This Semi-Annual Report is authorized for use by existing shareholders. Prospective shareholders must receive a current Davis Real Estate Portfolio prospectus, which contains more information about investment strategies, risks, charges, and expenses. Please read the prospectus carefully before investing or sending money.

Shares of Davis Real Estate Portfolio are not deposits or obligations of any bank, are not guaranteed by any bank, are not insured by the FDIC or any other agency, and involve investment risks, including possible loss of the principal amount invested.

Portfolio Proxy Voting Policies and Procedures

The Fund has adopted Portfolio Proxy Voting Policies and Procedures under which the Fund votes proxies relating to securities held by the Fund. A description of the Fund’s Portfolio Proxy Voting Policies and Procedures is available (i) without charge, upon request, by calling the Fund toll-free at 1-800-279-0279, (ii) on the Fund’s website at www.davisfunds.com, and (iii) on the SEC’s website at www.sec.gov.

In addition, the Fund is required to file Form N-PX, with its complete proxy voting record for the 12 months ended June 30th, no later than August 31st of each year. The Fund’s Form N-PX filing is available (i) without charge, upon request, by calling the Fund toll-free at 1-800-279-0279, (ii) on the Fund’s website at www.davisfunds.com, and (iii) on the SEC’s website at www.sec.gov.

Form N-Q

The Fund files its complete schedule of portfolio holdings with the SEC for the first and third quarters of each fiscal year on Form N-Q. The Fund’s Form N-Q is available without charge, upon request, by calling 1-800-279-0279, on the Fund’s website at www.davisfunds.com, and on the SEC’s website at www.sec.gov. The Fund’s Form N-Q may be reviewed and copied at the SEC’s Public Reference Room in Washington, D.C., and information on the operation of the Public Reference Room may be obtained by calling 1-800-SEC-0330.

Performance Overview

Davis Real Estate Portfolio outperformed the Wilshire U.S. Real Estate Securities Index ("Wilshire Index") for the six-month period ended June 30, 2018 (the "period"). The Fund delivered a total return of 2.27%, versus a 1.60% return for the Wilshire Index. The sub-industries¹ within the Wilshire Index that reported the strongest performance were Real Estate Operating Companies (up 24%), Hotel & Resort REITs (up 8%), and Industrial REITs (up 6%). The sub-industries within the Wilshire Index that reported the weakest performance were Retail REITs (down 3%), Diversified REITs (down 1%), and Office REITs (down less than 1%).

Contributors to Performance

The Fund's holdings in the Specialized REITs sub-industry made the most significant contribution² to performance. The Fund benefited from stock selection (up 6%, versus up 4% for the Wilshire Index) and from its overweight position in this sub-industry (21% average weighting, versus 17% average weighting for the Wilshire Index). Four of the Fund's Specialized REITs holdings were top performers for the period, including the largest contributor, *Extra Space Storage*³ (up 16%), *CubeSmart* (up 14%), *Public Storage* (up 11%), and *Life Storage* (up 12%).

The Fund likewise benefited from its stock selection and overweight position (average weighting of 15%, compared to 9% for the Wilshire Index) in the Industrial REITs sub-industry. Returns from the Fund's Industrial REITs holdings were up 8%, versus up 6% for the Wilshire Index. *DCT Industrial Trust* (up 15%), *Rexford Industrial Realty* (up 9%), *Terreno Realty* (up 8%), and *First Industrial Realty* (up 7%) were key contributors to performance.

The Fund's holdings in the Residential REITs sub-industry (up 3%, versus up 1% for the Wilshire Index) and Office REITs sub-industry (up 1%, compared with down less than 1% for the Wilshire Index) aided performance on both an absolute and relative basis. *Education Realty Trust* (up 28%), a new holding during the period from the Residential REITs sub-industry, helped performance.

LaSalle Hotel Properties (up 45%) from the Hotel & Resort REIT sub-industry was a top contributor to performance. *LaSalle Hotel Properties* was purchased and subsequently sold during the period.

Detractors from Performance

The Fund's Retail REITs holdings were the most significant detractor from performance on an absolute basis (down 2%). Five of the top ten detractors came from this sub-industry. They include *GGP* (down 12%), *Regency Centers* (down 9%), *Kimco Realty* (down 5%), *DDR* (down 20%), and *Cedar Realty Trust* (down 12%). The Fund no longer owns *DDR* or *Cedar Realty Trust*.

On a relative basis, the most important detractor from the Fund's performance was the Health Care REITs sub-industry. The Fund was significantly underweight (3% average weight, compared with 11% average weight for the Wilshire Index) and was hindered by stock selection in this sub-industry (down 6%, versus up 2% for the Wilshire Index). *Welltower* (down 16%) and *Ventas* (down 13%), both of which the Fund subsequently sold, were the two leading detractors for the period.

