Companies whose securities are not publicly traded may not be subject to the disclosure and other investor protection requirements that would be applicable if their securities were publicly traded. See the Fund's SAI for additional information regarding restricted and illiquid securities.

For more details concerning current investments and market outlook, please see the Fund's most recent shareholder report.

MANAGEMENT AND ORGANIZATION

Davis Selected Advisers, L.P. ("Davis Advisors") serves as the investment adviser for each of the Davis Funds. Davis Advisors' offices are located at 2949 East Elvira Road, Suite 101, Tucson, Arizona 85756. Davis Advisors provides investment advice for Davis Funds, manages their business affairs, and provides day-to-day administrative services. Davis Advisors also serves as investment adviser for other mutual funds, exchange traded funds, and institutional and individual clients. For the fiscal year ended July 31, 2022, Davis Advisors' net management fee paid by the Fund for its services (based on average net assets) was 0.53%. A discussion regarding the basis for the approval of the Fund's investment advisory and service agreement by the Fund's Board of Directors is contained in the Fund's most recent annual report to shareholders.

Davis Selected Advisers – NY, Inc. serves as the sub-adviser for each of the Davis Funds. Davis Selected Advisers – NY, Inc.'s offices are located at 620 Fifth Avenue, 3rd Floor, New York, New York 10020. Davis Selected Advisers – NY, Inc. provides

investment management and research services for Davis Funds and other institutional clients, and is a wholly owned subsidiary of Davis Advisors. Davis Selected Advisers – NY, Inc.’s fee is paid by Davis Advisors, not Davis Funds.

Execution of Portfolio Transactions. Davis Advisors places orders with broker-dealers for Davis Funds’ portfolio transactions. Davis Advisors seeks to place portfolio transactions with brokers or dealers who will execute transactions as efficiently as possible and at the most favorable net price. In placing executions and paying brokerage commissions or dealer markups, Davis Advisors considers price, commission, timing, competent block trading coverage, capital strength and stability, research resources, and other factors. Subject to best price and execution, Davis Advisors may place orders for Davis Funds’ portfolio transactions with broker-dealers who have sold shares of Davis Funds. However, when Davis Advisors places orders for Davis Funds’ portfolio transactions, it does not give any consideration to whether a broker-dealer has sold shares of Davis Funds. In placing orders for Davis Funds’ portfolio transactions, the Adviser does not commit to any specific amount of business with any particular broker-dealer.

Over the last three fiscal years, the Fund paid the following brokerage commissions:

Fiscal Year-Ended July 31,	2022	2021	2020
Brokerage commissions paid:	\$920,215	\$2,926,996	\$2,145,075
Brokerage as a percentage of average net assets:	0.01%	0.03%	0.03%

Portfolio Managers

Christopher Davis has served as a Portfolio Manager of Davis New York Venture Fund since October 1995 and also manages other equity funds advised by Davis Advisors. He has served as President of the Fund since March 2000. Mr. Davis served as Assistant Portfolio Manager and Research Analyst working with Shelby M.C. Davis from September 1989 through September 1995.

Danton Goei has served as a Portfolio Manager of Davis New York Venture Fund since January 2014 and also manages other equity funds advised by Davis Advisors. Mr. Goei started with Davis Advisors as a Research Analyst in November 1998.

The Portfolio Managers listed above are jointly and primarily responsible for the day-to-day management of the Fund’s portfolio. A limited portion of the Fund’s assets may be managed by Davis Advisors’ Research Analysts, subject to review by the Fund’s Portfolio Managers.

The SAI provides additional information about the Portfolio Managers’ compensation, other accounts managed by the Portfolio Managers, and the Portfolio Managers’ investments in the Fund.

Certain Portfolio Managers may serve on the board(s) of public companies where they, from time to time, may have access to material, non-public information (“MNPI”). Davis Advisors has instituted policies and procedures to ensure that these Portfolio Managers will not be able to utilize MNPI for their own benefit or for any of the accounts they manage.

SHAREHOLDER INFORMATION

Procedures and Shareholder Rights are Described by Current Prospectus and Other Disclosure Documents

Investors should look to the most recent prospectus and SAI, as amended or supplemented from time to time, for information concerning the Fund including information on how to purchase and redeem Fund shares and how to contact the Fund. The most recent prospectus and SAI (including any supplements or amendments thereto) will be on file with the Securities and Exchange Commission, as part of the Fund’s registration statement. Please also see the back cover of this prospectus for information on other ways to obtain information about the Fund.

HOW YOUR SHARES ARE VALUED

Once you open your Davis Fund account, you may purchase or sell shares at the net asset value (“NAV”) next determined after Davis Funds’ transfer agent or other “qualified financial intermediary” (a financial institution that has entered into a contract with Davis Advisors or its affiliates to offer, sell, and redeem shares of the Fund) receives your request to purchase or sell shares in “good order.” A request is in good order when all documents, which are required to constitute a legal purchase or sale of shares, have been received by Davis Funds’ transfer agent or other qualified financial intermediary (as defined above). The documents required to achieve good order vary depending upon a number of factors (e.g., are shares held in a joint account or a corporate account, has the account had a recent address change etc.). Contact your broker or Davis Funds if you have questions about what documents will be required.

If your purchase or sale order is received in good order prior to the close of trading on the New York Stock Exchange (“NYSE”), your transaction will be executed that day at that day’s NAV. If your purchase or sale order is received in good order after the

close of the NYSE, your transaction will be processed the next day at the next business day's NAV. Davis Funds calculate the NAV of each class of shares issued by the Fund as of the close of trading on the NYSE, normally 4:00 p.m., Eastern time, on each day when the NYSE is open. NYSE holidays currently include New Year's Day, Martin Luther King, Jr. Day, Washington's Birthday, Good Friday, Memorial Day, Juneteenth National Independence Day, Independence Day, Labor Day, Thanksgiving Day and Christmas Day.

The NAV of each class of shares is determined by taking the market value of the class of shares' total assets, subtracting the class of shares' liabilities, and then dividing the result (net assets) by the number of outstanding shares of the class of shares. Since the equity funds invest in securities that may trade in foreign markets on days other than when Davis Funds calculate their NAVs, the value of the Fund's portfolio may change on days that shareholders will not be able to purchase or redeem shares in the Fund.

If you have access to the Internet, you can also check the NAV on the Fund's website (www.davisfunds.com).

Valuation of Portfolio Securities

The Board of Directors of the Davis Funds has delegated the determination of fair value of securities to Davis Selected Advisers, L.P. The Adviser has implemented policies and procedures that govern the pricing of securities for the Davis Funds, as discussed below:

The Davis Funds value securities for which market quotations are readily available at current market value. Short-term securities are valued at amortized cost. Securities listed on the NYSE, NASDAQ and other national exchanges are valued at the last reported sales price on the day of valuation. Listed securities for which no sale was reported on that date are valued at the last quoted bid price. Securities traded on foreign exchanges are valued based upon the last sales price on the principal exchange on which the security is traded prior to the time when the Fund's assets are valued.

Securities, including restricted securities, for which market quotations are not readily available are valued at their fair value. Securities whose values have been materially affected by a significant event occurring before the Fund's assets are valued but after the close of their respective exchanges will be fair valued. Fair value is determined in good faith using consistently applied procedures. Fair valuation is based on subjective factors and, as a result, the fair value price of a security may differ from the security's market price and may not be the price at which the security may be sold. Fair valuation could result in a different NAV than an NAV determined by using market quotations. The Board of Directors reviews and discusses with management a summary of fair valued securities in quarterly board meetings.

In general, foreign securities are more likely to require a fair value determination than domestic securities because circumstances may arise between the close of the market on which the securities trade and the time when the Fund values its portfolio securities, which may affect the value of such securities. Securities denominated in foreign currencies and traded in foreign markets will have their values converted into U.S. dollar equivalents at the prevailing exchange rates as computed by State Street Bank and Trust Company. Fluctuation in the values of foreign currencies in relation to the U.S. dollar may affect the net asset value of the Fund's shares even if there has not been any change in the foreign currency prices of the Fund's investments.

Securities of smaller companies are also generally more likely to require a fair value determination because they may be thinly traded and less liquid than traditional securities of larger companies.

The Fund may occasionally be entitled to receive award proceeds from litigation relating to an investment security. The Fund generally does not recognize a gain on contingencies until such payment is certain, which in most cases is when the Fund receives payment.

To the extent that the Fund's portfolio investments trade in markets on days when the Fund is not open for business, the Fund's NAV may vary on those days. In addition, trading in certain portfolio investments may not occur on days the Fund is open for business because markets or exchanges other than the NYSE may be closed. If the exchange or market on which the Fund's underlying investments are primarily traded closes early, the NAV may be calculated prior to its normal market calculation time. For example, the primary trading markets for the Fund may close early on the day before certain holidays and the day after Thanksgiving.

Fixed income securities may be valued at prices supplied by Davis Funds' pricing agent based on broker or dealer supplied valuations or matrix pricing, a method of valuing securities by reference to the value of other securities with similar characteristics, such as rating, interest rate and maturity. Government bonds, corporate bonds, asset-backed bonds, convertible securities, and high-yield or junk bonds, are normally valued on the basis of prices provided by independent pricing services. Prices provided by the pricing services may be determined without exclusive reliance on quoted prices, and may reflect appropriate factors such as institutional trading in similar groups of securities, developments related to special securities, dividend rate, maturity and other market data. Prices for fixed income securities received from pricing services sometimes represent best estimates. In addition, if the prices provided by the pricing service and independent quoted prices are unreliable, The Adviser will arrive at its own fair valuation using its fair value procedures.

PORTFOLIO HOLDINGS

A description of Davis Funds' policies and procedures with respect to the disclosure of the Fund's portfolio holdings is available in the SAI.

The Fund files its complete schedule of investments with the SEC on Form N-CSR (as of the end of the second and fourth quarters) and on Form N-PORT Part F (as of the end of the first and third quarters). The Fund's Forms N-CSR (Annual and Semi-Annual Reports) and N-PORT Part F are available without charge, upon request, by calling 1-800-279-0279, on the Fund's website at www.davisfunds.com, and on the SEC's website at www.sec.gov. A list of the Fund's quarter-end holdings is also available at www.davisfunds.com on or about the 15th day following each quarter end and remains available on the website until the list is updated for the subsequent quarter.

HOW DAVIS FUNDS PAY EARNINGS

There are two ways you can receive payments from the Davis Fund you invest in:

- **Dividends.** Dividends are distributions to shareholders of net investment income and short-term capital gains on investments.
- **Capital Gains.** Capital gains are profits received by the Fund from the sale of securities held for the long-term, which are then distributed to shareholders.

If you would like information about when a particular Davis Fund pays dividends and distributes capital gains, please call **1-800-279-0279**. Unless you choose otherwise, Davis Funds will automatically reinvest your dividends and capital gains in additional fund shares.

You can request to have your dividends and capital gains paid to you by check or deposited directly into your bank account. Dividends and capital gains of \$50 or less will not be sent by check but will be reinvested in additional fund shares.

Davis Funds also offer a **Dividend Diversification Program**, which allows you to have your dividends and capital gains from one Davis Fund reinvested in shares of another Davis Fund.

You will receive a statement each year detailing the amount of all dividends and capital gains paid to you during the previous year. To ensure that these distributions are reported properly to the U.S. Treasury, you must certify on your Davis Funds Application Form or on IRS Form W-9, that your Taxpayer Identification Number is correct and you are not subject to backup withholding. If you are subject to backup withholding, or if you did not certify your Taxpayer Identification Number, the IRS requires Davis Funds to withhold a percentage of any dividends paid and redemption or exchange proceeds received.

