You could lose money by investing in the Fund. Although the Fund seeks to preserve the value of your investment at \$1.00 per share, it cannot guarantee it will do so. The Fund's sponsor has no legal obligation to provide financial support to the Fund, and you should not expect that the sponsor will provide financial support to the Fund at any time.

** Gross Expenses. As of most recent prospectus. The Advisor is contractually committed to waive fees and/or reimburse the Fund's expenses such that net investment income will not be less than zero until 5/1/24. After that date, there is no assurance that the Advisor will continue to cap expenses. The Advisor may recapture from the assets of the Fund any of the operating expenses it has reimbursed (but not any of the management fees which it has waived) until the end of the third calendar year after the end of the calendar year in which such reimbursement occurs, subject to certain limitations. This recapture could negatively affect the Fund's future yield.