The Fund was hindered by not holding securities in the strongest performing sub-industry within the Wilshire Index, Real Estate Operating Companies. Likewise, while the Fund's holdings in the Hotel & Resort REITs sub-industry outperformed those of the Wilshire Index (up 16%, compared to up 8%), the Fund was hindered by its underweight position in the Hotel & Resort REITs sub-industry when compared to the Wilshire Index (average weighting of 2%, versus 7%).

Additional securities which weighed on performance included *CyrusOne* (down less than 1%) from the Specialized REITs sub-industry and *Brandywine Realty Trust* (down 5%) from the Office REITs sub-industry.

Davis Real Estate Portfolio's investment objective is total return through a combination of growth and income. There can be no assurance that the Fund will achieve its objective. Davis Real Estate Portfolio's principal risks are: common stock risk, fees and expenses risk, headline risk, large-capitalization companies risk, manager risk, mid- and small-capitalization companies risk, real estate risk, stock market risk, and variable current income risk. See the prospectus for a full description of each risk.

Davis Real Estate Portfolio concentrates its investments in the real estate sector, and it may be subject to greater risks than a fund that does not concentrate its investments in a particular sector. The Fund's investment performance, both good and bad, is expected to reflect the economic performance of the real estate sector more than a fund that does not concentrate its portfolio.

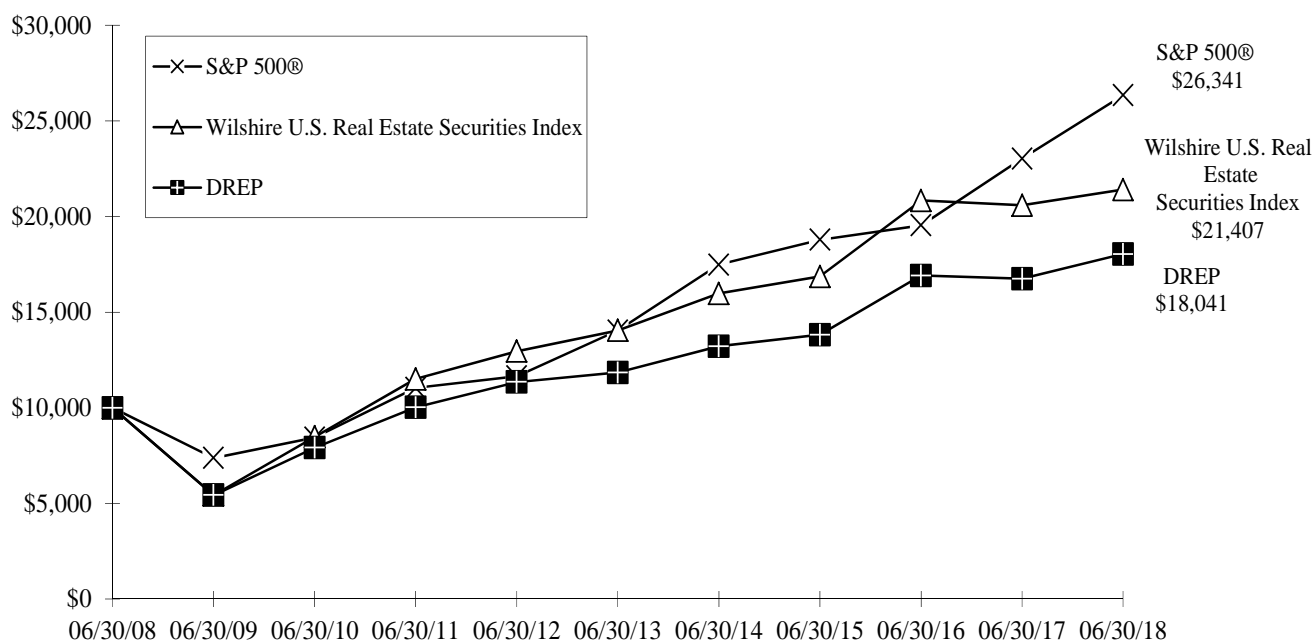

Past performance does not guarantee future results, Fund prices fluctuate, and the value of an investment may be worth more or less than the purchase price. Data provided in this performance overview is for the six-month period ended June 30, 2018, unless otherwise noted. Return figures for underlying Fund positions reflect the return of the security from the beginning of the period or the date of first purchase if subsequent thereto through the end of the period or the date the position is completely liquidated. The actual contribution to the Fund will vary based on a number of factors (e.g., trading activity, weighting). Portfolio holding information is as of the end of the six-month period, June 30, 2018, unless otherwise noted.

¹ The companies included in the Wilshire U.S. Real Estate Securities Index are divided into ten sub-industries.

² A company's or sector's contribution to or detraction from the Fund's performance is a product both of its appreciation or depreciation and its weighting within the Fund. For example, a 5% holding that rises 20% has twice as much impact as a 1% holding that rises 50%.

³ This Management Discussion of Fund Performance discusses a number of individual companies. The information provided in this report does not provide information reasonably sufficient upon which to base an investment decision and should not be considered a recommendation to purchase, sell, or hold any particular security. The Schedule of Investments lists the Fund's holdings of each company discussed.