How to Put Your Dividends and Capital Gains to Work

You can have all of your dividends and capital gains automatically invested in the same Fund or the same share class of any other Davis Fund. To be eligible for the **Dividend Diversification Program**, all accounts involved must be registered under the same name and same class of shares and have a minimum initial value of \$1,000 for Class A and C shares. The minimum for Class Y shares varies. See "*How to Open an Account*" for details. Shares are purchased at the chosen fund's net asset value on the dividend payment date. You can make changes to your selection or withdraw from the program at any time. To participate in this program, fill out the "*Distribution Options*" section of the Application Form. If you wish to establish this program after your account has been opened, call for more information. The Dividend Diversification Program is not available for Class B or R shares.

Dividends and Distributions

- Davis New York Venture Fund ordinarily distributes its dividends and capital gains, if any, in June and December.
- Other Davis long-term growth funds (i.e., Davis Opportunity Fund, Davis Financial Fund, Davis Global Fund and Davis International Fund) ordinarily distribute dividends and capital gains, if any, in December.
- The Davis growth & income funds (i.e., Davis Real Estate Fund and Davis Appreciation & Income Fund) ordinarily distribute dividends quarterly and capital gains, if any, in December.
- Davis Government Bond Fund and Davis Government Money Market Fund ordinarily distribute dividends monthly. Davis Government Bond Fund ordinarily distributes capital gains, if any, in December. Davis Government Money Market Fund does not ordinarily distribute capital gains.
- When a dividend or capital gain is distributed, the net asset value per share is reduced by the amount of the payment. Davis Government Bond Fund's and Davis Government Money Market Fund's net asset values are not affected by dividend payments.

- You may elect to reinvest dividend and/or capital gain distributions to purchase additional shares of any Davis Fund or you may elect to receive them in cash. Many shareholders do not elect to take capital gain distributions in cash because these distributions reduce principal value.
- If a dividend or capital gain distribution is for an amount less than \$50, the Fund will not issue a check. Instead, the dividend or capital gain distribution will be automatically reinvested in additional shares of the Fund.
- If a dividend or capital gain distribution check remains uncashed for four months or is undeliverable by the United States Postal Service, the Fund may reinvest the dividend or capital gain distribution in additional shares of the Fund, promptly after making this determination, and future dividends and capital gains distributions will be automatically reinvested in additional shares of the Fund.

FEDERAL INCOME TAXES

Taxes on Distributions

Distributions you receive from the Fund may be subject to income tax and may also be subject to state or local taxes unless you are exempt from taxation. Shareholders that are investing through a taxable account should consider the embedded gains or losses of the Fund. For example, a new shareholder could be subject to taxes on a distribution they receive from the Fund that was earned when they were not a shareholder. It is important to note that investors are only taxed on their own economic income over the life of the investment. The embedded gains or losses for the Fund are disclosed in the most recent annual and semi-annual report.

For federal tax purposes, any taxable dividends and distributions of short-term capital gains are treated as ordinary income. The Fund's distributions of net long-term capital gains are taxable to you as long-term capital gains. Any taxable distributions you receive from the Fund will normally be taxable to you when made, regardless of whether you reinvest distributions or receive them in cash.

Davis Funds will send you a statement each year showing the tax status of your fund distributions.

Taxes on Transactions

Your redemptions, including exchanges, may result in a capital gain or loss for federal tax purposes. A capital gain or loss on your investment is the difference between the cost of your shares, including any sales charges, and the price you receive when you sell them.

More information concerning federal taxes is available in the SAI. Davis Advisors recommends that you consult with a tax advisor about dividends and capital gains that you may receive from Davis Funds.

FEES AND EXPENSES OF THE FUND

The Fund must pay operating fees and expenses.

Management Fee

The management fee covers the normal expenses of managing the Fund, including compensation, research costs, corporate overhead expenses, and related expenses. The difference in the fee structure between the classes is primarily the result of their separate arrangements for shareholder and distribution services and is not the result of any difference in the amounts charged by Davis Advisors for core investment advisory services. Accordingly, the core investment advisory expenses do not vary by class. Different fees and expenses will affect performance.

12b-1 Fees

The Davis Funds have Plans of Distribution or "12b-1 Plans" under which the Fund may use its own assets to finance distribution activities. The 12b-1 Plans are used primarily to pay dealers and other institutions for providing services to the Fund's shareholders. The 12b-1 Plans provide for annual distribution expenses of up to 0.25% of the average daily net asset value of the Class A shares, up to 0.75% of the average daily net asset value of the Class R shares (currently 0.50% is being paid), and, for Class B and C shares, up to the lesser of 1.25% of the average daily net asset value of the respective shares or the maximum amount provided by applicable rules or regulations of the Financial Industry Regulatory Authority ("FINRA"), which is 1.00% at present.

For Class A, B, C, and R shares, up to 0.25% of distribution expenses may be used to pay service fees to qualified dealers providing certain shareholder services. These services may include, but are not limited to, assessing a client's investment needs and recommending suitable investments on an ongoing basis. In lieu of a front-end sales charge (as assessed upon the sale of Class A shares), up to an additional 1.00% of distribution expenses may be paid for Class B and C shares and up to an additional 0.50% may be paid for Class R shares. Because distribution expenses are paid out of the Fund's assets on an ongoing basis,

these fees will increase the cost of your investment over time and may cost you more than paying other types of sales charges. Thus, the higher fees for Class B, Class C, and Class R shares may cost you more over time than paying the initial sales charge for Class A shares.

Class B and Class C shares' contingent deferred sales charges and Class B, Class C, and Class R asset-based sales charges, have the same purpose as the front-end sales charge on sales of Class A shares, i.e., to compensate dealers and other financial institutions for their services. The fees are paid by the Fund to dealers and financial institutions for providing services to their clients.

Class Y shares do not have a Plan of Distribution.

Other Expenses

Other expenses include miscellaneous fees from affiliated and outside service providers. These fees may include legal, audit, custodial fees, the costs of printing and mailing of reports and statements, automatic reinvestment of distributions and other conveniences, and payments to third parties that provide recordkeeping services or administrative services for investors in the Fund.

Total Fund Operating Expenses

The total cost of operating a mutual fund is reflected in its expense ratio. A shareholder does not pay operating costs directly. Instead, operating costs are deducted before the Fund's NAV is calculated and are expressed as a percentage of the Fund's average daily net assets. The effect of these fees is reflected in the performance results for that Class of shares. Investors should examine total operating expenses closely in the prospectus, especially when comparing one fund with another fund in the same investment category.

FEES PAID TO DEALERS AND OTHER FINANCIAL INTERMEDIARIES

Broker-dealers and other financial intermediaries ("Qualifying dealers") may charge Davis Distributors, LLC (the "Distributor") or the Adviser substantial fees for selling Davis Funds' shares and providing continuing support to shareholders. The fees charged by Qualifying dealers may include, but are not limited to: (i) sales commissions from sales charges paid by purchasing shareholders; (ii) distribution and service fees from the Fund's 12b-1 distribution plans; (iii) recordkeeping fees from the Fund for providing recordkeeping services to investors who hold Davis Funds' shares through dealer-controlled omnibus accounts; and (iv) other fees, described below, paid by Davis Advisors or the Distributor from their own resources.

Qualifying dealers may, as a condition to distributing shares of Davis Funds, request that the Distributor, or the Adviser, pay or reimburse the Qualifying dealer for: (i) marketing support payments, including business planning assistance, client servicing and data analytics, educating personnel about Davis Funds and shareholder financial planning needs, placement on the Qualifying dealer's list of offered funds, and access to sales meetings, sales representatives and management representatives of the Qualifying dealer; and (ii) financial assistance charged to allow the Distributor to participate in and/or present at conferences or seminars, sales or training programs for invited registered representatives and other employees, client and investor events and other dealer-sponsored events. These additional fees are sometimes referred to as "revenue sharing" payments. A number of factors are considered in determining fees paid to Qualifying dealers, including the dealer's sales and assets, and the quality of the dealer's relationship with the Distributor. Fees are generally based on the value of shares of the Fund held by the Qualifying dealer or financial institution for its customers or based on sales of Fund shares by the dealer or financial institution, or a combination thereof. In some cases the charges or fees may be a negotiated lump sum payment. Davis Advisors may use its profits from the advisory fee it receives from the Fund to pay some or all of these fees. Some Qualifying dealers may also choose to pay additional compensation to their registered representatives who sell the Fund. Such payments may be associated with the status of the Fund on a Qualifying dealer's preferred list of funds or otherwise associated with the Qualifying dealer's marketing and other support activities. The foregoing arrangements may create an incentive for the Qualifying dealers, brokers, or other financial institutions, as well as their registered representatives, to sell Davis Funds rather than other funds.

In 2022, the Distributor or the Adviser was charged additional fees by the Qualifying dealers listed below. The Distributor paid these fees from its own resources. These Qualifying dealers may provide Davis Funds enhanced sales and marketing support and financial advisers employed by the Qualifying dealers may recommend Davis Funds rather than other funds. Qualifying dealers may be added or deleted at any time.

ADP Broker Dealer, Inc.; Ameriprise Financial Services, Inc.; Charles Schwab & Co., Inc.; Fidelity Brokerage Services LLC; Fidelity Investments Institutional Services Company Inc.; Genworth Life and Annuity Insurance Company; Genworth Life Insurance Company of New York; Great-West Life & Annuity Insurance Company of New York; Hartford Life Insurance Company; ING Financial Advisers, LLC; John Hancock Trust Co., LLC; LPL Financial Corporation; Marshall & Ilsley Trust Company; Massachusetts Mutual Life Insurance Co.; Matrix Settlement; Merrill Lynch Life Insurance Co.; Merrill Lynch, Pierce, Fenner & Smith, Inc.; Morgan Stanley Smith Barney LLC; Nationwide Financial Services, Inc.; Pershing LLC;

Principal Financial Group; Raymond James & Associates, Inc.; Standard Insurance Company; T. Rowe Price Retirement Plan Services, Inc.; Teachers Insurance and Annuity Association of America; Transamerica Advisors Life Insurance Company; Transamerica Advisors Life Insurance Company of New York; Transamerica Retirement Solutions Corp.; UBS Financial Services, Inc.; The Vanguard Group, Inc.; Vanguard Marketing Corporation; Voya Retirement; Voya Retirement Insurance & Annuity; Wells Fargo Advisors LLC; and Wells Fargo Bank N.A.

In addition, the Distributor may, from time-to-time, pay additional cash compensation or other promotional incentives to authorized dealers or agents who sell shares of Davis Funds. In some instances, such cash compensation or other incentives may be offered only to certain dealers or agents who employ registered representatives who have sold or may sell significant amounts of shares of Davis Funds during specified periods of time.

Although Davis Funds may use brokers who sell shares of the Fund to execute portfolio transactions, the Fund does not consider the sale of Fund shares as a factor when selecting brokers to execute portfolio transactions.

Investors should consult their financial intermediaries regarding the details of payments they may receive in connection with the sale of Fund shares.

Due Diligence Meetings. The Distributor routinely sponsors due diligence meetings for registered representatives during which they receive updates on various Davis Funds and are afforded the opportunity to speak with the Fund's Portfolio Managers. Invitation to these meetings is not conditioned on selling a specific number of shares. Those who have shown an interest in Davis Funds, however, are more likely to be considered. To the extent permitted by their firm's policies and procedures, registered representatives' expenses in attending these meetings may be covered by the Distributor.

Seminars and Educational Meetings. The Distributor may defray certain expenses of Qualifying dealers incurred in connection with seminars and other educational efforts subject to the Distributor's policies and procedures governing payments for such seminars. The Distributor may share expenses with Qualifying dealers for costs incurred in conducting training and educational meetings about various aspects of the Fund for the employees of Qualifying dealers. In addition, the Distributor may share expenses with Qualifying dealers for costs incurred in hosting client seminars at which the Fund is discussed.