COMPARISON OF A \$10,000 INVESTMENT IN DAVIS REAL ESTATE PORTFOLIO VERSUS THE STANDARD & POOR’S 500® INDEX AND THE WILSHIRE U.S. REAL ESTATE SECURITIES INDEX OVER 10 YEARS FOR AN INVESTMENT MADE ON JUNE 30, 2008

AVERAGE ANNUAL TOTAL RETURN FOR PERIODS ENDED JUNE 30, 2018

FUND & BENCHMARK INDICES	1-YEAR	5-YEAR	10-YEAR	SINCE FUND’S INCEPTION (07/01/99)	GROSS EXPENSE RATIO	NET EXPENSE RATIO
Davis Real Estate Portfolio	7.70%	8.78%	6.08%	8.58%	1.02%	1.00%
Standard & Poor’s 500® Index	14.37%	13.42%	10.17%	5.64%		
Wilshire U.S. Real Estate Securities Index	4.00%	8.80%	7.91%	10.38%		

The Standard & Poor’s 500® Index is an unmanaged index of 500 selected common stocks, most of which are listed on the New York Stock Exchange. The Index is adjusted for dividends, weighted towards stocks with large market capitalizations, and represents approximately two-thirds of the total market value of all domestic common stocks. Investments cannot be made directly in the Index.

The Wilshire U.S. Real Estate Securities Index is a broad measure of the performance of publicly traded real estate securities. It reflects no deduction for fees or expenses. Investments cannot be made directly in the Index.

The performance data quoted in this report represents past performance, assumes that all distributions were reinvested, and is not a guarantee of future results. The investment return and principal value will fluctuate so that shares may be worth more or less than their original cost when redeemed. Current performance may be higher or lower than performance data quoted. The operating expense ratios may vary in future years. For more recent month-end performance information, please call Investor Services at 1-800-279-0279 or visit the Fund’s website at www.davisfunds.com.

Fund performance numbers are net of all Fund operating expenses, but do not include any insurance charges imposed by your insurance company’s separate account. If performance included the effect of these additional charges, the return would be lower.

Extra Space Storage Inc.	Specialized REITs	2.59%
Camden Property Trust	Residential REITs	2.53%
Rexford Industrial Realty, Inc.	Industrial REITs	2.50%

As a shareholder of the Fund, you incur ongoing costs only, including advisory and administrative fees and other Fund expenses. The Expense Example is intended to help you understand your ongoing costs (in dollars) of investing in the Fund and to compare these costs with the ongoing costs of investing in other mutual funds. The Expense Example is based on an investment of \$1,000 invested at the beginning of the period and held for the entire period indicated, which for the Fund is for the six-month period ended June 30, 2018. Please note that the Expense Example is general and does not reflect charges imposed by your insurance company’s separate account or account specific costs, which may increase your total costs of investing in the Fund. If these charges or account specific costs were included in the Expense Example, the expenses would be higher.

Actual Expenses

The information represented in the row entitled “Actual” provides information about actual account values and actual expenses. You may use the information in this row, together with the amount you invested, to estimate the expenses that you paid over the period. Simply divide your account value by \$1,000 (for example, an \$8,600 account value divided by \$1,000 = 8.6), then multiply the result by the number under the heading “Expenses Paid During Period” to estimate the expenses you paid on your account during this period.

Hypothetical Example for Comparison Purposes

The information represented in the row entitled “Hypothetical” provides information about hypothetical account values and hypothetical expenses based on the Fund’s actual expense ratio and an assumed rate of return of 5% per year before expenses, which is not the Fund’s actual return. The hypothetical account values and expenses may not be used to estimate the actual ending account balance or expenses you paid for the period. You may use this information to compare the ongoing costs of investing in the Fund and other funds. To do so, compare this 5% hypothetical example with the 5% hypothetical examples that appear in the shareholder reports of the other funds.

Please note that the expenses shown in the table are meant to highlight your ongoing costs only. Therefore, the information in the row entitled “Hypothetical” is useful in comparing ongoing costs only, and will not help you determine the relative total costs of owning different funds.

	Beginning Account Value (01/01/18)	Ending Account Value (06/30/18)	Expenses Paid During Period* (01/01/18-06/30/18)
Actual	\$1,000.00	\$1,022.68	\$5.02
Hypothetical	\$1,000.00	\$1,019.84	\$5.01

Hypothetical assumes 5% annual return before expenses.

* Expenses are equal to the Fund’s annualized operating expense ratio (1.00%)**, multiplied by the average account value over the period, multiplied by 181/365 (to reflect the one-half year period).

** The expense ratio reflects the impact, if any, of certain reimbursements from the Adviser.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES

The Fund is a separate series of Davis Variable Account Fund, Inc. (a Maryland corporation), is registered under the Investment Company Act of 1940, as amended, as a diversified, open-end management investment company. The Fund follows the reporting guidance of the Financial Accounting Standards Board (“FASB”) *Accounting Standards Codification Topic 946, Financial Services – Investment Companies*. Only insurance companies, for the purpose of funding variable annuity or variable life insurance contracts, may purchase shares of the Fund. The Fund concentrates its investments in the real estate sector, and it may be subject to greater risks than a fund that does not concentrate its investments in a particular sector. The following is a summary of significant accounting policies followed by the Fund in the preparation of its financial statements.

Security Valuation - The Fund calculates the net asset value of its shares as of the close of the New York Stock Exchange (“Exchange”), normally 4:00 P.M. Eastern time, on each day the Exchange is open for business. Securities listed on the Exchange (and other national exchanges including NASDAQ) are valued at the last reported sales price on the day of valuation. Listed securities for which no sale was reported on that date are valued at the last quoted bid price. Securities traded on foreign exchanges are valued based upon the last sales price on the principal exchange on which the security is traded prior to the time when the Fund’s assets are valued. Securities (including restricted securities) for which market quotations are not readily available or securities whose values have been materially affected by what Davis Selected Advisers, L.P. (“Davis Advisers” or “Adviser”), the Fund’s investment adviser, identifies as a significant event occurring before the Fund’s assets are valued, but after the close of their respective exchanges will be fair valued using a fair valuation methodology applicable to the security type or the significant event as previously approved by the Fund’s Pricing Committee and Board of Directors. The Pricing Committee considers all facts it deems relevant that are reasonably available, through either public information or information available to the Adviser’s portfolio management team, when determining the fair value of a security. To assess the appropriateness of security valuations, the Adviser may consider (i) comparing prior day prices and/or prices of comparable securities; (ii) comparing sale prices to the prior or current day prices and challenge those prices exceeding certain tolerance levels with the third-party pricing service or broker source; (iii) new rounds of financing; (iv) the performance of the market or the issuer’s industry; (v) the liquidity of the security; (vi) the size of the holding in a fund; and/or (vii) any other appropriate information. The determination of a security’s fair value price often involves the consideration of a number of subjective factors and is therefore subject to the unavoidable risk that the value assigned to a security may be higher or lower than the security’s value would be if a reliable market quotation of the security was readily available. Fair value determinations are subject to review, approval, and ratification by the Fund’s Board of Directors at its next regularly scheduled meeting covering the period in which the fair valuation was determined.

Short-term securities purchased within 60 days to maturity are valued at amortized cost, which approximates market value.

The Fund’s valuation procedures are reviewed and subject to approval by the Board of Directors. There have been no significant changes to the fair valuation procedures during the period.

Fair Value Measurements - Fair value is defined as the price that the Fund would receive upon selling an investment in an orderly transaction to an independent buyer in the principal market for the investment. Various inputs are used to determine the fair value of the Fund’s investments. These inputs are summarized in the three broad levels listed below.

- Level 1 – quoted prices in active markets for identical securities
- Level 2 – other significant observable inputs (including quoted prices for similar investments, interest rates, prepayment speeds, credit risk, etc.)
- Level 3 – significant unobservable inputs (including the Fund’s own assumptions in determining the fair value of investments)

The inputs or methodologies used for valuing securities are not necessarily an indication of the risks associated with investing in those securities nor can it be assured that the Fund can obtain the fair value assigned to a security if it were to sell the security.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Fair Value Measurements - (Continued)

The following is a summary of the inputs used as of June 30, 2018 in valuing the Fund's investments carried at value:

	Investments in Securities at Value			Total
	Valuation Inputs			
	Level 1: Quoted Prices	Level 2: Other Significant Observable Inputs	Level 3: Significant Unobservable Inputs	
<u>Equity securities:</u>				
Information Technology	\$ 60,363	\$ –	\$ –	\$ 60,363
Real Estate	14,019,130	–	–	14,019,130
Short-term securities	–	270,000	–	270,000
Total Investments	\$ 14,079,493	\$ 270,000	\$ –	\$ 14,349,493

There were no transfers of investments between Level 1 and Level 2 of the fair value hierarchy during the six months ended June 30, 2018.

Master Repurchase Agreements - The Fund, along with other affiliated funds, may transfer uninvested cash balances into one or more master repurchase agreement accounts. These balances are invested in one or more repurchase agreements, secured by U.S. Government securities. A custodian bank holds securities pledged as collateral for repurchase agreements until the agreements mature. Each agreement requires that the market value of the collateral be sufficient to cover payments of interest and principal; however, in the event of default by the other party to the agreement, retention of the collateral may be subject to legal proceedings.

Currency Translation - The market values of all assets and liabilities denominated in foreign currencies are recorded in the financial statements after translation to the U.S. dollar based upon the mean between the bid and offered quotations of the currencies against U.S. dollars on the date of valuation. The cost basis of such assets and liabilities is determined based upon historical exchange rates. Income and expenses are translated at average exchange rates in effect as accrued or incurred.