Recordkeeping Fees. Certain Qualifying dealers have chosen to maintain "omnibus accounts" with Davis Funds. In an omnibus account, the Fund maintains a single account in the name of the Qualifying dealer and the dealer maintains all of its clients' individual shareholder accounts. Likewise, for many retirement plans, a third-party administrator may open an omnibus account with Davis Funds and the administrator will then maintain all of the participant accounts. Davis Advisors, on behalf of the Fund, enters into agreements whereby the Fund is charged by the Qualifying dealer or administrator for such recordkeeping services.

Recordkeeping services typically include: (i) establishing and maintaining shareholder accounts and records; (ii) recording shareholder account balances and changes thereto; (iii) arranging for the wiring of funds; (iv) providing statements to shareholders; (v) furnishing proxy materials, periodic Davis Funds reports, prospectuses, and other communications to shareholders as required; (vi) transmitting shareholder transaction information; and (vii) providing information in order to assist Davis Funds in their compliance with state securities laws. Each Davis Fund typically would be paying these shareholder servicing fees directly if a Qualifying dealer did not hold all customer accounts in a single omnibus account with each Davis Fund.

Other Compensation. The Distributor may, from its own resources and not from the Fund's, pay additional fees to the extent not prohibited by state or federal laws, the Securities and Exchange Commission (SEC), or any self-regulatory agency, such as the Financial Industry Regulatory Authority (FINRA).

HOW TO CHOOSE A SHARE CLASS

Before you buy shares in any Davis Fund, you need to decide which Class of shares best suits your needs. Davis New York Venture Fund currently offers four classes of shares for purchase: A, C, R, and Y. Class B shares are no longer available for purchase. Each class is subject to different expenses and sales charges. As described in "Appendix A: Intermediary-Specific Sales Charge Waivers and Discounts," your sales charge may vary depending on your financial intermediary. Class Y shares are generally available only to qualified institutional investors. Class R shares are generally available only to certain retirement plans. Each Class is essentially identical in legal rights and invests in the same portfolio of securities. Class B shares are no longer offered for new purchases.

The difference in the fee structure between the Classes is primarily the result of their separate arrangements for shareholder and distribution services and is not the result of any difference in the amounts charged by Davis Advisors for investment advisory services. Accordingly, the investment advisory expenses do not vary by class.

You may choose to buy one class of shares rather than another depending on the amount of the purchase and the expected length of time of your investment. Long-term shareholders of Class B or C shares may pay more than the maximum front-end sales charge allowed by FINRA.

Class A Shares

Class A shares may be best for you if you are a long-term investor who is willing to pay the entire sales charge at the time of purchase. In return, you pay a lower distribution fee than Class B or C shares. In addition, descriptions of the sales load waivers and/or discounts for Class A shares with respect to certain financial intermediaries are reproduced in “Appendix A: Intermediary-Specific Sales Charge Waivers and Discounts” to this prospectus based on information provided by the financial intermediary.

- For any investment below \$100,000, you buy Class A shares at their net asset value per share plus a sales charge, which is approximately 4.75% of the offering price (see table below). The term “offering price” includes the front-end sales charge.
- There is no limit to how much you can invest in this share class.
- Davis Funds (other than Davis Government Money Market Fund) pay a distribution fee of up to 0.25% of the average daily net assets, each year you hold the shares. This fee is lower than the fee you pay for Class B and C shares. Lower expenses of Class A shares translate into higher annual returns on net asset value than Class B or C shares.

Class A Shares Sales Charges

(For all Davis Funds, except Davis Government Money Market Fund)

Amount of Purchase	Sales Charge Approximate percentage of offering price	Sales Charge Approximate percentage of net amount invested	Amount of Sales Charge Retained by Dealer Percentage of offering price
Under \$100,000	4.75%	4.99%	4.00%
\$100,000-\$249,999	3.50%	3.63%	3.00%
\$250,000-\$499,999	2.50%	2.56%	2.00%
\$500,000-\$749,999	2.00%	2.04%	1.75%
\$750,000-\$999,999	1.00%	1.01%	0.75%
\$1 million or more*	None	None	None

* You pay no front-end sales charge on purchases of \$1 million or more, but if you sell those shares (in any Davis Fund other than Davis Government Money Market Fund) within the first year, a deferred sales charge of 0.50% may be deducted from the redemption proceeds as a percentage of the lesser of the net asset value of the shares redeemed or the total cost of such shares.

Because of rounding, the front-end sales charge you pay, when expressed as a percentage of the offering price, may be higher or lower than the amount stated in the above fee table. In addition, descriptions of the sales load waivers and/or discounts for Class A shares with respect to certain financial intermediaries are reproduced in “Appendix A-Intermediary-Specific Sales Charge Waivers and Discounts.”

The Distributor may pay commissions to the dealer of record (on Davis Funds other than Davis Government Money Market Fund) on purchases at the annual rate described in the table below. Commissions may be paid on either: (i) Class A share purchases of \$1 million or more; or (ii) Class A share purchases (net of redemptions) in retirement plans that qualify for sales at net asset value. The commission will be paid only on purchases that were not previously subject to a front-end sales charge or dealer concession.

Amount of Purchase	Commission
First \$5 million	0.50%
Amounts thereafter	0.25%

The Fund may reimburse the Distributor for these payments through its Plans of Distribution. If distribution fee limits have already been reached for the year, the Distributor itself will pay the commissions.

Reduction of Class A Shares Initial Sales Charge

To receive a reduction in your Class A initial sales charge, you must let your financial adviser or Davis Funds know at the time you purchase shares that you qualify for such a reduction. If you do not let your adviser or Davis Funds know that you are eligible for a reduction, you may not receive a sales charge discount to which you are otherwise entitled.

As the table above shows, the sales charge gets smaller as your purchase amount increases. There are several ways you may combine purchases to qualify for a lower sales charge. To qualify for a reduction in Class A shares’ initial sales charge, you must provide records (generally, account statements are sufficient; your broker may require additional documents) of all Davis Funds shares owned that you wish to count towards the sales charge reduction.

You Can Combine Purchases of Class A Shares

- **With other “immediate family” members.** To receive a reduced Class A sales charge, investments made by yourself, your spouse, and any children under the age of 21 may be aggregated if made for your own account(s) and/or certain other accounts, such as:
 - Trust accounts established by the above individuals. However, if the person(s) who established the trust is (are) deceased, then the trust account may only be aggregated with accounts of the primary beneficiary of the trust;
 - Solely controlled business accounts; or
 - Single-participant retirement plans.
- **Through Employee Benefit Plans.** If you buy shares through trust or fiduciary accounts or Individual Retirement Accounts (IRAs) of a single employer, the purchases will be treated as a single purchase.
- **Under a Statement of Intention.** If you enter a Statement of Intention and agree to buy shares of \$100,000 or more over a thirteen-month period, all of the shares you buy during that period will be counted as a single purchase, with the exception of purchases into Davis Government Money Market Fund. Before entering a Statement of Intention, please read the terms and conditions in the SAI. Under a Statement of Intention, you agree to permit the Fund’s transfer agent, SS&C Technologies, Inc., to hold Fund shares in escrow to guarantee payment of any sales charges that may be due if you ultimately invest less than you agreed to invest over the covered thirteen-month period. Money Market Fund purchases do not count toward a Statement of Intention unless the shares were exchanged from another Davis Fund and the shares were previously subject to a sales charge.
- **Under Rights of Accumulation.** If you notify your dealer or the Distributor, you can include the Class A, B, C, R, and Y shares in Davis Funds you already own (excluding shares in Davis Government Money Market Fund) when calculating the price for your current purchase. These shares are valued at current offering price to determine whether or not you qualify for a reduction in the sales charge. Davis Government Money Market Fund purchases do not count toward Rights of Accumulation unless the shares were exchanged from another Davis Fund and the shares were previously subject to a sales charge.
- **Combining Rights of Accumulation (ROA) with Statement of Intention.** A shareholder can use a Statement of Intention and Rights of Accumulation in conjunction with one another; the Statement of Intention will take precedence over the Rights of Accumulation. Once the Statement of Intention has been satisfied, any new purchases into any of the linked Class A share accounts will receive the reduced sales charge.

For more information about how to reduce Class A shares’ initial sales charge, please visit Davis Funds’ website, free of charge, at www.davisfunds.com (which includes additional information in a clear and prominent format that includes hyperlinks), consult your broker or financial intermediary, or refer to the Fund’s SAI which is available through your financial intermediary or from the Fund by calling Investor Services at **1-800-279-0279**.

Class A Shares Front-End Sales Charge Waivers

To receive a waiver of your Class A initial sales charge, you must let your financial adviser or Davis Funds know at the time you purchase shares that you qualify for such a waiver. If you do not let your adviser or Davis Funds know that you are eligible for a waiver, you may not receive a sales charge waiver to which you are otherwise entitled.

The Fund does not impose a sales charge on purchases of Class A shares for:

- Purchases by group omnibus retirement plans under section 401(a), 401(k), 403(b), or 457 of the Internal Revenue Code;
- Rollover purchases in a Davis Funds IRA held directly with the transfer agent made with the proceeds of a retirement plan distribution that was previously invested in a Davis Fund;
- Registered investment advisers, trust companies and bank trust departments exercising discretionary investment authority with respect to amounts to be invested in the Fund;
- Purchases by dealers, brokers, banks, registered investment advisers, and other financial intermediaries that have entered into an agreement with the Distributor to offer the Funds on an advisory fee or wrap fee-based platform;
- Financial intermediaries who have entered into an agreement with the Distributor and have been approved by the Distributor to offer Fund shares to self-directed investment brokerage accounts that may or may not charge a transaction fee;
- Certain state sponsored 529 college savings plans;
- Persons involuntarily liquidated from the Fund, who within 60 days of liquidation buy new shares of another Davis Fund (but only up to the amount that was liquidated);

- Insurance company separate accounts;
- Investments in Davis Government Money Market Fund;
- Shareholders making purchases with dividends or capital gains that are automatically reinvested;
- Current and former directors, officers, and employees of any Davis Fund or Davis Advisors (or its affiliates), and their extended family. The term “extended family” includes “immediate family,” which is one’s spouse and children under 21, and also one’s grandchildren, grandparents, parents, parents-in-law, brothers and sisters, sons- and daughters-in-law, a sibling’s spouse, a spouse’s sibling, aunts, uncles, and nieces and nephews; relatives by virtue of a remarriage (step-children, step-parents, etc.) are included. Extended family shall include any child regardless of age;
- Davis Advisors or its affiliates;
- Registered representatives, principals, and employees (and any extended family member) of securities dealers having a sales agreement with the Distributor;
- Financial institutions acting as fiduciaries making single purchases of \$250,000 or more;
- State and local governments purchasing directly from the Fund. Please consult your legal and investment advisers to determine if an investment in the Fund is permissible and suitable for you;
- Shareholders making purchases in certain accounts offered by securities firms that have entered into contracts with Davis Funds and charge fees based on assets in the account;
- Shareholder accounts established prior to December 2014 as a result of a merger with a Davis Fund; and
- Purchases by taxable accounts held directly with the transfer agent that are established with the proceeds of Required Minimum Distributions from retirement plans and accounts.

Rollovers from Retirement Plans to IRAs

For qualifying rollovers, you must send the Fund’s custodial agent, UMB Bank, a written request for the rollover.

Assets from retirement plans may be invested in Class A, B, or C shares through an IRA rollover. Rollovers invested in Class A shares from retirement plans will be subject to applicable sales charges. Rollovers to Class A shares will be made without a sales charge if they meet the following requirements:

- The assets being rolled over were invested in Davis Funds at the time of distribution; and
- The rolled over assets are contributed to a Davis Funds IRA with UMB Bank as the plan’s custodian.

IRA assets that rollover without a sales charge, as described above, will not be subject to a contingent deferred sales charge.

IRA rollover assets invested in Class A shares that are not attributable to investments in Davis Funds, as well as future contributions to the IRA, will be subject to sales charges and the terms and conditions generally applicable to Class A share investments as described in the prospectus and SAI.