Foreign Currency - The Fund may enter into forward purchases or sales of foreign currencies to hedge certain foreign currency denominated assets and liabilities against declines in market value relative to the U.S. dollar. Forward currency contracts are marked-to-market daily and the change in market value is recorded by the Fund as an unrealized gain or loss. When the forward currency contract is closed, the Fund records a realized gain or loss equal to the difference between the value of the forward currency contract at the time it was opened and value at the time it was closed. Investments in forward currency contracts may expose the Fund to risks resulting from unanticipated movements in foreign currency exchange rates or failure of the counter-party to the agreement to perform in accordance with the terms of the contract. There were no forward contracts entered into by the Fund.

Reported net realized foreign exchange gains or losses arise from the sales of foreign currencies, currency gains or losses realized between the trade and settlement dates on security transactions, the difference between the amounts of dividends, interest, and foreign withholding taxes recorded on the Fund's books, and the U.S. dollar equivalent of the amounts actually received or paid. Net unrealized foreign exchange gains or losses arise from changes in the value of assets and liabilities other than investments in securities at fiscal year end, resulting from changes in the exchange rate. The Fund includes foreign currency gains and losses realized on the sales of investments together with market gains and losses on such investments in the Statement of Operations.

NOTE 1 - SUMMARY OF SIGNIFICANT ACCOUNTING POLICIES – (CONTINUED)

Federal Income Taxes - It is the Fund's policy to comply with the requirements of the Internal Revenue Code applicable to regulated investment companies, and to distribute substantially all of its taxable income, including any net realized gains on investments not offset by loss carryovers, to shareholders. Therefore, no provision for federal income or excise tax is required. The Adviser analyzed the Fund's tax positions taken on federal and state income tax returns for all open tax years and concluded that as of June 30, 2018, no provision for income tax is required in the Fund's financial statements related to these tax positions. The Fund's federal and state (Arizona) income and federal excise tax returns for tax years for which the applicable statutes of limitations have not expired are subject to examination by the Internal Revenue Service and state Department of Revenue. The earliest tax year that remains subject to examination by these jurisdictions is 2014.

At June 30, 2018, the unrealized appreciation (depreciation) and aggregate cost of investments for federal income tax purposes were as follows:

Unrealized appreciation	\$	2,099,963
Unrealized depreciation		(217,230)
Net unrealized appreciation	\$	<u>1,882,733</u>
Aggregate cost	\$	12,466,760

Securities Transactions and Related Investment Income - Securities transactions are accounted for on the trade date (date the order to buy or sell is executed) with realized gain or loss on the sale of securities being determined based upon identified cost. Dividend income is recorded on the ex-dividend date. Dividend income from REIT securities may include return of capital. Upon notification from the issuer, the amount of the return of capital is reclassified to adjust dividend income, reduce the cost basis, and/or adjust realized gain/loss. Interest income, which includes accretion of discount and amortization of premium, is accrued as earned.

Dividends and Distributions to Shareholders - Dividends and distributions to shareholders are recorded on the ex-dividend date. Net investment income (loss), net realized gains (losses), and net unrealized appreciation (depreciation) on investments may differ for financial statement and tax purposes primarily due to differing treatments of wash sales, Directors' deferred compensation payments, and foreign currency transactions. The character of dividends and distributions made during the fiscal year from net investment income and net realized securities gains may differ from their ultimate characterization for federal income tax purposes. Also, due to the timing of dividends and distributions, the fiscal year in which amounts are distributed may differ from the fiscal year in which income or realized gain was recorded by the Fund. The Fund adjusts certain components of capital to reflect permanent differences between financial statement amounts and net income and realized gains/losses determined in accordance with income tax rules.

Indemnification - Under the Fund's organizational documents, its officers and directors are indemnified against certain liabilities arising out of the performance of their duties to the Fund. In addition, some of the Fund's contracts with its service providers contain general indemnification clauses. The Fund's maximum exposure under these arrangements is unknown since the amount of any future claims that may be made against the Fund cannot be determined and the Fund has no historical basis for predicting the likelihood of any such claims.

Use of Estimates in Financial Statements - In preparing financial statements in conformity with accounting principles generally accepted in the United States of America, management makes estimates and assumptions that affect the reported amounts of assets and liabilities and disclosure of contingent assets and liabilities at the date of the financial statements, as well as the reported amounts of income and expenses during the reporting period. Actual results may differ from these estimates.

Directors Fees and Expenses - The Fund set up a Rabbi Trust to provide for the deferred compensation plan for Independent Directors that enables them to elect to defer receipt of all or a portion of annual fees they are entitled to receive. The value of an eligible Director's account is based upon years of service and fees paid to each Director during the years of service. The amount paid to the Director by the Trust under the plan will be determined based upon the performance of the Davis Funds in which the amounts are invested.

NOTE 2 - PURCHASES AND SALES OF SECURITIES

The cost of purchases and proceeds from sales of investment securities (excluding short-term securities) during the six months ended June 30, 2018 were \$2,347,848 and \$3,158,945, respectively.

NOTE 3 - FEES AND OTHER TRANSACTIONS WITH SERVICE PROVIDERS (INCLUDING AFFILIATES)

Davis Selected Advisers-NY, Inc. (“DSA-NY”), a wholly-owned subsidiary of the Adviser, acts as sub-adviser to the Fund. DSA-NY performs research and portfolio management services for the Fund under a Sub-Advisory Agreement with the Adviser. The Fund pays no fees directly to DSA-NY.

All officers of the Fund (including Interested Directors) hold positions as executive officers with the Adviser or its affiliates.

Investment Advisory Fees and Reimbursement of Expenses - Advisory fees are paid monthly to the Adviser at an annual rate of 0.55% of the Fund’s average net assets. The Adviser is contractually committed to waive fees and/or reimburse the Fund’s expenses to the extent necessary to cap total annual Fund operating expenses at 1.00% until May 1, 2019. During the period ended June 30, 2018, such reimbursement amounted to \$1,500 and is not subject to future recoupment.

Accounting Fees - State Street Bank and Trust Company (“State Street Bank”) is the Fund’s primary accounting provider. Fees for accounting services are included in the custodian fees as State Street Bank also serves as the Fund’s custodian. The Adviser is also paid for certain accounting services. The fee paid to the Adviser for these services during the six months ended June 30, 2018 amounted to \$1,002.

NOTE 4 - CAPITAL STOCK

At June 30, 2018, there were 500 million shares of capital stock (\$0.001 par value per share) authorized. Transactions in capital stock were as follows:

	Six months ended June 30, 2018 (Unaudited)			
	Sold	Reinvestment of Distributions	Redeemed	Net Decrease
Shares:	12,804	8,134	(113,416)	(92,478)
Value:	\$ 180,430	\$ 116,077	\$ (1,597,594)	\$ (1,301,087)

	Year ended December 31, 2017			
	Sold	Reinvestment of Distributions	Redeemed	Net Decrease
Shares:	40,639	48,097	(281,463)	(192,727)
Value:	\$ 597,438	\$ 710,074	\$ (4,146,448)	\$ (2,838,936)

NOTE 5 - BANK BORROWINGS

The Fund may borrow up to 5% of its assets from a bank to purchase portfolio securities, or for temporary and emergency purposes. The purchase of securities with borrowed funds creates leverage in the Fund. The Fund has entered into an agreement, which enables it to participate with certain other funds managed by the Adviser in an unsecured line of credit with a bank, which permits borrowings of up to \$50 million, collectively. Interest is charged based on its borrowings, at a rate equal to the higher of the Federal Funds Rate or the one month LIBOR Rate, plus 1.25%. The Fund had no borrowings during the six months ended June 30, 2018.

DAVIS REAL ESTATE PORTFOLIO

Financial Highlights

The following financial information represents selected data for each share of capital stock outstanding throughout each period:

	Six months ended June 30, 2018 (Unaudited)	Year ended December 31,				
		2017	2016	2015	2014	2013
Net Asset Value, Beginning of Period	\$ 14.85	\$ 14.36	\$ 13.31	\$ 13.31	\$ 10.56	\$ 10.83
Income (Loss) from Investment Operations:						
Net Investment Income	0.19 ^a	0.22 ^a	0.18 ^a	0.14 ^a	0.17	0.19
Net Realized and Unrealized Gains (Losses)	0.14	0.96	1.11	0.08	2.73	(0.33)
Total from Investment Operations	0.33	1.18	1.29	0.22	2.90	(0.14)
Dividends and Distributions:						
Dividends from Net Investment Income	(0.12)	(0.18)	(0.24)	(0.22)	(0.15)	(0.13)
Distributions from Realized Gains	–	(0.51)	–	–	–	–
Total Dividends and Distributions	(0.12)	(0.69)	(0.24)	(0.22)	(0.15)	(0.13)
Net Asset Value, End of Period	\$ 15.06	\$ 14.85	\$ 14.36	\$ 13.31	\$ 13.31	\$ 10.56
Total Return ^b	2.27%	8.25%	9.70%	1.65%	27.54%	(1.32)%
Ratios/Supplemental Data:						
Net Assets, End of Period (in thousands)	\$ 14,431	\$ 15,602	\$ 17,855	\$ 17,921	\$ 26,137	\$ 22,011
Ratio of Expenses to Average Net Assets:						
Gross	1.02% ^c	0.93%	0.87%	0.85%	0.81%	0.81%
Net ^d	1.00% ^c	0.93%	0.74%	0.85%	0.81%	0.81%
Ratio of Net Investment Income to Average Net Assets	2.73% ^c	1.50%	1.29%	1.02%	1.34%	1.52%
Portfolio Turnover Rate ^e	17%	22%	55%	95%	54%	73%

a Per share calculations were based on average shares outstanding for the period.

b Assumes hypothetical initial investment on the business day before the first day of the fiscal period, with all dividends and distributions reinvested in additional shares on the reinvestment date, and redemption at the net asset value calculated on the last business day of the fiscal period. Total returns are not annualized for periods of less than one year and do not reflect charges attributable to your insurance company's separate account. Inclusion of these charges would reduce the total returns shown.

c Annualized.

d The Net Ratio of Expenses to Average Net Assets reflects the impact, if any, of certain reimbursements.

e The lesser of purchases or sales of portfolio securities for a period, divided by the monthly average of the market value of portfolio securities owned during the period. Securities with a maturity or expiration date at the time of acquisition of one year or less are excluded from the calculation.