Class B Shares

Class B shares are no longer offered for new purchases. New Class B share account applications will be returned and any investments for existing Class B share account that are received will be made in Class A shares of Davis Government Money Market Fund.

Class B shares were for those willing to pay a higher distribution fee than Class A shares for seven years in order to avoid paying a front-end sales charge. The Class B contingent deferred sales charge and asset-based sales charge have the same purpose as the front-end sales charge on sales of Class A shares, i.e., to compensate the broker. Class B shares assess a higher distribution fee to pay fees and expenses charged by dealers and financial institutions for services provided to clients.

- You buy the shares at net asset value (no initial sales charge).
- The maximum purchase per transaction for Class B shares is \$50,000.
- If you have significant Davis Funds holdings, you may not be eligible to invest in Class B shares. You may not purchase Class B shares if you are eligible to purchase Class A shares at the \$100,000 or higher sales charge discount rate. See “*Class A Shares Sales Charges*” and “*Reduction of Class A Shares Initial Sales Charge*” for more information regarding sales charge discounts.
- If you sell Class B shares of the Fund within six years of purchase, you must pay a deferred sales charge. This charge decreases over time as you own the shares (see table below).

- After you hold Class B shares for seven years, they are converted automatically into Class A shares without incurring a front-end sales charge. As this is a dollar for dollar conversion, you may receive fewer or more Class A shares due to the difference in the NAV of the two share classes. Investors in Class A shares pay a lower distribution fee.
- Investors in Class B shares pay a distribution fee of one percent of the average daily net asset value each year they hold the shares. Higher distribution fees translate into lower annual return on net asset value.
- At redemption, the deferred sales charge for each purchase will be calculated from the date of purchase, excluding any time the shares were held in the Davis Government Money Market Fund.

Class B Shares Deferred Sales Charges

Sales Made After Purchase	Amount of Deferred Sales Charge
Year 1	4%
Years 2-3	3%
Years 4-5	2%
Year 6	1%
Year 7	None

Class B shares automatically convert to Class A shares after seven years.

Class C Shares

Class C shares may be best for you if you are willing to pay a higher distribution fee than Class A shares in order to avoid paying a front-end sales charge. The Class C contingent deferred sales charge and asset-based sales charge have the same purpose as the front-end sales charge on sales of Class A shares, i.e., to compensate the broker. Class C shares assess a higher distribution fee to pay fees and expenses charged by dealers and financial institutions for services provided to clients.

Class C shares (including a proportionate number of shares acquired through reinvestment of dividends and distributions) will automatically convert to Class A shares in the month of or the month following the 8-year anniversary of the purchase date. A conversion between share classes in the same fund is a nontaxable event. The automatic conversion will be based on the relative net asset values of the two share classes without the imposition of a sales charge or fee. As this is a dollar for dollar conversion, you may receive more or fewer Class A shares due to the difference in the NAV of the two share classes.

- You buy the shares at net asset value (no initial sales charge).
- The maximum purchase per transaction for Class C shares is \$500,000.
- If you have significant Davis Funds holdings, you may not be eligible to invest in Class C shares. You may not purchase Class C shares if you are eligible to purchase Class A shares at the \$1 million or more sales charge discount rate (i.e., at net asset value). See “*Class A Shares Sales Charges*” and “*Reduction of Class A Shares Initial Sales Charge*” for more information regarding sales charge discounts.
- If you sell Class C shares in any of the Davis Funds (other than Davis Government Money Market Fund) within one year of purchase, you must pay a deferred sales charge of one percent. At redemption, the deferred sales charge for each purchase will be calculated from the date of purchase, excluding any time the shares were held in the Davis Government Money Market Fund.
- Investors in Class C shares (other than Davis Government Money Market Fund) pay a distribution fee of one percent of the average daily net asset value each year they hold the shares. Higher distribution fees translate into lower annual return on net asset value.

Deferred Sales Charge

If you purchase shares subject to a contingent deferred sales charge and redeem any of those shares during the applicable holding period for the class of shares you own, the contingent deferred sales charge will be deducted from the redemption proceeds unless you are eligible for one of the waivers described below. At redemption, the deferred sales charge will be calculated from the date of each purchase, excluding any time that shares were held in the Davis Government Money Market Fund. You will pay a deferred sales charge in the following cases:

- As a Class A shareholder, only if you buy shares valued at \$1 million or more without a sales charge and sell the shares within one year of purchase.
- As a Class B shareholder, if you sell shares within six years of purchase. The percentage decreases over the six-year period.
- As a Class C shareholder, if you sell shares within one year of purchase.

To keep deferred sales charges as low as possible, the Fund will first sell shares in your account that are not subject to a deferred sales charge (if any). The Fund does not impose a deferred sales charge on the amount of your account value represented by an increase in net asset value over the initial purchase price, or on shares acquired through dividend reinvestments or capital gains distributions. If the net asset value has decreased the sales charge will be based on the current NAV. To determine whether the deferred sales charge applies to a redemption, shares are redeemed in the following order:

- Shares in your account represented by an increase in NAV over the initial purchase price (appreciation).
- Shares acquired by reinvestment of dividends and capital gain distributions.
- Shares that are no longer subject to the deferred sales charge.
- Shares held the longest, but which are still subject to the deferred sales charge.

Note: Investors who buy Class C shares of Davis Government Money Market Fund will not pay a deferred sales charge unless the Fund shares were received in exchange for shares of another Davis Fund (see “*Exchanging Shares*” in this prospectus).

Deferred Sales Charge Waivers

The Fund will waive the deferred sales charge on sales of Class A, B, and C shares of any Davis Fund if:

- You sell Class A shares that were not subject to a commission at the time of purchase (the amount of purchase totaled \$1 million or more) and the shares were held for more than a year.
- You die and were the sole owner of the account. Otherwise, shares can be redeemed without a contingent deferred sales charge following the death or disability of the last surviving shareholder, including a trustee of a grantor trust or revocable living trust for which the trustee is also the sole beneficiary. The death or disability must have occurred after the account was established. If you claim a disability you must provide evidence of a determination of disability by the Social Security Administration.
- You sell shares under a qualified retirement plan or IRA that constitutes a tax-free return of excess contributions to avoid a penalty.
- Your Fund redeems the remaining shares in your account under an Involuntary Redemption.
- You qualify for an exception related to defined contribution plans. These exceptions are described in the SAI.
- You are a director, officer, or employee of Davis Advisors or one of its affiliates (or an extended family member of a director, officer or employee).
- You sell Class B or Class C shares under the Systematic Withdrawal Plan and the aggregate value of the redeemed shares does not exceed twelve percent of the account’s value.*

If the net asset value of the shares that you sell has increased since you purchased them, any deferred sales charge will be based on the original cost of the shares.

* *A Systematic Withdrawal Plan may be established as either a percentage or a fixed-dollar amount. The shares that may be redeemed without a sales charge are recalculated as a percentage of the current market value of the account as of the date of each withdrawal. If established as a percentage, no sales charge will be incurred regardless of market fluctuations. If established as a fixed-dollar amount, a sales charge may be incurred if the market value of the account decreases. If you redeem shares in addition to those redeemed pursuant to the Systematic Withdrawal Plan, a deferred sales charge may be imposed on those shares and on any subsequent redemptions within a twelve-month period, regardless of whether such redemptions are pursuant to a Systematic Withdrawal Plan.*

If you have any additional questions about choosing a share class, please call the Fund, toll free, at **1-800-279-0279**, Monday through Friday, from 9 a.m. to 6 p.m. Eastern time. If you still are not sure about which class is best for you, contact your financial adviser.

Class R Shares

Class R shares are generally available only to 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans, defined benefit plans, and non-qualified deferred compensation plans.

Class Y Shares

Class Y shares may be best for you if you qualify. Class Y shares are sold at net asset value per share, without a sales charge, directly to institutional investors. Investors in Class Y shares do not pay a distribution fee. For details on what types of institutions may purchase shares and what fund minimums apply see “*How to Open an Account*” in this prospectus.

HOW TO OPEN AN ACCOUNT

To open an account with Davis Funds you must meet the initial minimum investment for each Fund you choose to invest in. For each Class A, B, or C share account you must invest at least \$1,000. For Class Y shares the minimum investment amount is dependent on how you invest:

- At least \$5 million for an institution (e.g., trust company, bank trust, endowment, pension plan, or foundation) acting on behalf of its own account or one or more clients.
- At least \$5 million for a government entity (e.g., a state, county, city, department, authority, or similar government agency).
- With an account established under a “wrap account” or other fee-based program that is sponsored and maintained by a registered broker-dealer approved by the Distributor.
- At least \$500,000 for a 401(k) plan, 457 plan, employer sponsored 403(b) plan, profit sharing and money purchase pension plan, defined benefit plan, or non-qualified deferred compensation plan where plan level or omnibus accounts are held on the books of the Fund.
- Through a registered investment adviser (RIA) who initially invests for clients an aggregate of at least \$100,000 in Davis Funds through a fund “supermarket” or other mutual fund trading platform sponsored by a broker-dealer or trust company and has entered into an agreement with Davis Distributors, LLC.

Class R shares are generally available only to 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans, defined benefit plans, and non-qualified deferred compensation plans. Class R shares are generally available only to retirement plans where plan level or omnibus accounts are held on the books of the Fund. Class R shares are not generally available to retail non-retirement accounts, traditional and Roth IRAs, Education Savings Accounts, SEPs, SAR-SEPs, SIMPLE IRAs, or Individual 403(b) plans.

Eligible retirement plans may open an account and purchase Class R shares by contacting any dealer authorized to sell the Fund’s shares (the dealer may impose transaction charges in addition to those described in this prospectus). Class R shares may not be available through all dealers, and other classes of the Fund may be available to retirement plans.

The minimum initial investment in the Fund is \$500,000 for Class R shares. The Distributor may waive this minimum at its discretion. For the purposes of the minimum, the Distributor may treat appropriately related investors (e.g., trust funds of the same bank, separate accounts of the same insurance company, clients whose funds are managed by a single bank, insurance company, investment adviser, broker-dealer, or institutional clients of a financial intermediary that maintains an omnibus account with the Fund) as a single investor. Class R shares are currently available to retirement and benefit plans and other institutional investors who place orders through financial intermediaries that perform administrative and/or other services for these accounts and that have entered into special arrangements with the Distributor for such services. At the Distributor’s discretion, the minimum may be waived for an account established under a “wrap account” or other fee-based program that is sponsored and maintained by a registered broker-dealer approved by the Distributor.

Two Ways You Can Open an Account

- **Mail.** Complete and sign the Application Form and mail it to the Davis Funds. Include a check made payable to **Davis Funds**. All purchases by check should be in U.S. dollars. **Davis Funds will not accept third-party checks, starter checks, traveler’s checks or money orders.**
- **Dealer.** You may have your dealer order and pay for the shares. In this case, you must pay your dealer directly. Your dealer will then order the shares from the Distributor. Please note that your dealer may charge a service fee or commission for these transactions.

ANTI-MONEY LAUNDERING COMPLIANCE

Davis Funds and the Distributor are required to comply with various anti-money laundering laws and regulations and have appointed an anti-money laundering compliance officer. Consequently, Davis Funds or the Distributor may request additional information from you to verify your identity and the source of your funds. If you do not provide the requested information, Davis Funds may not be able to open your account. If at any time the Davis Funds believe an investor may be involved in suspicious activity or if certain account information matches information on government lists of suspicious persons, Davis Funds and the Distributor may choose not to establish a new account or may be required to “freeze” a shareholder’s account. They may also be required to provide a government agency or another financial institution with information about transactions that have occurred in a shareholder’s account or to transfer monies received to establish a new account, transfer an existing account or transfer the proceeds of an existing account to a governmental agency. In some circumstances, the law may not permit the Davis Funds or the Distributor to inform the shareholder that it has taken the actions described above.