See Notes to Financial Statements

Process of Annual Review

The Board of Directors of the Davis Funds oversees the management of each Davis Fund and, as required by law, determines annually whether to approve the continuance of each Davis Fund's advisory agreement with Davis Selected Advisers, L.P. and sub-advisory agreement with Davis Selected Advisers-NY, Inc. (jointly "Davis Advisors" and "Advisory Agreements").

With the assistance of counsel to the Independent Directors, the Independent Directors undertook a comprehensive review process in anticipation of their annual contract review meeting, held in March 2018. As part of this process, Davis Advisors provided the Independent Directors with material (including recent investment performance data) that was responsive to questions submitted to Davis Advisors by the Independent Directors. At this meeting, the Independent Directors reviewed and evaluated all information which they deemed reasonably necessary under the circumstances and were provided guidance by their independent counsel. In reaching their decision, the Independent Directors also took into account information furnished to them throughout the year and otherwise provided to them during their quarterly meetings or through other prior communications. The Independent Directors concluded that they had been supplied with sufficient information and data to analyze the Advisory Agreements and that their questions had been sufficiently answered by Davis Advisors. Upon completion of this review, the Independent Directors found that the terms of the Advisory Agreements were fair and reasonable and that continuation of the Advisory Agreements was in the best interests of Davis Real Estate Portfolio and its shareholders.

Reasons the Independent Directors Approved Continuation of the Advisory Agreements

The Independent Directors' determinations were based upon a comprehensive consideration of all information provided to them, and they did not identify any single item or piece of information as the controlling factor. Each Independent Director did not necessarily attribute the same weight to each factor. The following facts and conclusions were important, but not exclusive, to the Independent Directors' recommendation to renew the Advisory Agreements.

The Independent Directors considered the investment performance of the Fund on an absolute basis, as well as relative to its benchmark and other comparable funds. The Independent Directors not only considered the investment performance of the Fund, but also the full range and quality of services provided by Davis Advisors to the Fund and its shareholders, including whether the Fund:

1. Achieves satisfactory investment results over the long-term, after all costs;
2. Efficiently and effectively handles shareholder transactions, inquiries, requests and records, provides quality accounting, legal and compliance services, and oversees third-party service providers; and
3. Fosters healthy investor behavior.

Davis Advisors is reimbursed a portion of its costs in providing some, but not all, of these services.

A shareholder's ultimate return is the product of a fund's results, as well as the shareholder's behavior, specifically in selecting when to invest or redeem. The Independent Directors concluded that, through its actions and communications, Davis Advisors has attempted to have a meaningful, positive impact on investor behavior.

In aggregate, Davis Advisors, employees of Davis Advisors, and the Davis family have made significant investments in the Funds. The Independent Directors considered that these investments tends to align Davis Advisors', Davis Advisors' employees, and Davis family's interests with other shareholders, as they face the same risks, pay the same fees, and are motivated to achieve satisfactory long-term returns.

The Independent Directors noted the importance of reviewing quantitative measures, but recognized that qualitative factors are also important in assessing whether Davis Funds' shareholders are likely to be well served by the renewal of the Advisory Agreements. They noted both the value and shortcomings of purely quantitative measures, including the data provided by independent service providers, and concluded that, while such measures and data may be informative, the judgment of the Independent Directors must take many factors into consideration in representing the shareholders of the Davis Funds, including those listed below. In connection with reviewing comparative performance information, the Independent Directors generally give greater weight to longer-term measurements.

Reasons the Independent Directors Approved Continuation of the Advisory Agreements – (Continued)

The Independent Directors noted that Davis Advisors employs a disciplined, company-specific, research-driven, businesslike, long-term investment philosophy. The Independent Directors considered the quality of Davis Advisors' investment process as well as the experience, capability and integrity of its senior management and other personnel.

The Independent Directors recognized Davis Advisors' (a) efforts to minimize transaction costs by generally having a long-term time horizon and low portfolio turnover; (b) record of generally producing satisfactory results over longer-term periods; (c) efforts towards fostering healthy investor behavior by, among other things, providing informative and substantial educational material; and (d) efforts to promote shareholder interests by actively speaking out on corporate governance issues.

The Independent Directors assessed (a) comparative fee and expense information for other funds, as selected and analyzed by a nationally recognized independent service provider; (b) information regarding fees charged by Davis Advisors to other advisory clients, which includes other funds it advises, other funds which it sub-advises, and private accounts, as well as the differences in the services provided to such other clients; and (c) the fee schedule of the Fund, including an assessment of competitive fee schedules.

The Independent Directors reviewed the management fee schedule for the Fund, profitability of the Fund to Davis Advisors, the extent to which economies of scale might be realized if the Fund's net assets increase, and whether the fee schedule should reflect those potential economies of scale at this time. The Independent Directors considered the nature, quality, and extent of the services being provided to the Fund and the costs incurred by Davis Advisors in providing such services. The Independent Directors considered various potential benefits that Davis Advisors may receive in connection with the services it provides under the Advisory Agreements with the Fund, including a review of portfolio brokerage practices. The Independent Directors noted that Davis Advisors does not use client commissions to pay for publications that are available to the general public or for research reports that are created by parties other than the broker-dealers providing trade execution, clearing and/or settlement services to the Fund.

The Independent Directors compared the fees paid to Davis Advisors by the Davis Funds with those paid by Davis Advisors' sub-advised clients, private account clients, and managed money/wrap clients. To the extent sub-advised or private account fees were lower than fees paid by the Fund, the Independent Directors noted that the range of services provided to the Fund is more extensive, with greater risks associated with operating SEC registered, publicly traded mutual funds. Serving as the primary adviser for mutual funds is more work because of the complex overlay of regulatory, tax, and accounting issues, which are unique to mutual funds. In addition, the operational work required to service shareholders is more extensive because of the significantly greater number of shareholders, and managing trading is more complex because of more frequent fund flows. With respect to risk, not only has regulation become more complex and burdensome, but the scrutiny of regulators and shareholders has become more intense. The Independent Directors concluded that reasonable justifications existed for the differences between the fee rates for the Fund and Davis Advisors' other lines of business.

The Independent Directors noted that Davis Real Estate Portfolio underperformed its benchmark, the Wilshire U.S. Real Estate Securities Index, over the ten-year time period, as well as since its inception on July 1, 1999, but outperformed the Wilshire U.S. Real Estate Securities Index over the one-, three-, and five-year time periods, all periods ended February 28, 2018. In reviewing the performance, the Directors considered that the Fund is able to invest a limited amount of assets outside of REITs, while the Wilshire U.S. Real Estate Securities Index, as well as other funds provided in the reports, are primarily REIT-only funds.

Broadridge, an independent service provider, presented a report to the Independent Directors that compared the Fund to all Lipper real estate funds underlying variable insurance products (the "Performance Universe Average"), as well as the relevant Lipper Index. The report indicated that the Fund outperformed the Performance Universe Average and the Lipper Index over the one-, two-, three-, four- and five-year time periods, but underperformed both during the ten-year time period, all periods ended December 31, 2017.

The Independent Directors also reviewed the Fund's performance when measured over rolling five- and ten-year time frames. The Fund outperformed the Wilshire U.S. Real Estate Securities Index in 1 out of 15 rolling five-year time periods and outperformed the Morningstar U.S. Insurance Real Estate category in 3 out of 15 rolling five-year time periods, all periods ended December 31 for each year from 2003 through 2017. The Fund underperformed the Wilshire U.S. Real Estate Securities Index and Morningstar U.S. Insurance Real Estate category in 10 out of 10 rolling ten-year time periods, all periods ended December 31 for each year from 2008 through 2017.

Reasons the Independent Directors Approved Continuation of the Advisory Agreements – (Continued)

The Independent Directors considered Davis Real Estate Portfolio's management fee and total expense ratio. They observed that both were reasonable and below the average and median of its peer group, as determined by Broadridge. The Independent Directors also noted that the Adviser has capped expenses through May 1, 2019.

Approval of Advisory Agreements

The Independent Directors concluded that Davis Advisors had provided Davis Real Estate Portfolio and its shareholders a reasonable level of both investment and non-investment services. The Independent Directors further concluded that shareholders have received a significant benefit from Davis Advisors' shareholder-oriented approach, as well as the execution of its investment discipline.

The Independent Directors determined that the advisory fee for Davis Real Estate Portfolio was reasonable in light of the nature, quality, and extent of the services being provided to the Fund, the costs incurred by Davis Advisors in providing such service, and in comparison to the range of the average advisory fees of its peer group, as determined by an independent service provider. The Independent Directors found that the terms of the Advisory Agreements are fair and reasonable and that continuation of the Advisory Agreements is in the best interests of the Fund and its shareholders. The Independent Directors and the full Board of Directors therefore voted to continue the Advisory Agreements.

DAVIS REAL ESTATE PORTFOLIO

Directors and Officers

For the purpose of their service as directors to the Davis Funds, the business address for each of the directors is 2949 E. Elvira Road, Suite 101, Tucson, AZ 85756. Each Director serves until their retirement, resignation, death, or removal. Subject to exceptions and exemptions, which may be granted by the Independent Directors, Directors must retire at the close of business on the last day of the calendar year in which the Director attains age seventy-eight (78).