RETIREMENT PLAN ACCOUNTS

You can invest in Davis Funds using any of these types of retirement plan accounts:

- IRAs
- Roth IRAs
- Coverdell Education Savings Accounts
- SIMPLE IRAs
- Simplified Employee Pension (SEP) IRAs
- 403(b) Plans

UMB Bank acts as custodian for these retirement plans and charges each participant a \$15 custodial fee each year per Social Security Number. This fee will be waived for accounts sharing the same Social Security Number if the accounts total at least \$50,000 at Davis Funds. This custodial fee is automatically deducted from each account in December unless you elect to pay the fee directly. Checks for the custodial fee should be made payable to **UMB Bank**. If an account is closed before this fee is paid, it will be deducted from the proceeds at the time of the redemption. To open a retirement plan account, you must fill out a Retirement Account Application Form. You can request this form by calling Investor Services or by visiting Davis Funds' website (www.davisfunds.com). Class Y shares cannot be purchased in an IRA. Class R shares cannot be purchased in a retail retirement account. If you do not list a financial advisor and their brokerage firm on the account application, the Distributor may be designated as the broker of record, but solely for purposes of acting as your agent to purchase or redeem shares. The Distributor and its employees do not provide recommendations on these accounts or any other account where the Distributor is listed as the broker of record.

HOW TO BUY, SELL AND EXCHANGE SHARES

Once you have established an account with Davis Funds, you can add to or withdraw from your investment. This prospectus describes the types of transactions you can perform as a Davis Funds shareholder including how to initiate these transactions and the charges that you may incur (if any) when buying, selling or exchanging shares. A transaction will not be executed until all required documents have been received in a form meeting all legal requirements. Legal requirements vary depending upon the type of transaction and the type of account. Call Investor Services for instructions. These procedures and charges may change over time and the prospectus in effect at the time a transaction is initiated will describe the procedures and charges that will apply to the transaction.

Right to Reject or Restrict any Purchase or Exchange Order

Purchases and exchanges (other than for Davis Government Money Market Fund) should be made for long-term investment purposes only. Davis Funds and the Distributor reserve the right to reject any purchase or exchange order for any reason prior to the end of the first business day after the date that a purchase or exchange order was processed. Davis Funds or the Distributor may "reject" a current purchase order or "restrict" an investor from placing future purchase orders. Davis Funds and the Distributor will not reject or restrict a redemption order without adequate reason, including but not limited to allowing a purchase check to clear, a court order, etc. Exchanges involve both a redemption and a purchase, only the purchase side of the exchange may be rejected or restricted. Davis Funds are not designed to serve as a vehicle for frequent trading in response to short-term fluctuations in the securities markets. Accordingly, purchases or exchanges that are part of activity that Davis Funds or the Distributor have determined may involve actual or potential harm to a fund may be rejected.

Four Ways to Buy, Sell and Exchange Shares

- **Telephone.** Call **1-800-279-0279**. You can speak directly with an Investor Services Professional, Monday through Friday, from 9 a.m. to 6 p.m. Eastern time or use the Fund's automated telephone system at any time, day or night.
- **Online Account Access.** You may initiate most account transactions through online account access on the Fund's website (www.davisfunds.com). Please note that certain account types, including all Class Y and Class R share accounts, may be restricted from online access.
- **Mail.** Send the request to the Davis Funds at either address listed below.

Regular mail:

Davis Funds

P.O. Box 219197

Kansas City, MO 64121-9197

Express shipping:

Davis Funds

430 W 7th Street

Suite 219197

Kansas City, MO 64105-1407

- **Dealer.** Contact a dealer who will execute the transaction through the Distributor. Please note that your dealer may charge service fees or commissions for these transactions.

The Davis Funds do not issue certificates for any class of shares. Instead, shares purchased are automatically credited to an account maintained for you on the books of Davis Funds by State Street Bank and Trust Company. Transactions in the account,

such as additional investments, will be reflected on regular confirmation statements from Davis Funds. Dividend and capital gain distributions, purchases through automatic investment plans and certain retirement plans, and automatic exchanges and withdrawals will be confirmed at least quarterly.

When Your Transactions Are Processed

Purchases, sales, and exchanges will be processed at 4 p.m. Eastern time after Davis Funds' transfer agent or other qualified financial intermediary receives your request to purchase or sell shares in good order, including all documents that are required to constitute a legal purchase, sale or exchange of shares.

BUYING MORE SHARES

You may buy more shares at any time, by mail, through a dealer, by telephone, through online account access, or by wire. The minimum additional purchase amount for all share classes is \$25.

Mail. When you purchase shares by mail:

- Make the check payable to Davis Funds.
- If you have the investment slip from your most recent statement, include it with the check. If you do not have an investment slip, include a letter with your check stating the name of the Fund, the class of shares you wish to buy, and your account number.
- Mail the check to:

Regular mail:

**Davis Funds
P.O. Box 219197
Kansas City, MO 64121-9197**

Express shipping:

**Davis Funds
430 W 7th Street
Suite 219197
Kansas City, MO 64105-1407**

Dealer. When you buy shares through a dealer, you may be charged service fees or commissions for these transactions.

Telephone. If you have a bank account listed on your account you may purchase shares via ACH (Automated Clearing House) and the funds will be pulled directly from your bank account to purchase shares. Call **1-800-279-0279** to use the Fund's automated phone system 24 hours a day or speak to an Investor Services Professional, Monday through Friday, from 9 a.m. to 6 p.m. Eastern time.

Online Account Access. If you have a bank account listed on your account you may purchase shares via ACH (Automated Clearing House) and the funds will be pulled directly from your bank account to purchase shares. See "*Internet Transactions*" in this prospectus for details on how to access your account through the internet.

Wire. You may wire federal funds directly to the Fund's service provider, State Street Bank and Trust Company. To ensure that the purchase is credited properly, follow these wire instructions:

**State Street Bank and Trust Company
Boston, MA 02210
Attn: Mutual Fund Services
[Name of Davis Fund and Class of shares that you are buying]
Shareholder Name
Shareholder Account Number
Federal Routing Number: 011000028
DDA Number: 9904-606-2**

Inactive Accounts

If shareholder-initiated contact does not occur on your account within the timeframe specified by the law in your state of record, or if Fund mailings are returned as undeliverable during that timeframe, the assets of your account (shares and/or any uncashed checks) may be transferred to your last known recorded state of residence as unclaimed property, in accordance with specific state law. **NOTE:** If you fail to initiate such contact, your property will be escheated to your last known state of residency after which you will need to claim the property from that state.

If a check remains uncashed for four months, or is undeliverable by the United States Postal Service, the fund may reinvest the proceeds in additional shares of the Fund.

Making Automatic Investments

An easy way to increase your investment in any Davis Fund is to sign up for the Automatic Investment Plan. Under this plan, you arrange for a predetermined amount of money to be withdrawn from your bank account and invested in Fund shares. The minimum amount you can invest under the plan each month is \$25. The account minimum of \$1,000 must be met prior to establishing an automatic investment plan.

Purchases can be processed electronically on any day of the month if the institution that services your bank account is a member of the Automated Clearing House (ACH) system. Each debit should be reflected on your next bank statement.

To sign up for the Automatic Investment Plan, complete the appropriate section of the Application Form or complete an Account Service Form. You can modify your Automatic Investment Plan at any time by calling Investor Services.

SELLING SHARES

You may sell back all or part of your shares in any Davis Fund in which you invest (also known as redeeming your shares) on any day that the Fund is open at net asset value minus any sales charges that may be due. You can sell the shares by mail, through a dealer, by telephone, or through online account access. The Fund typically expects to pay redemption proceeds one business day following receipt and acceptance of a proper redemption request. However, in some cases, payment from the Fund may take longer than one business day and may take up to seven days as is generally permitted by the Investment Company Act of 1940, as amended. The Fund may, under limited circumstances, be permitted to pay redemption proceeds beyond seven days following receipt and acceptance of a proper redemption request. You may redeem shares on any day that the Fund is open. If you recently purchased shares and subsequently request a redemption of those shares, redemption proceeds may be withheld until a sufficient period of time has passed to reasonably ensure that all checks or drafts (including certified or cashier's checks) have cleared, normally not exceeding fifteen calendar days from the purchase date.

Under normal conditions, the Fund typically expects to meet shareholder redemption requests by using available cash (or cash equivalents) or by selling portfolio securities. The Fund may use additional methods to meet shareholder redemption requests, if they become necessary. These methods may be used during both normal and stressed market conditions. These methods may include, but are not limited to, the use of overdraft protection afforded by the Fund's custodian bank or borrowing from a line of credit.

In addition to paying redemption proceeds in cash, the Fund reserves the right to pay part or all of your redemption proceeds with Fund securities or other Fund assets instead of cash (in-kind redemption). On the same redemption date, some shareholders may be paid in whole or in part in securities (which may differ among those shareholders), while other shareholders may be paid entirely in cash. The disposal of the securities received in-kind may be subject to brokerage costs and, until sold, such securities remain at market risk and liquidity risk, including the risk that such securities are or become difficult to sell. If the Fund pays your redemption with illiquid or less liquid securities, you will bear the risk of not being able to sell such securities.

Mail. To sell shares by mail, send the request to one of the addresses below. All registered shareholders must sign the request.

- Mail the request to:

Regular mail:

Davis Funds

P.O. Box 219197

Kansas City, MO 64121-9197

Express shipping:

Davis Funds

430 W 7th Street

Suite 219197

Kansas City, MO 64105-1407

- A Medallion Signature Guarantee is required if the redemption request is:
 - For a check greater than \$100,000;
 - Made payable to someone other than the registered shareholder(s);
 - Sent to an address other than to the address of record or to an address of record that has been changed in the last 30 days; or
 - To a bank account not on record.

Dealer. When you sell shares through a dealer, you may be charged service fees or commissions for these transactions.

Telephone. Call **1-800-279-0279** to use the Fund's automated phone system 24 hours a day or speak to an Investor Services Professional, Monday through Friday, from 9 a.m. to 6 p.m. Eastern time.

- Redemptions by check:
 - Are limited to \$100,000;
 - Must be mailed to the address of record that has been on the account for at least 30 days; and
 - Must be made payable to the registered shareholder.
- Redemptions via wire or ACH can only be sent to an eligible bank currently on the account.

Online Account Access. See "*Internet Transactions*" in this prospectus for details on how to access your account through the internet.

- Redemptions by check:
 - Are limited to \$100,000;
 - Must be mailed to the address of record that has been on the account for at least 30 days; and
 - Must be made payable to the registered shareholder.
- Redemptions via wire or ACH can only be sent to an eligible bank currently on the account.

Unless you decide not to have telephone, fax, or internet services on your account(s), you agree to hold the Fund, Davis Funds, any of its affiliates or mutual funds managed by such affiliates, and each of their respective directors, officers, employees and agents harmless from any losses, expenses, costs or liabilities (including attorney's fees) that may be incurred in connection with the exercise of these privileges when Davis Funds, acting in good faith, has complied with instructions that are believed to be genuine. Davis Advisors uses certain procedures to confirm that your instructions are genuine. If these procedures are not used, the Fund may be liable for any loss from unauthorized instructions.

What You Need to Know Before You Sell Your Shares

- You will always receive cash for sales that total less than \$250,000 or one percent of a fund's net asset value during any ninety-day period. Any sales above the cash limit may be paid in securities.
- In certain circumstances, such as the death of a shareholder or acting as power of attorney, additional documentation may be required. Please contact Investor Services at **1-800-279-0279** to determine if your situation requires such documentation.
- In the past, Davis Funds issued certificates for its shares. If a certificate was issued for the shares you wish to sell, the certificate must be sent by certified mail to Davis Funds, accompanied by a letter of instruction signed by the owner(s).
- A sale may produce a gain or loss. Gains may be subject to tax.
- The Securities and Exchange Commission may suspend redemption of shares under certain emergency circumstances if the New York Stock Exchange is closed for reasons other than customary closings and holidays.

Medallion Signature Guarantee

To protect you and Davis Funds against fraud, certain redemption requests must be made in writing with your signature guaranteed. A Medallion Signature Guarantee is a written endorsement from an eligible guarantor institution that the signature(s) on the written request is (are) valid. Certain commercial banks, trust companies, savings associations, credit unions and members of a United States stock exchange participate in the Medallion Signature Guarantee Program. No other form of signature verification will be accepted.

Stock Power

This is a letter of instruction signed by the owner of Fund shares that gives State Street Bank and Trust Company permission to transfer ownership of the shares to another person or group. Any transfer of ownership requires that all shareholders have their signatures Medallion-guaranteed.

If You Decide to Buy Back Shares You Sold

If you sold Davis Funds Class A or Class B shares on which you have paid a sales charge (other Classes of shares are not entitled to this privilege) and decide to repurchase some or all shares within 60 days of sale, you may notify the Fund in writing of your intent to exercise the **Subsequent Repurchase Privilege**. This privilege can only be exercised once. With this privilege you may purchase Class A shares at current net asset value without a sales charge. If you redeemed Class B shares and paid a

contingent deferred sales charge on redemption, it will not be refunded or returned to your account. You may purchase Class A shares of the same fund/account in an amount up to, but not exceeding, the dollar amount of Class A or Class B shares which you previously redeemed. To exercise this privilege, you must send a letter to Davis Funds, along with a check for the repurchased shares.

Involuntary Redemption

If your fund/account balance declines to less than the minimum for your share class in any fund as a result of a redemption, exchange or transfer, the Fund will redeem your remaining shares in the Fund at net asset value. You will be notified before your account is involuntarily redeemed. Telephone redemptions will receive immediate notice that the redemption will result in the entire account being redeemed upon execution of the transaction. All other redemptions will receive a letter notifying account holders that their accounts will be involuntarily redeemed unless the account balance is increased to the Fund minimum within 30 days. For Class A, B, and C shares this is typically \$1,000. For Class R shares this is typically \$500,000. Class Y share minimums vary. Please see *“How to Open an Account”* for details.

Making Systematic Withdrawals

You can sell a predetermined dollar or percentage amount each month or quarter (for retirement accounts or IRAs, withdrawals may be established on an annual basis). Because withdrawals are sales, they may produce a gain or loss. If you purchase additional fund shares at around the same time that you make a withdrawal, you may have to pay taxes and a sales charge. When you participate in this plan, known as the **Systematic Withdrawal Plan**, shares are sold so that you will receive payment by one of three methods:

- You may receive a check at the address of record provided that this address has not changed for a period of at least 30 days.
- You may also choose to receive funds by ACH by completing an Account Service Form. If you wish to execute a Systematic Withdrawal Plan by ACH after your account has been established, please complete an Account Service Form and have your signature Medallion-guaranteed.
- You may have funds sent by check to a third-party at an address other than the address of record. In order to do so, you must complete the appropriate section of the Application Form. If you wish to designate a third-party payee after your account has been established, you must submit a letter of instruction with a Medallion Signature Guarantee.

You may stop systematic withdrawals at any time without charge or penalty by calling Investor Services.

Wiring Sale Proceeds to Your Bank Account

You may be eligible to have your redemption proceeds electronically transferred to a commercial bank account by federal funds wire. There is a \$5 charge by State Street Bank and Trust Company for wire service and receiving banks may also charge for this service. Proceeds of redemption by federal funds wire are usually credited to your bank account on the next business day after the sale. Alternatively, redemption through ACH will usually arrive at your bank two banking days after the sale. To have redemption proceeds sent by federal funds wire to your bank, you must first fill out the *“Banking Instructions”* section on the Account Application Form and attach a voided check or deposit slip. If the account has already been established, an Account Service Form must be submitted with a Medallion Signature Guarantee and a voided check.

EXCHANGING SHARES

You can sell shares of any Davis Fund to buy shares in the same class of any other Davis Fund without having to pay a sales charge. This is known as an exchange. You can only exchange shares from your account within the same share class and under the same registration. You can exchange shares by telephone, by internet, by mail or through a dealer. The initial exchange must be for at least the minimum for your share class. For Class A, and C shares this is typically \$1,000. Class Y share minimums vary. Please see *“How to Open an Account”* for details. Exchanges are normally performed on the same day of the request if received in proper form (all necessary documents, signatures, etc.) by 4 p.m. Eastern time. There are no exchange privileges for Class B and R shares.

Shares in different Davis Funds may be exchanged at relative net asset value. However, if any Davis Fund shares being exchanged are subject to a deferred sales charge, Statement of Intention or other limitation, the limitation will continue to apply to the shares received in the exchange. When you exchange shares in a Davis Fund for shares in Davis Government Money Market Fund, the holding period for any deferred sales charge does not continue during the time that you own Davis Government Money Market Fund shares. For example, Class C shares are subject to a contingent deferred sales charge for one year. Any period that you are invested in shares of Davis Government Money Market Fund will be added to the contingent deferred sales charge period.

You may exchange shares in any of the following ways:

Mail. To exchange shares by mail, send the request to one of the addresses below. All registered shareholders must sign the request.

- Mail the request to:

Regular mail:

Davis Funds

P.O. Box 219197

Kansas City, MO 64121-9197

Express shipping:

Davis Funds

430 W 7th Street

Suite 219197

Kansas City, MO 64105-1407

Dealer. When you exchange shares through a dealer, you may be charged service fees or commissions for these transactions.

Telephone. Call **1-800-279-0279** to use the Fund's automated phone system 24 hours a day or speak to an Investor Services Professional, Monday through Friday, from 9 a.m. to 6 p.m. Eastern time.

Online Account Access. See "*Internet Transactions*" in this prospectus for details on how to access your account through the internet.

In the past, Davis Funds issued certificates. If you wish to exchange shares for which you hold share certificates, these certificates must be sent by certified mail to Davis Funds, accompanied by a letter of instruction signed by the owner(s). If your shares are being sold for cash, this is known as a redemption. Please see "*What You Need to Know Before You Sell Your Shares*" in this prospectus for restrictions that might apply to this type of transaction.

Before you decide to make an exchange, you must obtain the current prospectus of the desired Davis Fund. For federal income tax purposes, exchanges between Davis Funds are treated as a sale and a purchase. Therefore, there will usually be a recognizable capital gain or loss due to an exchange.

Making Automatic Exchanges

You can elect to make automatic monthly exchanges if all accounts involved are registered under the same name and have a minimum initial value of at least the minimum for your share class. For Class A and C shares this is typically \$1,000. Class Y share minimums vary. Please see "*How to Open an Account*" for details. You must exchange at least \$25 to participate in this program, known as the **Automatic Exchange Program**. To sign up for this program you may contact Investor Services.

FREQUENT PURCHASES AND REDEMPTIONS OF FUND SHARES

Davis Funds discourage short-term or excessive trading, do not accommodate short-term or excessive trading, and, if detected, intend to restrict or reject such trading or take other action if in the judgment of Davis Advisors such trading may be detrimental to the interest of the Fund. Such strategies may dilute the value of fund shares held by long-term shareholders, interfere with the efficient management of the Fund's portfolio, and increase brokerage and administrative costs.

The Davis Funds' Board of Directors has adopted a 30-day restriction policy with respect to the frequent purchase and redemption of Fund shares. Under the 30-day restriction any shareholder redeeming shares from an equity fund will be precluded from investing in the same equity fund for 30 calendar days after the redemption transaction. This policy also applies to redemptions and purchases that are part of an exchange transaction. Check writing redemptions from the Davis Government Money Market Fund are excluded from this restriction, as are transactions that are part of a systematic plan. Certain financial intermediaries, such as 401(k) plan administrators, may apply purchase and exchange limitations that are different than the limitations discussed above. These limitations may be more or less restrictive than the limitations imposed by Davis Funds, but are designed to detect and prevent excessive trading. Shareholders should consult their financial intermediaries to determine what purchase and exchange limitations may be applicable to their transactions in Davis Funds through those financial intermediaries. To the extent reasonably feasible, the Fund's market timing procedures apply to all shareholder accounts and neither Davis Funds nor Davis Advisors have entered into agreements to exempt any shareholder from application of either Davis Funds' or a financial intermediary's market-timing procedures, as applicable.

Davis Funds receive purchase, exchange and redemption orders from many financial intermediaries that maintain omnibus accounts with the Fund. Omnibus account arrangements permit financial intermediaries to aggregate their clients' transactions and ownership positions. If Davis Funds or the Distributor discovers evidence of material excessive trading in an omnibus account they may seek the assistance of the financial intermediary to prevent further excessive trading in the omnibus account. Shareholders seeking to engage in excessive trading practices may employ a variety of strategies to avoid detection and there can be no assurance that Davis Funds will successfully prevent all instances of market timing.

If Davis Funds, at its discretion, identifies any activity that may constitute frequent trading, it reserves the right to restrict further trading activity regardless of whether the activity exceeds the Fund's written guidelines. In applying this policy, Davis

Funds reserves the right to consider the trading of multiple accounts under common ownership, control or influence to be trading out of a single account.

TELEPHONE TRANSACTIONS

A benefit of investing through Davis Funds is that you can use the Fund's automated telephone system to buy, sell or exchange shares by calling **1-800-279-0279**. IRA shares cannot be sold through the automated telephone system. If you do not wish to have this option activated for your account, complete the appropriate section of the Application Form or contact Investor Services.

When you call Davis Funds you can perform a transaction in one of two ways:

- Speak directly with an Investor Services Professional during business hours (9 a.m. to 6 p.m. Eastern time).
- You can use Davis Funds' automated telephone system, 24 hours a day, seven days a week. Class R, T, and Y share accounts do not have access to the automated telephone system.

When you buy, sell, or exchange shares by telephone instruction, you agree that Davis Funds are not liable for following telephone instructions believed to be genuine (that is, believed to be, directed by the account holder, registered representative or authorized trader whose name is on file). The Fund uses certain procedures to confirm that your instructions are genuine, including a request for personal identification and a tape recording of the conversation. If these procedures are not used, the Fund may be liable for any loss from unauthorized instructions.

Be aware that during unusual market conditions Davis Funds may not be able to accept all requests by telephone.

INTERNET TRANSACTIONS

You can use the Fund's website (**www.davisfunds.com**) to review your account balance and recent transactions. Your account may qualify for the privilege to purchase, sell or exchange shares online. You may also elect to receive the summary prospectus, account statements, and annual and semi-annual reports electronically, in lieu of paper form, by enrolling in eConsent on the Fund's website. Please review the Fund's website for more complete information. Class R and Y share accounts cannot be accessed through the Fund's website.

To access your accounts, you must establish a unique and confidential User ID and Password. To create your User ID and Password, you will need: (i) the name of the Fund(s) in which you are invested, (ii) your account number, (iii) the last four digits of your Social Security Number, and (iv) either a cell phone or email for satisfying the two-factor authentication. Your User ID and Password will be required each time you access your Davis account online.

When you buy, sell or exchange shares over the Internet, you agree that Davis Funds are not liable for following instructions believed to be genuine (that is, believed to be, directed by the account holder or registered representative on file). The Fund uses certain procedures to confirm that your instructions are genuine. If these procedures are not used, the Fund may be liable for any loss from unauthorized instructions.

HOUSEHOLDING

The Fund may, on occasion, mail notices, reports, prospectuses, or proxy material to shareholders. To avoid sending duplicate copies of materials to households, the Fund will mail only one copy of these items to shareholders having the same last name and address on the Fund's records. The consolidation of these mailings, called householding, benefits the Fund through reduced mailing expense. If you have a direct account with the Fund and you do not want the mailing of these documents to be combined with those to other members of your household, please contact Davis Funds by phone at 1-800-279-0279. Your instructions will become effective within 30 days of your notice to the Fund.

FINANCIAL HIGHLIGHTS

This table is designed to show you the financial performance of the Fund in this prospectus for the past five years ended July 31, 2022. Some of the information reflects financial results for a single fund share. The total returns represent the rate at which an investor would have earned (or lost) money on an investment in the Fund, assuming that all dividends and capital gains have been reinvested. This information has been audited by KPMG LLP, whose report, along with the Fund's financial statements, are included in the annual report, which is available upon request.

DAVIS NEW YORK VENTURE FUND

The following financial information represents selected data for each share of capital stock outstanding throughout each period:

	Income (Loss) from Investment Operations			
	Net Asset Value, Beginning of Period	Net Investment Income (Loss) ^a	Net Realized and Unrealized Gains (Losses)	Total from Investment Operations
Davis New York Venture Fund Class A:				
Year ended July 31, 2022	\$33.16	\$0.24	\$(5.60)	\$(5.36)
Year ended July 31, 2021	\$27.04	\$0.07	\$10.68	\$10.75
Year ended July 31, 2020	\$28.16	\$0.14	\$(0.29)	\$(0.15)
Year ended July 31, 2019	\$32.59	\$0.20	\$(0.91)	\$(0.71)
Year ended July 31, 2018	\$32.64	\$0.18	\$4.85	\$5.03
Davis New York Venture Fund Class B:				
Year ended July 31, 2022	\$27.00	\$(0.01)	\$(4.42)	\$(4.43)
Year ended July 31, 2021	\$22.69	\$(0.17)	\$8.93	\$8.76
Year ended July 31, 2020	\$23.84	\$(0.09)	\$(0.25)	\$(0.34)
Year ended July 31, 2019	\$28.30	\$(0.08)	\$(0.83)	\$(0.91)
Year ended July 31, 2018	\$29.06	\$(0.14)	\$4.29	\$4.15

^a Per share calculations were based on average shares outstanding for the period.

^b Assumes hypothetical initial investment on the business day before the first day of the fiscal period, with all dividends and distributions reinvested in additional shares on the reinvestment date, and redemption at the net asset value calculated on the last business day of the fiscal period. Sales charges are not reflected in the total returns.

^c The ratios in this column reflect the impact, if any, of certain reimbursements.

^d The lesser of purchases or sales of portfolio securities for a period, divided by the monthly average of the market value of portfolio securities owned during the period. Securities with a maturity or expiration date at the time of acquisition of one year or less are excluded from the calculation.

^c Less than \$0.005.

APPENDIX A:

INTERMEDIARY-SPECIFIC SALES CHARGE WAIVERS AND DISCOUNTS

The availability of certain initial and contingent deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares. Financial intermediaries may have different policies and procedures regarding the availability of these waivers and discounts. As one example, group retirement plan recordkeeping platforms of certain broker-dealer intermediaries that hold Class C shares of a fund in an omnibus account may not track participant level share lot aging and, for this reason, those Class C shares would not satisfy the conditions for the conversion discussed elsewhere in this prospectus. For waivers or discounts not available through a particular intermediary, investors will have to purchase shares directly from the Distributor or through another intermediary to receive such waivers or discounts to the extent such a waiver or discount is available. The following descriptions of sales charge waivers and discounts for a particular financial intermediary and class(es) of shares are reproduced based on information provided by the financial intermediary that the intermediary has represented is current with respect to sales charge waivers or discounts in effect. These waivers or discounts, which may vary from those disclosed elsewhere in the prospectus or SAI, are subject to change and this Appendix will be updated based on information provided by the financial intermediaries. Neither the Fund, Davis Selected Advisers, L.P., nor Davis Distributors, LLC supervises the implementation of these waivers or discounts or verifies the intermediaries' administration of these waivers or discounts. An investor should speak with their applicable intermediary to ensure that they understand the steps that must be taken in order to qualify for any available waiver or discount.

The following financial intermediaries (or their affiliates) have entered into an agreement with the Distributor and have been approved by the Distributor to offer Class A Shares without a sales charge to self-directed brokerage accounts that may or may not charge a transaction fee. These financial intermediaries are Charles Schwab & Co., Fidelity Investments, JP Morgan Securities LLC, Morgan Stanley Smith Barney, LLC, Vanguard Marketing Corporation, and TD Ameritrade, Inc.

In all instances, it is the purchaser's responsibility to notify the financial intermediary of any facts that may qualify the purchaser for sales charge waivers or discounts. Please contact your financial intermediary for more information.

MERRILL LYNCH

Shareholders purchasing Fund shares through a Merrill Lynch platform or account will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund's Prospectus or SAI.

Front-end Sales Load Waivers on Class A Shares available at Merrill Lynch

- Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan
- Shares purchased by a 529 Plan (does not include 529 Plan units or 529-specific share classes or equivalents)
- Shares purchased through a Merrill Lynch affiliated investment advisory program
- Shares exchanged due to the holdings moving from a Merrill Lynch affiliated investment advisory program to a Merrill Lynch brokerage (non-advisory) account pursuant to Merrill Lynch's policies relating to sales load discounts and waivers
- Shares purchased by third party investment advisors on behalf of their advisory clients through Merrill Lynch's platform
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family)
- Shares exchanged from Class C (i.e., level-load) shares of the same fund pursuant to Merrill Lynch's policies relating to sales load discounts and waivers
- Employees and registered representatives of Merrill Lynch or its affiliates and their family members
- Directors or Trustees of the Fund, and employees of the Fund's investment adviser or any of its affiliates, as described in this prospectus
- Eligible shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed

shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement). Automated transactions (i.e., systematic purchases and withdrawals) and purchases made after shares are automatically sold to pay Merrill Lynch's account maintenance fees are not eligible for reinstatement

CDSC Waivers on Class A and C Shares available at Merrill Lynch

- Death or disability of the shareholder
- Shares sold as part of a systematic withdrawal plan as described in the Fund's prospectus
- Return of excess contributions from an IRA Account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations
- Shares sold to pay Merrill Lynch fees but only if the transaction is initiated by Merrill Lynch
- Shares acquired through a right of reinstatement
- Shares held in retirement brokerage accounts, that are exchanged for a lower cost share class due to transfer to certain fee based accounts or platforms (applicable to A and C shares only)
- Shares received through an exchange due to the holdings moving from a Merrill Lynch affiliated investment advisory program to a Merrill Lynch brokerage (non-advisory) account pursuant to Merrill Lynch's policies relating to sales load discounts and waivers

Front-end load Discounts Available at Merrill Lynch: Breakpoints, Rights of Accumulation and Letters of Intent

- Breakpoints as described in the prospectus
- Rights of Accumulation (ROA) which entitle shareholders to breakpoint discounts as described in the Fund's prospectus will be automatically calculated based on the aggregated holding of fund family assets held by accounts (including 529 program holdings, where applicable) within the purchaser's household at Merrill Lynch. Eligible fund family assets not held at Merrill Lynch may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets
- Letters of Intent (LOI) which allow for breakpoint discounts based on anticipated purchases within a fund family, through Merrill Lynch, over a 13-month period of time

MORGAN STANLEY WEALTH MANAGEMENT

Effective July 1, 2018, shareholders purchasing Fund shares through a Morgan Stanley Wealth Management transactional brokerage account will be eligible only for the following front-end sales charge waivers with respect to Class A shares, which may differ from and may be more limited than those disclosed elsewhere in this Fund's Prospectus or SAI.

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, SIMPLE IRAs, SAR-SEPs or Keogh plans
- Morgan Stanley employee and employee-related accounts according to Morgan Stanley's account linking rules
- Shares purchased through reinvestment of dividends and capital gains distributions when purchasing shares of the same fund
- Shares purchased through a Morgan Stanley self-directed brokerage account
- Class C (i.e., level-load) shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Morgan Stanley Wealth Management's share class conversion program
- Shares purchased from the proceeds of redemptions within the same fund family, provided (i) the repurchase occurs within 90 days following the redemption, (ii) the redemption and purchase occur in the same account, and (iii) redeemed shares were subject to a front-end or deferred sales charge

AMERIPRISE FINANCIAL

Class A Shares Front-End Sales Charge Waivers Available at Ameriprise Financial:

The following information applies to Class A shares purchases if you have an account with or otherwise purchase Fund shares through Ameriprise Financial:

Shareholders purchasing Fund shares through an Ameriprise Financial brokerage account are eligible for the following front-end sales charge waivers, which may differ from those disclosed elsewhere in this Fund's prospectus or SAI:

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, SIMPLE IRAs or SAR-SEPs.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same Fund (but not any other fund within the same fund family).
- Shares exchanged from Class C shares of the same fund in the month of or following the 7-year anniversary of the purchase date. To the extent that this prospectus elsewhere provides for a waiver with respect to exchanges of Class C shares or conversion of Class C shares following a shorter holding period, that waiver will apply.
- Employees and registered representatives of Ameriprise Financial or its affiliates and their immediate family members.
- Shares purchased by or through qualified accounts (including IRAs, Coverdell Education Savings Accounts, 401(k)s, 403(b) TSCAs subject to ERISA and defined benefit plans) that are held by a covered family member, defined as an Ameriprise financial advisor and/or the advisor's spouse, advisor's lineal ascendant (mother, father, grandmother, grandfather, great grandmother, great grandfather), advisor's lineal descendant (son, step-son, daughter, step-daughter, grandson, granddaughter, great grandson, great granddaughter) or any spouse of a covered family member who is a lineal descendant.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e. Rights of Reinstatement).

RAYMOND JAMES

Intermediary-Defined Sales Charge Waiver Policies

The availability of certain initial or deferred sales charge waivers and discounts may depend on the particular financial intermediary or type of account through which you purchase or hold Fund shares.

Intermediaries may have different policies and procedures regarding the availability of front-end sales load waivers or contingent deferred (back-end) sales load ("CDSC") waivers, which are discussed below. In all instances, it is the purchaser's responsibility to notify the fund or the purchaser's financial intermediary at the time of purchase of any relationship or other facts qualifying the purchaser for sales charge waivers or discounts. For waivers and discounts not available through a particular intermediary, shareholders will have to purchase fund shares directly from the fund or through another intermediary to receive these waivers or discounts.

Raymond James & Associates, Inc., Raymond James Financial Services, Inc. and each entity's affiliates ("Raymond James")

Effective March 1, 2019, shareholders purchasing fund shares through a Raymond James platform or account, or through an introducing broker-dealer or independent registered investment adviser for which Raymond James provides trade execution, clearance, and/or custody services, will be eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this fund's prospectus or SAI.

Front-end sales load waivers on Class A shares available at Raymond James

- Shares purchased in an investment advisory program.
- Shares purchased within the same fund family through a systematic reinvestment of capital gains and dividend distributions.

- Employees and registered representatives of Raymond James or its affiliates and their family members as designated by Raymond James.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Reinstatement).
- A shareholder in the Fund’s Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of Raymond James.

CDSC Waivers on Classes A and C shares available at Raymond James

- Death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund’s prospectus.
- Return of excess contributions from an IRA Account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations.
- Shares sold to pay Raymond James fees but only if the transaction is initiated by Raymond James.
- Shares acquired through a right of reinstatement.

Front-end load discounts available at Raymond James: breakpoints, rights of accumulation, and/or letter of intent

- Breakpoints as described in this prospectus.
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at Raymond James. Eligible fund family assets not held at Raymond James may be included in the calculation of rights of accumulation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within a fund family, over a 13-month time period. Eligible fund family assets not held at Raymond James may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

UBS FINANCIAL SERVICES INC.

UBS may sell Class Y shares to its retail brokerage clients without a sales charge, load, or 12b-1 distribution/service fee. UBS may charge commissions to its clients with respect to brokerage transactions in Class Y shares. Minimum purchase amounts are waived in such accounts.

JANNEY MONTGOMERY SCOTT LLC

Effective May 1, 2020, if you purchase fund shares through a Janney Montgomery Scott LLC (“Janney”) brokerage account, you will be eligible for the following load waivers (front-end sales charge waivers and contingent deferred sales charge (“CDSC”), or back-end sales charge, waivers) and discounts, which may differ from those disclosed elsewhere in this fund’s Prospectus or SAI.

Front-end sales charge* waivers on Class A shares available at Janney

- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family).
- Shares purchased by employees and registered representatives of Janney or its affiliates and their family members as designated by Janney.
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within ninety (90) days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales load (i.e., right of reinstatement).

- Employer-sponsored retirement plans (e.g., 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans). For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, SIMPLE IRAs, SAR-SEPs or Keogh plans.
- Shares acquired through a right of reinstatement.
- Class C shares that are no longer subject to a contingent deferred sales charge and are converted to Class A shares of the same fund pursuant to Janney’s policies and procedures.

CDSC waivers on Class A and C shares available at Janney

- Shares sold upon the death or disability of the shareholder.
- Shares sold as part of a systematic withdrawal plan as described in the fund’s Prospectus.
- Shares purchased in connection with a return of excess contributions from an IRA account.
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations.
- Shares sold to pay Janney fees but only if the transaction is initiated by Janney.
- Shares acquired through a right of reinstatement.
- Shares exchanged into the same share class of a different fund.

Front-end sales charge* discounts available at Janney: breakpoints, rights of accumulation, and/or letters of intent

- Breakpoints as described in the fund’s Prospectus.
- Rights of accumulation (“ROA”), which entitle shareholders to breakpoint discounts, will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at Janney. Eligible fund family assets not held at Janney may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets.
- Letters of intent which allow for breakpoint discounts based on anticipated purchases within a fund family, over a 13-month time period. Eligible fund family assets not held at Janney Montgomery Scott may be included in the calculation of letters of intent only if the shareholder notifies his or her financial advisor about such assets.

*Also referred to as an “initial sales charge.”

EDWARD D. JONES & CO., L.P. (“EDWARD JONES”)

Policies Regarding Transactions Through Edward Jones

The following information has been provided by Edward Jones:

Effective on or after March 1, 2021, the following information supersedes prior information with respect to transactions and positions held in fund shares through an Edward Jones system. Clients of Edward Jones (also referred to as “shareholders”) purchasing fund shares on the Edward Jones commission and fee-based platforms are eligible only for the following sales charge discounts (also referred to as “breakpoints”) and waivers, which can differ from discounts and waivers described elsewhere in the mutual fund prospectus or SAI or through another broker-dealer. In all instances, it is the shareholder’s responsibility to inform Edward Jones at the time of purchase of any relationship, holdings of Davis Funds, or other facts qualifying the purchaser for discounts or waivers. Edward Jones can ask for documentation of such circumstance. Shareholders should contact Edward Jones if they have questions regarding their eligibility for these discounts and waivers.

Breakpoints

- Breakpoint pricing, otherwise known as volume pricing, at dollar thresholds as described in the prospectus.

Rights of Accumulation (“ROA”)

- The applicable sales charge on a purchase of Class A shares is determined by taking into account all share classes (except certain money market funds and any assets held in group retirement plans) of the Davis Funds held by the shareholder or in an account grouped by Edward Jones with other accounts for the purpose of providing certain pricing considerations (“pricing groups”). If grouping assets as a shareholder, this includes all share classes held on the Edward Jones platform

and/or held on another platform. The inclusion of eligible fund family assets in the ROA calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Money market funds are included only if such shares were sold with a sales charge at the time of purchase or acquired in exchange for shares purchased with a sales charge.

- The employer maintaining a SEP IRA plan and/or SIMPLE IRA plan may elect to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping as opposed to including all share classes at a shareholder or pricing group level.
- ROA is determined by calculating the higher of cost minus redemptions or market value (current shares x NAV).

Letter of Intent (“LOI”)

- Through an LOI, shareholders can receive the sales charge and breakpoint discounts for purchases shareholders intend to make over a 13-month period from the date Edward Jones receives the LOI. The LOI is determined by calculating the higher of cost or market value of qualifying holdings at LOI initiation in combination with the value that the shareholder intends to buy over a 13-month period to calculate the front-end sales charge and any breakpoint discounts. Each purchase the shareholder makes during that 13-month period will receive the sales charge and breakpoint discount that applies to the total amount. The inclusion of eligible fund family assets in the LOI calculation is dependent on the shareholder notifying Edward Jones of such assets at the time of calculation. Purchases made before the LOI is received by Edward Jones are not adjusted under the LOI and will not reduce the sales charge previously paid. Sales charges will be adjusted if the LOI is not met.
- If the employer maintaining a SEP IRA plan and/or SIMPLE IRA plan has elected to establish or change ROA for the IRA accounts associated with the plan to a plan-level grouping, LOIs will also be at the plan-level and may only be established by the employer.

Sales Charge Waivers

Sales charges are waived for the following shareholders and in the following situations:

- Associates of Edward Jones and its affiliates and their family members who are in the same pricing group (as determined by Edward Jones under its policies and procedures) as the associate. This waiver will continue for the remainder of the associate’s life if the associate retires from Edward Jones in good-standing and remains in good standing pursuant to Edward Jones’ policies and procedures.
- Shares purchased in an Edward Jones fee-based program.
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment.
- Shares purchased from the proceeds of redeemed shares of the same fund family so long as the following conditions are met: 1) the proceeds are from the sale of shares within 60 days of the purchase, and 2) the sale and purchase are made in the same share class and the same account or the purchase is made in an individual retirement account with proceeds from liquidations in a non-retirement account.
- Shares exchanged into Class A shares from another share class so long as the exchange is into the same fund and was initiated at the discretion of Edward Jones. Edward Jones will be responsible for any remaining CDSC due to the fund company, if applicable.
- Exchanges from Class C shares to Class A shares of the same fund, generally, in the 84th month following the anniversary of the purchase date or earlier at the discretion of Edward Jones.

Contingent Deferred Sales Charge (“CDSC”) Waivers

If the shareholder purchases shares that are subject to a CDSC and those shares are redeemed before the CDSC is expired, the shareholder will be responsible to pay the CDSC except in the following conditions:

- The death or disability of the shareholder.
- Systematic withdrawals with up to 10% per year of the account value.
- Return of excess contributions from an Individual Retirement Account (IRA).
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations.

- Shares sold to pay Edward Jones fees or costs in such cases where the transaction is initiated by Edward Jones.
- Shares exchanged in an Edward Jones fee-based program.
- Shares acquired through NAV reinstatement.
- Shares redeemed at the discretion of Edward Jones for Minimums Balances, as described below.

Other Important Information Regarding Transactions Through Edward Jones

Minimum Purchase Amounts

- Initial purchase minimum: \$250
- Subsequent purchase minimum: none

Minimum Balances

- Edward Jones has the right to redeem at its discretion fund holdings with a balance of \$250 or less. The following are examples of accounts that are not included in this policy:
 - A fee-based account held on an Edward Jones platform
 - A 529 account held on an Edward Jones platform
 - An account with an active systematic investment plan or LOI

Exchanging Share Classes

- At any time it deems necessary, Edward Jones has the authority to exchange at NAV a shareholder's holdings in a fund to Class A shares of the same fund.

OPPENHEIMER (“OPCO”)

Effective February 26, 2020, shareholders purchasing Fund shares through an OPCO platform or account are eligible only for the following load waivers (front-end sales charge waivers and contingent deferred, or back-end, sales charge waivers) and discounts, which may differ from those disclosed elsewhere in this Fund's prospectus or SAI.

Front-end Sales Load Waivers on Class A Shares available at OPCO

- Employer-sponsored retirement, deferred compensation and employee benefit plans (including health savings accounts) and trusts used to fund those plans, provided that the shares are not held in a commission-based brokerage account and shares are held for the benefit of the plan
- Shares purchased by or through a 529 Plan
- Shares purchased through a OPCO affiliated investment advisory program
- Shares purchased through reinvestment of capital gains distributions and dividend reinvestment when purchasing shares of the same fund (but not any other fund within the fund family)
- Shares purchased from the proceeds of redemptions within the same fund family, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same amount, and (3) redeemed shares were subject to a front-end or deferred sales load (known as Rights of Restatement).
- A shareholder in the Fund's Class C shares will have their shares converted at net asset value to Class A shares (or the appropriate share class) of the Fund if the shares are no longer subject to a CDSC and the conversion is in line with the policies and procedures of OPCO
- Employees and registered representatives of OPCO or its affiliates and their family members
- Directors or Trustees of the Fund, and employees of the Fund's investment adviser or any of its affiliates, as described in this prospectus

CDSC Waivers on A and C Shares available at OPCO

- Death or disability of the shareholder

- Shares sold as part of a systematic withdrawal plan as described in the Fund’s prospectus
- Return of excess contributions from an IRA Account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations
- Shares sold to pay OPCO fees but only if the transaction is initiated by OPCO
- Shares acquired through a right of reinstatement

Front-end load Discounts Available at OPCO: Breakpoints, Rights of Accumulation & Letters of Intent

- Breakpoints as described in this prospectus
- Rights of Accumulation (ROA) which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holding of fund family assets held by accounts within the purchaser’s household at OPCO. Eligible fund family assets not held at OPCO may be included in the ROA calculation only if the shareholder notifies his or her financial advisor about such assets

BAIRD

Effective June 15, 2020, shareholders purchasing Fund shares through a Baird platform or account will only be eligible for the following sales charge waivers (front-end sales charge waivers and CDSC waivers) and discounts, which may differ from those disclosed elsewhere in this prospectus or the SAI.

Front-End Sales Charge Waivers on Class A Shares Available at Baird

- Shares purchased through reinvestment of capital gain distributions and dividend reinvestments when purchasing shares of the same Fund
- Shares purchased by employees and registered representatives of Baird or its affiliates and their family members as designated by Baird
- Shares purchase from the proceeds of redemptions from another Davis Fund, provided (1) the repurchase occurs within 90 days following the redemption, (2) the redemption and purchase occur in the same account, and (3) redeemed shares were subject to a front-end or deferred sales charge (known as rights of reinstatement)
- A shareholder in the Funds’ Class C shares will have their shares converted at net asset value to Class A shares of the Fund if the shares are no longer subject to CDSC and the conversion is in line with the policies and procedures of Baird
- Employer-sponsored retirement plans or charitable accounts in a transactional brokerage account at Baird, including 401(k) plans, 457 plans, employer-sponsored 403(b) plans, profit sharing and money purchase pension plans and defined benefit plans. For purposes of this provision, employer-sponsored retirement plans do not include SEP IRAs, SIMPLE IRAs or SAR-SEPs

CDSC Waivers on Class A and C shares Available at Baird

- Shares sold due to death or disability of the shareholder
- Shares sold as part of a systematic withdrawal plan as described in the Fund’s Prospectus
- Shares sold due to returns of excess contributions from an IRA Account
- Shares sold as part of a required minimum distribution for IRA and retirement accounts due to the shareholder reaching the qualified age based on applicable IRS regulations
- Shares sold to pay Baird fees but only if the transaction is initiated by Baird
- Shares acquired through a right of reinstatement

Front-End Sales Charge Discounts Available at Baird: Breakpoints and/or Rights of Accumulation

- Breakpoints as described in this prospectus
- Rights of accumulation which entitle shareholders to breakpoint discounts will be automatically calculated based on the aggregated holdings of Davis Fund assets held by accounts within the purchaser’s household at Baird. Eligible Davis Fund

assets not held at Baird may be included in the rights of accumulation calculations only if the shareholder notifies his or her financial advisor about such assets

- Letters of Intent (LOI) allow for breakpoint discounts based on anticipated purchases of Davis Fund shares through Baird over a 13-month period of time
